Score Would Have Been Much Larger But for Frequent Timely Tightening of Knight and His Teammates—Hall's "Squeeze"

BY LYLE ABBOTT

Way back yonder in history, there was a race of people, living in the Arabian peninsula. Once, they went over into Egypt and copped the ponies for several years, until finally the combination was lost, and like unto Connie Mack's ball club, they descended into the cellar division of history.

From this race of people, all good pitchers are descended. Even in those ancient times, they had a distinctive name, and the sporting writers on the Nineteenth, the Thebes Examiner and other leading dailies, dubbed them the Hi-tites.

A Hi-tite came out upon the ball diamond yesterday and pitched for Phoenix. He shut out the Tucsonians for the second time. It has been done this week, and registered the third grand-slam hit in the Riverside back yard since the Mackmen came to town.

Herb Hall was so stinky yesterday that he never did let anybody get third base on him. True, he issued a pair of walks, but that was in a moment of absent-mindedness. Had he been thinking, his miserly instincts would certainly have asserted themselves. Likewise, some errors permitted other El Paso folks to sojourn briefly on at least two of the sacks, but when once established, they were compelled to stay put. Under the circumstances, their behav-

SUMMARY
 Sacrifice hits—Hall, Nutt; two base hits—McArdle, Dowling, Nutt; double play—Dowling to McArdle to Hester; bases on balls—off Knight 1, off Hester 2; struck out—by Knight 2, by Hall 5; tossed ball—Lynn 2; Bills 1; time of game—1:25; umpire—Kane.

View was marvellous. Usually when one is the victim of such cruel treatment, one throws all blame to the winds and begins stealing things—bases in this instance. It is likewise true that Byrd Lynn so far forgot himself to have a brace of passed balls. But in excusing Byrd's misbehavior, it may be said that he reasoned one perfect batterman was enough in one game.

Let us use the back spacer and go back and tell something about what the rest of the Phoenixians were doing while Hall was predominating over the visiting hitters. (Note—that

Fleharty Holds Tucson Rally Safe In The 9th

Pueblos Come Within One of Tying, But Fatty Goes in With Bases Full and One Down—Allows But One Run

(Special to The Republican.)

ALBUQUERQUE, June 5.—It was a slugging match. Tucson came near tying the score in the ninth when the visiting batsmen began hitting irrationally. Fleharty received the ball with one down and bases full and but one run was made off him. Slagle, who started for Tucson, was taken out in the eighth when he beamed French.

French was back in the game when the Duke returned to the field. All the pitchers worked fast and the game lasted only 1:45 despite the free hitting and large number of runs. It has been a hard luck week for both clubs. Trekel and Stroloff are ill. Callan was injured but is back in the game with a bandaged hand. "Lefty" Russell of the defunct Las Cruces club is to join Albuquerque tomorrow, Stevens being released. Hestman got his fourth home run of the season today.

SPORT COMMENT

Feeling right, chesty over his remarkable ride in the 200-mile motorcycle race, Harry Crandall spotted a race meet in Tucson today and took his departure yesterday morning on his road machine to have a try at it. There will be a five and a fifteen mile race in which Harry may enter. He will ride his Harley-Davidson, for which he has secured the racing equipment of the machine he used in the two-century race.

Jawn Berg, formerly of Phoenix, now Harley Agent at Tucson is framing it to do a lot of warm competing in the race, which will be pulled on the same three mile course used for the 100 mile auto race March 21 during the Southern Arizona Fair.

After having decisively whipped the Senators twice this week, the El Pasoans have now gone 18 innings without a run and with only four hits. But this is the way of baseball. We had it all doped out to get licked yesterday. Flipping that the tail-enders always larrap the league leaders, Phoenix deserved the Friday victory, for upon that unlucky day, the Solons were at the bottom and El Paso at the top. Tucson's defeat the same day let the locals into second place.

Today is a chance to decide the series. If Phoenix wins, it is four to two in their favor, and if the Mackmen lose, the six games will be split. Big Ed McCreery is the pitching person for the locals and according to all the laws of rotation, Sammy Reer, the nature faking and even tempered kid is to oppose him.

Twenty nine hits in two games looks as though the Senators had kissed the old batting slump a fond farewell.

When Garry Herman announced that the baseball magnates must reduce salaries, he said something. The end of baseball troubles is not in sight.

It shall be the aim of our young life for the next few weeks, to induce Louis Baswitz, J. C. Adams, Power Conway and other of our nautically inclined friends to stage a power boat race on Lake Roosevelt. With half a dozen launches, there is no reason why somebody can't get jealous of the speed of somebody else's craft. In the name of sport, therefore, it will be forgiven that one stimulates the evil emotion.

Today's game will be started half an hour early—at 3:00 sharp—in order that the Senators may grab the cars for Albuquerque, where they play next week. The fact that Kane is probably going with the Solons makes it evident that if there is any superiority among the Lawmakers, it will be effective against the bullies. El Paso and Tucson will both be traveling today; they open in El Paso Tuesday.

The rumor persisted about town last night that Pitcher Hall had been sold, or was about to be sold to Kansas City in the American Association. According to an unofficial announcement by the Phoenix manager, "Money" Mundorf, outfielder for San Francisco for a number of years and for two seasons leading Coast league hitter, had been purchased by Hester and would join the Solons at Albuquerque.

NO PEACE FOR UMP'S EVEN OUT OF GAME

Out on the Pacific coast they have "umpire days" when nothing but kind words and presents are supposed to be handed the arbitrators, but even so, the irrefragable player must have his say, as indicated in this story told by Del Howard:
 "We were playing at Portland in the opening game, when affairs were halted so that some flowers could be presented to Jack McCarthy. The boys gathered around as usual to make a ceremony. McCarthy buttoned right into the circle and insisted on shaking hands with the umpire.
 "Jack," he said, "I never heard of a live one getting flowers, so here's good-bye."
 "Of course, that spoiled the whole affair, and the boys rode Jack for some time and won't let him forget it."

Another effort is being made to start a national boxing organization, to curb unearned championship claims. The idea brings no enthusiasm from the mitt stars.
 Eddie McGorty is on his way to Australia, where he will meet Jeff Smith, Mick King and Les Darcey. Eddie made many friends in the Antipodes on his first trip.
 The aspiring cup defenders Resolute and Xantite will appear in the New York Yacht Club regatta on June 22, despite the opposition of Tom Lipton that these trials give the defender an advantage.

CRY OF "STAY COWBOY" LURES THRILL SEEKER TO PRESCOTT

"Stay Cowboy," the slogan of the auto and motorcycle racing will be Prescott Frontier celebration July 3, 4 and 5th, may mean several different things all at the same time. Prior to the celebration, which is just at the present time, it is through at the punchers to get them to "come up a mile and ride awhile," but at the celebration, it is used mainly when a stalwart rider mounts a particularly vicious brute imbued with the idea that no mere man can stay on the days will be reverted to. The course is already being prepared for the speed dike. Some of the best drivers in the state and adjoining territory are sure coming. Special rates on the Santa Fa are being negotiated, and Prescott is bound to keep up their record of showing all visitors a big grand time. The by gone period of the old catch-

"Ride 'em cowboy, ride 'em ragged"

him, to aid said mere man to stay on the fractious quadruped. Usually he stays at least for a few moments, but occasionally both his pride and person suffer a severe fall, and another earth is embraced with fond rapture.
 One long piercing look at the above cut will serve to advise all thrill-seekers, what is to be expected at the Frontier Celebration in the mile-up-in-the-air-city next Fourth. In addition to the riding, which will be only a minor portion of the events,

ers in all the gala regalia so dear to their hearts, will be seen rubbing bellows with the latest thing in racing togs, and palm beach suits. All Arizona is expected to pay homage to the horse and harrier of the hardy horseman, who do their share to keep the state in beef.
 It is expected that a special train will be run from here, in addition to which many will make the trip on two wheelers and autos. Good care will be taken of all the committee in charge hasten to assure that.

\$5,450 Per Day

Spent to Fortify Goodyear Tires

Our experts say: "If Goodyear tires were built like some others, our saving would be \$1,635,000 per year—\$5,450 per day."

The difference would hardly be visible when the tire is complete. But it would probably cost our users a million dollars monthly.

Better Still

But, instead of skipping Goodyear tires, we are building them better still.

Goodyear Fortified tires, for many years, have embodied five costly features exclusive to these tires. We still employ them all.

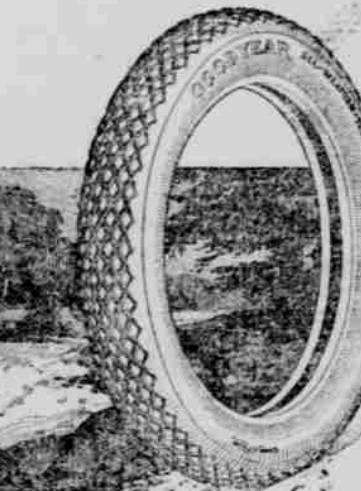

We spend on experts \$100,000 yearly to find new betterments to add. In the

past year alone we have added improvements which cost us exceeding \$500,000 per year.

Lower Prices

Yet Goodyear prices are constantly coming down. Our last big reduction—on February 1st—made three in two years, totaling 45%.

In view of those facts, don't you think it worth while to get Goodyears? Most men do. Goodyears have long outsold any other tire. They are selling now much faster than we can build them. Any dealer will supply you.
