Frank Perkins was down from Pinal last Saturday.

George Kuffner has announced himself as an independent candidate for sheriff of Yavapai county.

Anderson Corona intends to make regular trips between Florence and Mesa, carrying passengers and light freight.

Willis E. Black, one of Mammoth's solid citizens, came in Tuesday with George P. Blair, candidate for the council.

Mauro L. Morales and Frank Ochoa returned Thursday from the Congress mine, where they have recently been employed.

Prof. Olivas' orchestra gave a pleasant social dance Tuesday evening at the Florence Hotel, which was largely attended and greatly enjoyed.

The Oasis says Mrs. C. E. Perkins was quite ill last week in Nogales. Her many friends in Florence will be glad to learn that she is now much better.

The local democratic candidates went to Casa Grande Thursday and held an enthusiastic rally in that republican stronghold. The reports that come from there are very encouraging.

W. C. Foster, B. S. Messinger and Eli Piper, of Kelvin, have been spending the week in Florence, and made a pleasant call at the TRIBUNE office. All are in the employ of the Ray company.

Rev. Lapsley A. McAfee came over from Phoenix Wednesday to conduct the funeral services of little Estelle Mayo, daughter of his old friend, Rev. H. E. Mayo. Mr. McAfee is considered one of the best pulpit orators in the territory.

As election day approaches matters are getting decidedly "political," as a San Pedro lady expresses it. Tuesday night there were several fights, in one of which Simon Angulo got his collar bone broken. Keep your temper, boys, and don't drink too much. It's bad for the health.

Billy Matthews and George Kahra, formerly of the Commercial Hotel in Phoenix, have leased the Hardwick House, near the Santa Fe depot, in that city. The TRIBUNE will guarantee courteous treatment to all visitors from this section who stop with them. Give the boys a trial.

John McCarty and wife passed through Florence Thursday on their way from Yavapai county to the eastern part of this county. Mr. McCarty and his partner, J. K. Day, killed seventeen mountain lions recently in Northern Arizona, for which they will get a bounty of \$340.

George P. Blair, democratic candidate for the council, arrived in Florence Tuesday, and created a favorable impression among the voters of the town. He assured them that he stood squarely on the county platform which opposes county division. As an honorable man he could not do otherwise.

Mr. Isaac Bierry came up from Mexico Thursday and will remain here a time with his family. He has been employed for several years as chief engineer for a big mining company in Zacatecas, but recently resigned his position to accept a better one with the Melzer Mining company, in Sonora.

Rev. F. S. Herndon, superintendent of the Tucson Indian school, was in Florence Wednesday and went home the following day. There are now 175 pupils enrolled, mostly from the Sacaton reservation. The school is being conducted under the auspices of the Presbyterian church, and is in a flourishing condition.

The Ray mine still continues closed down, and the miners advertised for were not put to work. The gasoline engines have proven so unsatisfactory that they will doubtless be replaced with steam, which will take time. The mine is a great one beyond question, and with suitable machinery and railroad transportation it will become one of the greatest copper producers in the world.

Grand Democratic Rally!

Hon. Mark Smith, democratic candidate for delegate to Congress, will address the citizens of Florence and vicinity at the Court House on Saturday evening, November 3d, at 7:30 o'clock.

A. Orfila, Esq., of Tucson, one of the best speakers in the territory, will also deliver an address in the Spanish language.

Let there be a full turn out. Everybody invited.

The warmest sympathy has been felt and expressed by the people of Florence for the Rev. Mr. Mayo and his wife in their bereavement by the death of their little daughter, Estelle. After intense suffering and several days of unconsciousness the peaceful blessed sleep we call death came as an angel of mercy to the dear child Tuesday evening, Oct. 23rd. The winsome little maiden has gone on before to find playmates with the "children in heaven" and to grow up with the angels as beautiful and pure as they. The family band is not broken, but a segment of it is hid in the glory about the throne, and the circle is still entire to form some day a reunited family. The funeral service was held Thursday forenoon at the parsonage, conducted by the Rev. Mr. McAfee of Phoenix, and many were present to join with him in asking the Infinite Father to comfort those who mourn. Four little playmates of Estelle's, Lottie Colton, Lady Douglas, Jennie Weedon and Alberta Colton were the honorary pall-bearers for their little friend, who will be for them always a sweet memory. The TRIBUNE joins with all in sympathy for our Minister and his family.

DIED—In Stockton, California, October 20, 1900, Wm. R. Stone, aged 50 years. Mr. Stone had been ailing for a long time with a complication of lung and heart trouble, and about four months ago went to the coast with his family, since which time he has been steadily growing worse, and death ensued last Saturday as noted. He was appointed district attorney of this county in January, 1899, to fill a vacancy caused by the death of H. D. Cassidy, and held the position until recently, when J. E. O'Connor was appointed. Mr. Stone was an old resident of Florence and had many friends who will mourn his departure. As he was a kind husband and fond parent his wife and children will especially feel the great loss that has come to them, and in their sad affliction they will not lack sympathy among our people.

On Friday, the 19th inst., Wiley Holman, of Pinal, was thrown from the Mesa stage near Whitlow's ranch, and received a severe wound on the left side of his head. The scalp was torn loose from near the eye to a point back of the ear. Mr. Holman was brought to Florence and put under the care of Dr. Brockway, who sewed up the wound with 24 stitches. Fortunately the skull was not fractured and the patient is now getting along well.

Two prominent Arizonans died last Sunday—Col. Wm. Roy, of Nogales, and Col. H. E. Lacy, of Tucson.

A Card.

We desire to express to the people of Florence our heartfelt appreciation of the abounding sympathy and kindness manifested in the sickness and death of our little girl. The comfort and help thus given was beyond expression. Only God knows and He only can reward such goodness.

MR. AND MRS. H. B. MAXO.

How We Used Up Our Forests.

It is estimated that it takes twenty-two acres of spruce land to furnish enough wood pulp paper to run a large metropolitan daily just two days. The writer who makes this statement deplores the time, when, at this rate, our forests will entirely disappear, and paper be very scarce and expensive. Meantime, the art of printing continues, because there are many truths the world should know; among others, that Hostetter's Stomach Bitters is a cure for diseases of the stomach, such as dyspepsia, indigestion, constipation, biliousness, insomnia and nervousness. This famous medicine has been the standard remedy of the American people for fifty years. Do not accept a substitute. The genuine has a Private Revenue Stamp over the neck of bottle.

A new remedy for biliousness is now on sale at Brockway's drug store. It is called Chamberlain's Stomach and Liver Tablets. It gives quick relief and will prevent the attack if given as soon as the first indication of the disease appears. Price, 25-cents per box. Samples free.

Democratic Meeting Last Night.

The democratic rally last night was a grand success. The court-room was crowded to its utmost capacity with an enthusiastic audience of ladies and gentlemen to listen to the addresses of George P. Blair and J. E. O'Connor. Mr. Blair referred in a pleasant manner to the other candidates on the ticket and came down to the question of county division, which he was charged with favoring. He denied this most emphatically, and stated that he stood firmly on the county platform which opposes it. The speech was well received and left a favorable impression.

Having thus defined his position, there is no doubt that Mr. Blair will get the full democratic vote as well as some republican votes in this section, and that he will be elected to the council by a large majority.

J. E. O'Connor paid some attention to the county ticket, but his speech was principally devoted to national affairs and was well received.

Loud calls were made for Wm. Beard, candidate for the assembly, but as that gentleman's voice was somewhat husky, he did not make any extended remarks.

The meeting adjourned with three rousing cheers for Mark Smith.

Judge C. M. Marshall was thrown from a wagon one day last week while riding from Troy to Kelvin, by the upsetting of the vehicle, and sustained a fracture of the shoulder bone, which at last accounts was knitting nicely.

Letter to Governor Murphy.

LOS ANGELES, Cal., October 20, 1900.
DEAR SIR: I have the honor to transmit to you the following resolutions adopted by the Southwest Miners' Association, and to ask that your Excellency present the matter to the forthcoming legislature. Said resolutions are as follows, to-wit:

Whereas, the Topographic, Geological and Hydrographic work of the United States Geological Survey is all considered of great value and importance in connection with the general development of this district, and more particularly of the mining industries of the Southwest; and

Whereas, the appropriation for the carrying out of this work is so small as to prevent its prosecution with the rapidity desired, for the proper growth of the country; and

Whereas, many of the Eastern States are co-operating in this work by making state appropriations to aid the National Government in this investigation, thus securing not only an increased fund from the state but also an increased allotment from the appropriations of the General Government for their respective states, it being the policy of the Geological Survey to thus co-operate with the state authorities;

Therefore, be it resolved, by this Association in convention assembled at Los Angeles, Cal., that it is our belief and desire, that the Federal Government should make larger appropriations for this scientific work, and that the respective states and territories which we represent should request larger allotments from the Federal Government for these investigations in the Southwest.

And, be it resolved, that our respective states and territories be urged to make appropriations to co-operate with the Geological Survey, and that the secretary of this Association be hereby instructed to present copies of these resolutions to the Governors of Arizona, New Mexico, Nevada, Utah and California, and to their congressional representatives at Washington.

Hoping to be favored with advice of your action in the premises, I have the honor to be,

Very truly,
GEO. N. NOLAN.

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by Brockway's Pharmacy.

Eight hundred men are now employed on the gravel trains of the S. F. & P., between Phoenix and Ash Fork, a distance of 196 miles. These men are all registered, and it is the intention to vote them like sheep wherever possible, for Murphy as delegate to congress. You citizens of Arizona who favor honest government, make a note of this effort to once more carry the territory on the side of bonds. Will the people of this county and of other counties in Arizona support the man who calls such forces in requisition to secure his election? All know such a force is not employed at this time for any other purpose than to swell the vote for the blacklist of mines, the bond legalizer and the enemy of the national system of irrigation of the arid west.—[Enterprise.]

POLITICAL ADVERTISEMENTS.

W. C. Green has made a proposition to the men who are opposing him in the courts, to give them back dollar for dollar for every dollar they have spent in the whole business, and pay them par value for their Cobre Grande stock. The proposition is under consideration now and may result in putting a stop to this long, vexatious law suit.—[Gazette.]

A Missouri editor in response to the question, "Do hogs pay?" says: "A great many do not. They will take the paper for several years, and then some day the paper will be sent back marked "Refused."
