Chas. R. White came over from Phoenix Wednesday.

Sheriff W. C. Truman returned Wednesday from Mammoth.

W. P. Dunham and D. W. McCallen returned Thursday from Phoenix.

Dr. G. M. Broelway left Thursday for Mammoth on professional business.

Anna Ruth Barker has been quite ill this week with a fever, but is now much better.

John Brady left yesterday for Tucson, where he will take a position with Wheeler & Perry.

The Good Templars took in four new members at their regular meeting last Wednesday evening.

A pleasant social dance was given last Monday evening at Keating's hall, in honor of Washington's birthday.

C. L. Hall and Frank Marion came down from Mineral Creek Wednesday and went on to Goldfield the following day.

C. W. Tillman came down Wednesday from Globe to visit his family, who have all been ill with typhoid fever, but are now on a fair road to recovery.

I will co-operate with the owners to develop a large body of gold claims. E. C. DAVIS, counsellor at law, 186 Remsen St., Brooklyn, N. Y. jyl-84.

The well-known newspaper rustler, R. C. Brown, spent Wednesday and Thursday in Florence working up the subscription list of the Phoenix Herald.

The store of Manuel Rodriguez was burglarized Thursday night and a few small articles of no great value were taken. Entrance was effected through a broken window in the rear.

The Kenilworth school closed yesterday. It is to be regretted that the term could not have lasted longer, as the scholars were making satisfactory progress under their teacher, Miss Nellie Powell.

Sunday school at the Presbyterian church at 10 a. m. Christian Endeavor at 6:30 p. m.; leader, Miss Reulah Herr. Weekly prayer meeting at the home of Mrs. W. J. Bley. A cordial invitation is extended to all.

Frank Schilling was in town this week from Mineral Creek. He was here to meet a party of gentlemen from Milwaukee, who arrived yesterday and went on to Riverside to inspect the mines in which they are interested.

The ladies of the Degree of Honor gave a delightful entertainment last evening at their hall to a number of invited guests. Cards, games, refreshments and conversation comprised the programme, and all voted the affair a complete success.

Mr. D. W. McCallan, the pioneer of Mineral Creek, was the guest of Mr. and Mrs. W. P. Dunham at the Adams Hotel in Phoenix, Feb. 22 and 23, where he was an interested spectator of the great social function of the season, the full fancy dress ball Tuesday night.

Mrs. M. E. Woods, of Casa Grande, is a sister of Lieut. G. W. F. Holman, one of the rescued officers of the battleship Maine. Before the news was given to the public she received a cablegram from her brother stating that the Maine had been blown up in Havana harbor, but that he was uninjured.

William Garland, president of the Gila Valley, Globe and Northern Railway company, advertises in the Phoenix Gazette for bids for the grading of between forty and fifty miles of the extension of the line between Geronimo and Globe. Bids will be received at the office of the company, 314 Stinson Block, Los Angeles, up to 6 p. m., March 9.

The following named Milwaukee gentlemen passed through Florence yesterday on their way to Mineral Creek: Fred Kraus, Hy. Weber, Frank Toussaint and Frank E. Woller. They were accompanied from here by Messrs. Dunham, Schilling and McCallen, and go to inspect mining property on Mineral Creek, in which they are interested.

One of the pleasantest affairs of the season was the progressive euche party given Thursday evening by Mr. and Mrs. W. H. Benson, at their residence on Main street. Some twenty-five guests were present and all enjoyed themselves exceedingly. W. E. Stone won the gentlemen's prize for the best score, and Miss Anna M. R. Reid and Mrs. Emma J. Bates tied for the lady's prize. Elegant refreshments were served and the party broke up about midnight.

Letter from Rev. I. T. Whittemore. WASHINGTON, D. C., Feb. 4, 1898.

FRIEND RERRY: The fight is on in dead earnest. I have just learned that the Indian appropriation bill passed the Senate—minus the \$1,000 clause for the Baite dam. It is now before the conferees for consideration, and we are making a desperate effort to have it reinstated. What the result will be, time will show. The said bill was rushed through the Senate at "double quick."

We were in hopes that it would not be acted on before to-day—until the enclosed article could be read by the members of both Houses.—[The article referred to is printed in full in another column.—Ed.]

Mark Smith went with me to have an interview with Senator Cockrell Saturday. He will be a mighty power before the conferees, and as he is a staunch friend of Mr. Smith he will do all in his power to get said clause back before final action. It is "war" the "knife."

Mark has his "war point" and don't care worth a nickel. Only give us time, and the chances to win the battle are strong.

Mr. Nowell and Geo. Whittlesay are doing all in their power for us, and as the General is an old "war horse," he is in the thickest of the fight and does valiant service. He "smells the battle from afar off," and plunges into the hottest of the conflict.

What the next move of the enemy will be is not determined, but every inch of ground to push our purpose to final success will be hotly contested till the final charge is made. Watch for further developments! Adios!

LITTLE PARSON.

A good story is told on a Tucson lawyer who had a minor as a client, and whom he induced to plead the baby act in a suit for quite a sum of money.

He won the suit, and when he called on his client for a settlement the disciple of Blackstone was astounded with the plea that his client being under age had no right to contract to pay him anything. He is still whistling for his money.

At the miner's meeting held in Florence on the 20th inst. W. P. Dunham was elected chairman and C. G. Powell secretary. The following delegates were elected to attend the Territorial Miners' Convention to be held in Phoenix on March 1st: Fred Pheby, Silver King; Chas. Hall, Sr., Goldfield; A. J. Collins, Mammoth; W. P. Dunham, Mineral Creek; P. B. McCabe, Vekol; C. D. Peppy, Florence.

There are two reasonable things which everybody should do: take good care of one's health, and if lost, regain it quickly, and to this everybody will agree. And there are a great multitude of people who are agreed that for both purposes Simmons' Liver Regulator is the best helper. "I am troubled with torpid liver and nothing gives relief so quick like Simmons' Liver Regulator."—[R. R. Strange, Lake City, Fla.]

W. H. Beard, of Globe, spent several days in Florence this week on his way home from Flagstaff. He is one of the principal owners of the Black Warrior group of mines, now under bond to Mr. Fleming and others of Phoenix, which bond expires on the 25th of May. The developments in the property are so satisfactory that there seems to be no doubt that the sale will be effected, in which event Mr. Beard will come into possession of \$20,000 cash. He recently purchased the Miller ranch near Florence, and proposes to make it his future home and the model farm of the county.

The Ruined California Grape Crop. The partial loss of the grape crop this year, caused by the heavy rains, is estimated to exceed \$1,000,000. Farmers and vineyards all over the northern part of the State have suffered. While this is true, it is equally a fact that last and falling strength may be restored by the persistent, systematic use of the great national tonic, Hostetter's Stomach Bitters, which renews and tones the activity of the stomach, liver and the bowels, counteracts a tendency to rheumatism and kidney complaint, and prevents malarial disorders. After exhausting diseases have run their course, recovery is greatly accelerated by the use of the Bitters, which improves appetite and imparts renewed vigor to the debilitated physique.

San Carlos Coal Fields. (From the Tucson Star.)

Instructions have been received from Washington authorizing the inspection by Col. F. H. Brigham, special agent of the general land office, of the survey of the line segregating the coal fields from the San Carlos reservation. The re-survey was completed about two weeks ago under the supervision of Deputy Surveyor Dantzen and he will to-day complete his field notes and turn them in to the surveyor general's office, thus putting the matter in shape for inspection and final determination. The re-survey was made under very unfavorable conditions, owing to its having been made during the most inclement season of the year and included in its line Mount Trumbull, which has an altitude of 9,000 feet, and is in January usually covered with from two to three feet of snow on a level. The work required for thirty days the services of ten to twelve men and twenty pack animals. The re-survey was made on the reservation about 6,000 acres more than did the Logan survey. It is probable that Col. Brigham will inspect the re-survey within thirty days.

To-night, at the Adventist hall, Elder Williams will speak on the subject of Sanctification and True Holiness. Sunday night he will give an illustrated temperance lecture. All saloon keepers, moderate drinkers, and those who sometimes go beyond moderation, are especially invited to attend. There will be nothing of abuse for any one, but the subject will be treated wholly from a scientific standpoint. Elder Williams has had a great deal of experience in this line of work, having had charge of the scientific department of Heidelberg college for nearly four years, and during the past few years has delivered many lectures upon this subject in California and Arizona. Come and hear temperance from a scientific standpoint.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills are the best.

PURELY VEGETABLE. The Cheapest, Purest and Best Family Medicine in the world! AN EFFECTUAL REMEDY FOR ALL DISEASES OF THE LIVER, STOMACH, and Spleen. Regulates the Liver and BILIOUSNESS, CHOLERA, AND FEVER, MALARIA, RHEUMATISM, BRUISES, SCALDS, BURNS, SORES, JAUNDICE, AND NERVOUS AFFECTIONS.

HAD BREATH! Nothing is so unpleasant, nothing so common, as bad breath, and in nearly every case it comes from the stomach, and can be so easily corrected if you will use SIMMONS' LIVER REGULATOR. Do not neglect to cure a remedy for this repulsive disorder. It will also improve your appetite, complexion and general health.

FILES! How many suffer twice a day after day, making life a torment and a weary existence of all pleasure, owing to the secret suffering from Files. Yet relief is ready to the hand of almost any one who will use systematically the remedy that has permanently cured thousands. SIMMONS' LIVER REGULATOR is a no drastic, violent purge, but a gentle assistant to nature.

CONSTIPATION SHOULD not be regarded as a trifling ailment—in fact, nature demands the utmost regularity of the bowels, and any deviation from this demand paves the way for a host of diseases. It is such an accessory to many of the most dangerous accumulations from the bowels as to be so easily overlooked, and the health can be corrected where a course of body purgatives.

SICK HEADACHES! The distressing affliction occurs most frequently, from the disturbance of the stomach, arising from the irregularly digested contents, causes a severe pain in the head, accompanied with disagreeable nausea, and the continuous want is popularly known as Sick Headache, for the relief of which TAKE SIMMONS' LIVER REGULATOR OR MEXICAN SALAD OIL.

The Vekol Mine. (From the Phoenix Republican.)

P. B. McCabe, in charge of operations on the Vekol mine, south of Casa Grande, was in the city yesterday, having just arrived from the mine. There are about twenty-five men at work now, Mr. McCabe says, but the force will be largely increased shortly. The new electrical process of treating the ore is very successful, and Mr. McCabe believes that a general introduction of it will revolutionize mining. Ore which was so refractory that the mill and even the roasting process were unavailing, yields readily to the electrical application. Vekol ore is nearly all silver, carrying gold in small quantities. Mr. McCabe thinks, efficient as the process has shown itself to be, its efficiency would be still more marked in the treatment of gold ore.

He went on to Prescott yesterday to see a big tailings dump and make arrangements for the shipment of three or four tons to the Vekol mine to be experimented upon by the new process.

Supreme Court. The following decisions were handed down this week in the Supreme Court at Phoenix:

Territory vs. James Parker, convicted and sentenced to hang by the district court of Yavapai county for the murder of Leo Norris last year. The judgment of the lower court was affirmed and Parker will hang. The appeal was taken on several grounds, one of which was that the court erred in its instructions to the jury.

Territory vs. Samuel Donnelly, appeal from Cochise county; judgment reversed and cause remanded for a new trial. Donnelly is the head of the religious camp in the Harshaw mountains and was convicted of assaulting a young boy among his flock. The case was bitterly fought in the courts of Cochise county.

Territory vs. Geo. Cluff, convicted in the district court of Graham county for drawing a fraudulent school warrant, and sentenced to eighteen months in the Territorial prison. Mr. Cluff was probate judge of the county when the fraudulent warrant was drawn on the school fund. The decision of the supreme court was that the lower court erred in refusing to sustain a demurrer and ordered the case dismissed and the defendant discharged.

President F. M. Murphy of the S. F. P. & P., accompanied by Mr. S. R. H. Robinson, came down from Prescott yesterday evening on a special train. Mr. Robinson has secured the contract for building the Big Hog railroad, proposals for which were opened Monday last. Messrs. Donald Grant and A. H. Linton are associated with Mr. Robinson in the construction of the road, but will leave the entire matter in his hands. Mr. Robinson said last night that the work of grading would begin about the first of March.—[Phoenix Herald.]
