

EXIT I.H.C. ENTER FOOS

You are no doubt aware of the fact, by this time, that we are state jobbing distributors for the celebrated Foos Engine and in less than one year we have installed over 400 aggregate horsepower. We formally handled the I. H. C. line of gas and gasoline engines and at the present time have several in stock ranging in size from 2 to 20 horsepower. To clean out the line and in order to make room on our show room floor for an incoming shipment of Foos Engines we are offering our stock of I. H. C. engines at practically our cost price. These engines are by no means second hand and our ONLY reason for so sacrificing them is we have stated above. Every one sold will carry with it a guarantee. It would surely pay you to investigate these engines before investing in any other kind.
