

PRETTY WEDDING IN ROOSEVELT DISTRICT

On Wednesday at 11:00 A. M. H. E. Austen and Miss Ina Burch were united in marriage at the home of the bride, adjacent to Neighborhood House.

The house was decorated with Spencer sweet peas and Dorothy Perkins roses. Joan Wilkinson acted as flower girl and Allan Wilkinson and Miss Ina Austen were respectively best man and bridesmaid.

Mr. and Mrs. Austen are two of the most popular young people on the South Side. The groom was a pioneer in the Tempe road, building his home on Highland Road when that thoroughfare was merely a trail through the alfalfa and there were but two or three other houses in the neighborhood.

Their honeymoon is to be unique indeed. They are journeying by means of "Ye Prairie Schooner" to the land of the Roosevelt Dam and the cliff dwellers beyond there to spend about ten days in the cool breezes from the lake in whatever pastime that presents itself most invitingly.

COMRADE BIBLE CLASS MEETING

The Comrade Bible Class held a business and social meeting Tuesday evening of this week at the Neighborhood House. Out of a total charter membership of forty-eight there were twenty present.

TO USE WINGED TORPEDOES

England Has A New Defense Against Zeppelin Attacks

The British have a new war terror—the aerial torpedo.

Winged torpedoes are now being experimented with in England, and it is expected that when the summer brings Zeppelin attacks on London the wireless controlled aeroplanes will be ready to carry their message of death.

The British got their idea from the wireless controlled torpedo invented by John Hays Hammond, jr. and being tested by United States army officers.

If the wireless will control a torpedo in its course over the water, it can be made to do the same for an aeroplane, the British engineers believe, and they have set out to prove it.

A small monoplane, the body of which is a torpedo carrying a heavy and easily ignited charge, equipped with a light motor, propeller and rudders, all governed by an apparatus sensitive to wireless waves, is the plan.

After being launched into the air the monoplane is entirely in the hands of an observer located aloft in an ordinary monoplane.

This lookout could direct its flight in any direction, making it follow the course of a Zeppelin until impact evokes its charge and sent the dirigible to its doom.

For night work the torpedoes will be covered with phosphorescent paint which will permit the officer in the aeroplane to keep it in sight.

It has been pointed out that the construction and engine of such a machine can be proportionately much lighter than an aeroplane—40 per cent lighter, in fact. This permits of it carrying a powerful charge of explosive.

It has been further suggested that the same kind of machine, if it is successful, could be dropped over battle-ships, or on the gigantic siege guns of the Germans.—From the Chicago Post.

AMUSEMENTS SPECIAL PROGRAM DECORATION DAY

With Decoration day only a few days off plans are forming for a special observance of it at Riverside Park. On Saturday afternoon there will be a number of attractions and on Sunday a program is being arranged of a more serious nature and it is expected that the G. A. R., the Confederate Veterans and the Spanish American veterans will take a prominent part in it.

On Monday there will be great doings, so arranged as not to interfere with the motorcycle races; but at the same time offering plenty of entertainment before and after the races and agreeable amusement for all those who don't care for the whizz of the buzz buggies at the fair grounds. Full details of the event will be printed tomorrow.

For tonight there will be an entirely new movie program with some excellent features and in the dancing pavilion there will be a number of special stunts.

These are the days when the big pool comes into its own. Like the dance pavilion it is more popular this season than ever, and although the weather has been unusually cool, it has been patronized by greater numbers than ever before.

New additions are being made to the zoo daily, and the boy out of school can get a good price for any rattle snakes he may happen to capture on his vacation jaunts.

UNIVERSAL FEATURES AT THE COLUMBIA

This is one of the Universal days at the Columbia and the program will consist of a diversified arrangement of that company's best offerings. The feature however will be "The Faith of Her Fathers" and adaptation from the well known story "A Daughter of Israel" with Cleo Madison in the leading role.

In this particular drama she has been given new and numerous opportunities to display that ability which everyone knows she possesses. It is predicted that this film will prove to be one of the strongest cards that has yet been seen at the Columbia. In addition to the above there will be three other excellent reels: "The Lady Doctor of Grizzly Gulch" and "When Her Idol Fell," supplying the comedy. A Powers drama, "In the Hills Beyond," is also included. The matinee will start this afternoon at 2:00.

Good Show at Empress

The main feature at the Empress tonight and tomorrow night will be "Deadly Hate," a three-part Edison in which Marc MacDermott takes the leading part, playing the dual role of twin brothers. This is his first appearance at the Empress for some time.

"Warrens of Virginia" at Arizona

In every way up to the advance notices "The Warrens of Virginia" scored heavily at the Arizona theater last night. There are many changes from the stage version in the picture play, due to the possibility of showing the great battle scenes which were only hinted at in the original. These battle pictures were remarkably staged and make a tremendous impression on the audience. The story loses none of its interest or attractiveness in the picture and the parts are all well handled.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring back color, gloss and thickness with Grandma's recipe of Sage and Sulphur.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or dark, glossy, soft and luxuriant and you appear years younger.

promised much that was interesting and attractive to come.

"Who Pays" at Lamara

The second of the series of pictures on the vital questions of life, which are running under the general title of "Who Pays?" will be shown at the Lamara theater today and tomorrow. This installment is called "The Pursuit of Pleasure" and tells of a woman who pursued pleasure rather than following the time-honored pursuit of woman—children and the home.

The fifth installment of the "Exploits of Elaine" is also a part of the program. It is called "The Serpent Sign" and in it Wu Fang takes the first important part in the series. Wu Fang in real life is Edwin Arden, a well known actor.

The Coliseum

"Other People's Money" will be the change of bill that will be committed at the Coliseum by the House and Allard company, now producing laughs and at the big iron house on north First street.

The musical numbers of the new bill are said to be exceptionally clever, but this remains to be proven to the audience tonight.

Toby House, who weighs 350 and 7 ounces "riverside" allows that if he don't produce several more laughs than he has been doing for the past few weeks, he will go out and take a leading role at Florence in a day or so.

The rest of the company have been helping to hold up their end of the show, and with the change of bill will again have a chance to show in their ability to advantage.

Sid Chaplin in Comedy at Lion

To attempt to describe "Gussie's Day of Rest" the two reel comedy in which Sid Chaplin, a brother of Charles Chaplin, takes the lead, is simply out of the question, for it is a riot in every sense of the word and is one of the funniest comedies seen this year. There are six reels on the program at the Lion theater today and in addition to "Gussie's Day of Rest" there is a splendid two-reel picture entitled "Dr. Jim," in which Fred Buns, Catherine Henry and Vesta Ferry play the leading parts supported by a strong cast of Malestic players. "The Jewelled Dagger of Fate," a strong Rehearsal

PUTTING IRON SPRINGS IN SHAPE FOR OPENING

In preparation for the opening early next month, officers of the Iron Springs Outing Club are busily engaged in putting everything at the popular Yavapai resort in shape for

A. Elwell, of the Elwell Grocery company of this city, and Mr. Olin will do the teaming and look after the hauling of supplies. A larger number of the club members than usual are intending to spend a part of their summer vacation at Iron Springs, several who did not go there last summer having announced their intention of being on hand early this year. There will however, be a few desirable cottages for rent as usual.

Post Office, Store Dining Room, at Iron Springs

the summer. Already arrangements have been made for the maintenance of the dining room, which will be in charge of people of wide experience in this line. The store and post office will be in charge of Leo

drama, and a Beauty comedy called "The Once Over," in which Virginia Kirby plays the lead concludes the program, which is an excellent one from every standpoint. The Lion announces for Friday and Saturday another Mutual Masterpicture, "The Devil," in which Bessie Barriscale and Edward Connelley play the leads. Those that saw "The Outcast" may expect its equal in "The Devil."

English Visitor—Did you ever know of an American having an old family servant?

American Hostess—O course. Why, I have a cook that has been with me for over a month!—Philadelphia Bulletin.

"Pop, how do the people in the Weather Bureau find out what kind of weather we're going to have?" "They don't, son."—Philadelphia Public Ledger.

The store will be ready for business about June 7th, the station will be open June 10th, and it is supposed that the post office will be ready to do business with the public about June 15th.

FLOUR FLOUR FLOUR

Flour is higher and still advancing. We have two carloads that we are going to sell at the old price, during the next ten days. Don't delay, order now. Every sack guaranteed or money refunded.

Large sack Moses Best Kansas Hard Wheat Flour, very best on market \$2.25
