

George Lobb and son were here from Silver King this week.

W. Y. Price went to Tucson yesterday on a business trip.

Tommy Sutton, the candy and cracker man came in last evening.

W. W. Wilson, of Casa Grande, came over from the railroad-center Monday.

W. J. Schulze was in town Thursday. His teams are hauling bullion into Tucson.

W. W. Thompson and wife, of New York City, are registered at the Florence Hotel.

Bruce Perley, the cash register man from Phoenix, spent several days in Florence this week.

M. M. Hickey returned yesterday from Los Angeles, where he left his family with his relatives.

W. K. James, of Phoenix, representing the Baltimore Sundry company, came in on yesterday's stage.

Rosario Brena, of Tucson, and Louis Meltzer, of Phoenix, prominent merchants, were in town Wednesday.

Go to Simon Angulo for your Dry Goods, Gents' Furnishing Goods, Clothing, Boots and Shoes. J15-3t

Last Sunday evening Wm. H. Beard had a valuable horse killed by lightning at his ranch four miles west of town.

Joe. Mulhatton, the irrepressible, passed through Florence Tuesday on his way to the seacoast for a few weeks' recreation.

The Board of Supervisors closed its labors for the quarter on Thursday and Supervisors Cook and Mayhew left for their homes yesterday.

Chas. H. Peck, 24, general manager of the Mammoth cyanide plant, is in St. Louis, called there by the death of his grandfather. This leaves him Chas. H. Peck, 23, and the possessor of great wealth.

Miss Edith Bowers, of San Jose, Cal., who so successfully taught the English school, near Casa Grande, has been selected as teacher of the Fuller school. She is a Normal School graduate and a charming young lady besides.

Wm. A. O'Connor came in this week from Nogales, where he has been appointed principal of the public schools at a salary of \$100 a month. He came over to see his brother Andy, who has been very ill for some time, but is now on the road to recovery.

James McCarty, one of the owners of the Bryan group near Riverside, was in town yesterday looking after the interests of his mines, one of which, the Bryan No. 2, is about to be patented, the application now running in the Terrazas. Reports of experts claim great value for the property.

Dr. and Mrs. G. A. Scroggs, O. C. Smith, Wm. Herdle and Harry Overback, of Tempe, arrived in Florence last evening on their way to Globe, Fort Apache and the White mountains. They were compelled to camp on the north side of the Gila for two days on account of the river being unfordable.

Dr. Lung, surgeon of the U. S. cruiser Philadelphia, is suing for divorce from his wife in San Francisco. In the trial of the case an affidavit was read from A. S. Humphries, (formerly of Florence) who swears that he saw Mrs. Lung intoxicated several times in Honolulu; that she drove to his house while his wife was entertaining at dinner a party consisting of Mrs. Neville Castle, Mrs. Clarence G. Follis and Mr. Brayton; that when Mrs. Humphries declined to call the deponent to the door, Mrs. Lung swore at her and said: "You are a flat-nosed Chinese woman, and I intend to see your husband before I leave." Mr. Humphries says the only way in which the incident was ended was by ordering Mrs. Lung's driver to leave the premises.

**The Brady Defalcation.**  
County Treasurer Brady's shortage will amount to about \$6,000, and not \$11,000, as stated by the Tucson Citizen. He has decided to sell his real estate to A. F. Barker, in trust for his bondsmen, and it is said his relatives will come to his relief and secure the balance. The criminal charge against the defaulter was called in Justice Benson's court on Monday and postponed till July 28th, at which time a formal demand will be made upon him for the money. If it is not forthcoming the chances are very favorable for a trip in the direction of the seashore. Following is a list of the confiding bondsmen:

P. R. Brady, Sr., Florence	\$5,000
R. Brena, Tucson	7,000
J. M. Lile, Florence	2,000

Murray Innes arrived last Friday from Clifton, where he had been on a brief visit. He remained here until Tuesday morning when he took his departure for California to spend the summer. Mr. Innes was the fortunate owner of copper mines in the Mineral Creek district sold to the Globe Minerals Exploration Co., of London, England. J. G. Hopkins, of Clifton was associated with Mr. Innes in the ownership of the mines which were sold for \$150,000. The group of claims when located by Mr. Innes showed very little surface indication of their value, but the development work performed under his direction revealed a large body of sulphide ore and established the great value of the property and the mineral zone on which it is located. Mr. Innes will return here in the fall and make Globe his headquarters.—(Silver Belt.)

Mr. Dunbar was seen at the Montezuma hotel by a Vidette reporter one day this week and was told by that gentleman that there was not a word of truth in the statement made by the Gazette that he had come to Nogales to take up Mr. Chenoweth's fight. He knows nothing about local affairs in Nogales and has no desire to take a hand in anybody's fight. Mr. Dunbar came to Nogales to look over the newspaper field and may decide to locate here. As a newspaper man of years' experience J. O. Dunbar has no peer in Arizona, and the Vidette would take pleasure in seeing the gentleman in harness in Nogales for the welfare of the town, county and territory.—(Vidette.)

A 18-year-old girl imagines that she is an angel, and never gets over it. After a woman gets old, she thinks of how she was admired and complimented in her youth, and feels that some great wrong was done her because she did not remain as pretty as she was at 16. If she is married she is apt to lay the blame on the brutality of her husband; if she is an old maid, she lays it on her father, who was poor, and thus forced her to work, which resulted in stooping figure and harsh features. A man never has this experience. He is at his worst at 18 and does not reach his best until he is 30 to 40. By that time he has acquired a little sense, and never mistakes a compliment for the truth.—(Athenian Globe.)

The Babes Orb records the reported disappearance of H. W. Hasselgreen, an old and previously respected resident on the San Pedro river. H. and his wife had worked for years and buried this money. H. told his wife that he had concluded to invest the money in Tucson real estate. She agreed. He left the ranch for that purpose, with \$3000 and has not been heard from since. His wife thinks he has returned to his old home in Sweden. He left with his wife two checks of \$40 each and cautioned her not to part with them unless necessarily compelled. He also left her \$1000 worth of cattle.

**An American Railroad in China.**  
Moneyed men from the United States have secured a franchise for building a railroad from Hong Kong to Han Kow, China, a distance of nearly 700 miles. While railroads are necessary to a nation's prosperity, health is still more necessary. A sick man can't make money if there are a thousands railroads. One of the reasons why America is so progressive is the fact that in every drug store is sold Hostetter's Stomach Bitters, that celebrated tonic for the weak, appetizer for the dyspeptic and sedative for the nervous. It is taken with great success by thousands of men and women who are run down, pale and weak. It increases the weight, and the gain is permanent and substantial.

**Figs in California.**  
The Agricultural Department has issued a bulletin treating of the probable success of the efforts of the department to establish the Smyrna fig industry in California. It appears that the fruiting of the Smyrna fig is depending upon the introduction from Southern Europe and the establishment in California of a little insect which fertilizes the fig. Experimental introductions of the insect were thereupon begun and some of them brought over in 1898 have succeeded in penetrating the closed flowers of the Capri figs growing at Fresno, making the first step of the experimental work a success. The bulletin adds: "Since the insect has maintained itself for an entire year there is reason to suppose that it will continue to breed, and that California in the near future will be able to place a fig upon the market which will possess the same superior flavor as that which has given the imported Smyrna figs their preeminent commercial rank."

**Sounding for Bed Rock.**  
[From the Graham Guardian.]  
C. G. Babb, the civil engineer, who has been making tests of the river for the government for several months past, was in Safford last Tuesday. Mr. Babb says that the machinery necessary to test for bed rock has arrived and one test, about eight miles below San Carlos, has been made, and bed rock was encountered twenty feet below the surface.

The object in making this test is to build a reservoir for impounding of water for the purpose of irrigating the great tracts of desert land in Pinal county. Before leaving here Mr. Babb appointed D. B. McCall to gauge the river twice each day and report the rise and fall.

An exchange gives the following, which is a copy of a school boy's complaint to the board of directors: "Mr. Directors—My sister who is the teacher whips me every day. Ma told her to whip me oftener than she did the other scholars so they wouldn't think she was partial. I write to let you know that this is too thin. She is an old maid and gets mad because she can't get married and when she gets to feeling that way she larrups me. I hate to say such things about my sister but it is so, and I write to inquire if you can't stop her licking me or get her a husband. Any old thing will do, so it's a man."

J. C. Goodwin and J. P. Cole have located six mining claims situated at the head of Mineral creek, about 20 miles from Globe. The discovery was made by Mr. Goodwin some two months ago, and the ore resembling the United Verde ore, he went to Jerome to satisfy himself fully on that point, and had his surmise confirmed. The ores are carbon and sulphides and assays made here gave 35 per cent in copper and 17 ounces in silver. The ledge is described as a very large one and Messrs. Goodwin and Cole are confident that they have a valuable property.—(Silver Belt.)

J. E. Bettler, of Trippel's almond orchard near Mesa, was in town yesterday. The orchard is a much better thing than an overwhelming majority of gold mines. Mr. Bettler is preparing to gather the crop, which, he thinks, will amount to almost, if not quite, thirty tons, which has already been contracted at 12 1/2 cents a pound. The gross receipts will therefore be not far from \$7,500, which is not a bad yield for twenty acres. The crop last year was about twenty tons, and sold at 10 cents a pound.—(Phoenix Republican.)

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills are the best.

**Excursion Rates.**  
On account of the annual meeting of the National Educational Association at Los Angeles, July 11th to 14th inclusive, the Southern Pacific will place on sale June 27th to July 10th inclusive, round trip tickets to Los Angeles at one fare plus two dollars. The return limit will be September 4th. Reduced rates will be made to all points of interest from Los Angeles. The first excursion leaves Casa Grande Friday, May 26th, at 5 a. m., and the same time every Friday during the season to the following points: Santa Monica, Long Beach, San Pedro, San Buenaventura and Santa Barbara. Rates from Casa Grande will be \$24.40 for the round trip, good for ninety days from date of sale. Stop over privileges will be allowed only at Colton and points west thereof. Rates to Avalon, Santa Catalina Island, will be \$2.25. J. MOORES, Agent, Casa Grande, Arizona.

**The Horseless Carriage.**  
[From Bradstreet's.]  
Unless all indications fail, the manufacture of automobile vehicles is likely to become an enormous industry in the United States. It must be admitted that the construction and use of motor carriages and trucks in this country has lagged behind the developments of that nature in Europe, and more particularly in France, where such vehicles propelled by electric and other power are now in ordinary use for a great variety of purposes, and where public interest in them assumes the form of a veritable craze, fairly eclipsing that which a short time ago was developed in connection with the bicycle. To make amends for any backwardness in adopting the automobile for pleasure and business purposes, the American people now seem likely to soon secure an ample supply of the best examples of motor carriages. Within a comparatively short time corporations for the purpose of manufacturing or operating automobiles have been formed with an aggregate capital of \$163,000,000. It fact, since the beginning of last March, the capital represented by such incorporations has reached an aggregate of nearly \$50,000,000.

**Peculiar Methods.**  
[From the Tucson Star.]  
A Nogales special says the grand jury investigation discovered that four Mexicans had recently been kidnapped at Nogales with the connivance of the officials of Santa Cruz county and handed over to the Mexican authorities without process of law. The four men were summarily tried and shot by the Mexican authorities. An attempt to indict District Attorney Harlow on account of the same failed. It is alleged that the kidnapped Mexicans were hard cases and this means was used to dispose of them with the understanding that their kidnapping and execution should be suppressed, as the relations between the American and Mexican citizens on both sides of the line, now most cordial, might be disturbed if official action was taken by the American authorities.
