A Colorado contemporary says: "There will be no issue of this paper next week. We are going out to collect a little money that has been due us for some time. Editors must live as well as human beings."

Miss Mollie Long left yesterday for Nogales, where she will spend a few weeks as the guest of Colonel and Mrs. Robert Williams, of the Montezuma Hotel. Miss Mollie has a host of friends here who will miss her sadly.

Wm. H. Beard is having erected on his ranch, three miles from town, one of the handsomest brick houses in the county. He has recently purchased the George Brown farm, adjoining, and has now a model place.

According to the Phoenix Republican, C. E. Perkins has written to the Governor that he has forty-eight men enrolled in his company for the 1st Arizona Vol. Infantry. There are some cases where one has to go away from home to learn the news.

A county editor puts the old question in a new shape and says to his subscribers: "Brother, don't stop your paper because you don't agree with the editor. The last cabbage you sent us didn't agree with us either, but we didn't drop you from our subscription list on that account."

The coroner's inquest to inquire into the cause of death of Dr. R. L. Rosson, ex-mayor of Phoenix, who died in Los Angeles recently, set at rest the suicide theory, sprung by the life insurance sharks. The verdict was, "We, the jury, find that Dr. Roland Lee Rosson came to his death on May 12, from gastro enteritis."

At the annual meeting of the Normal School alumni, held in Tempe on June 18th, Mr. John Mets, principal of the Florence school, was elected president, which was a well bestowed compliment on a worthy young man. Highwayman on Wheels.

A wheelman of West 46th street, New York, was attacked, robbed and left senseless by two highwaymen mounted on bicycles in Central Park. Repeated accounts of robberies by men mounted upon wheels have appeared in the papers in various parts of the country. Those depredations of the health, diseases of the kidneys and bladder, will likewise escape arrest, and pursue their atrocious career unchecked, unless they are arrested by the potent intervention of Hockett's Stomach Bitters, the "Great Discoverer," as well as tonic, known to modern times. It is at the start that disease in the more easily overcome. The use of the Bitters is followed by the happiest results in dyspepsia, liver complaint and nervousness.

Mark Smith Writes That the \$20,000 Item in the Indian Appropriation Bill Will Stand.

HOUSE OF REPRESENTATIVES, U. S. WASHINGTON, D. C., May 30, 1898.

REV. I. T. WHITTEMORE, Florence, Arizona, MY DEAR FRIEND:—I am in receipt of your very cordial and pleasant letter of recent date, and shall hand to Senator Elkins the communication which you enclosed to me.

I am glad that you feel that I was polite to you while you were in Washington, but you must not do me credit overmuch, for I assure you there was pleasure to me in what you call my kindness. I have always felt regret that from the conditions then surrounding me I was unable to give myself the pleasure of seeing more of you.

I just had a long fight with the Conference Committee on our Indian matter. I am assured that I have won and they will place the item back in the Appropriation Bill, but they will attach to it, I fear, some such condition as this: "Provided, however, that this shall not be construed as a precedent in committing the United States to any irrigation enterprise."

Thanking you for the kind expressions contained in your letter, and congratulating myself on your friendship, I am,

Yours very truly,
M. A. SMITH.

Pete Boscha's boy, Richard, who witnessed the execution of Parker, showed the boys at Congress the other day how the thing was done. He erected a scaffold, trap and all complete, and then used a rat to represent Parker, pulling the trap and ending his life at the end of a rope.—(Phoenix Gazette.)

Mesa is the only incorporated town in the territory that is out of debt, has money in its treasury, well-kept streets, an electric light system and looking forward to other radical and necessary improvements, Mesa is moving along in the line of progress, and those who try to retard her will eventually get lost in the shuffle.—(Mesa Free Press.)

Judge Sloan has rendered a decision in the school money apportionment case at Kingman, holding that no more than \$500 can be apportioned to any district unless the average attendance exceeds twenty-five. The decision is in line with the opinion of Attorney General Frazier. It is understood the case will be appealed.

W. P. Dunham, C. F. Shilling and G. A. Whiteford came down from Mineral Creek Saturday with James Boland of Guatemala, H. E. Gardner and James White of Springfield, Ill., and W. E. Nelson, of Quincy, Ill., who had been there to inspect the mine. These gentlemen expressed themselves as well pleased with mineral developments on the creek.

The ladies of the W. C. T. U. are considering the advisability of taking part in the celebration of the Fourth by furnishing refreshments during the day, in order to raise funds towards the saving of the Temple. A meeting of the Union is called for next Monday evening (7 sharp) at the residence of Mrs. W. J. Bley to perfect arrangements. Let all the members be present and be ready to help so that Florence Union may lend a hand to the endeavor now going on to free the Temple from debt.

About July 1st, Miss Mary Tack, who gained an enviable reputation in Tombstone as a lodging house keeper, will open the Alameda House in Tucson. It is situated on Alameda street, east of Stone avenue. Our Pinal county friends who go to Tucson will find the Alameda all right. Many years acquaintance with Miss Tack justifies us in giving her a good send off. The house is new, lighted with electricity, and is first class in every respect, while charges are reasonable.

He Could Drill.

[From the Denver Hephaelean.]

A long lank, brawny looking man, with a good natured face and hair as red as the prairie rose, called at the Lawrence street recruiting office this morning. He walked up to the table and accosted the officer in charge some thing like this:

"I want to sign my name here so I kin help clean out the d—n Spaniards."

"Have you ever drilled any?" asked the officer politely.

"Mes, I took the prize here at the festival an' jes' cabbaged it, hands down."

"What company were you with?"

"The Cripple Creek Gold Co."

"I don't believe I understand you."

"Well, you understand English all right, don't you?"

"Yes, but how long have you been a soldier?"

"Thunderin' tunnels, I never was a soldier."

"But you say you have drilled."

"That's what I said, but I thought you meant had I ever drilled with a drill in the mines. No, I never was a blue-coat, but I can out drill any thing in the camp."

They soon understood each other and the proud old miner passed an examination of 100 before the board of medical examiners.

Mark Smith is said to have opposed annexing the lepers. An Arizona editor who is trading his political principles for the chances of getting an Indian agency, accuses Mr. Smith of being a retained attorney of the sugar trust. Those who know Mark Smith best will resent such slander most. There is a corporation lobbyist from Arizona in Washington but his name is not Mark Smith.—(Phoenix Enterprise.)

An Irishman went into a Dallas restaurant and asked for a "square meal." The waiter first brought a bowl of soup which Pat drank with relish. She then brought in the celery which went the way of the soup. The waiter then brought a fine lobster. He looked at the lobster a moment and then rebelled. "Madam," he said, "I've drank your dish water and ate your bouquet, but I'll be dog-goned if I'll ate that bug."—(Ex.)

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; and causes out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
