Judge E. A. Tucker returned to Safford Tuesday. The judge will only stay in Safford until he can close up his business affairs here and will then locate in Los Angeles, California, where he has been offered a number of flattering propositions, but has not yet decided just what he will accept. He tells us that Mrs. and Dr. Tucker are both in greatly improved health and that the doctor has already gone to Los Angeles, where he will at once take up the practice of medicine.—Guardian.

**CHAMBERLAIN'S COUGH REMEDY THE MOTHER'S FAVORITE.**

The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a favorite with people everywhere. It is especially prized by mothers of small children, for colds, croup and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult. For sale by all dealers in patent medicines.

**ITCH—RINGWORM.**

E. T. Lucas, Wingo, Ky., writes April 25, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Lintment cured me completely and permanently. Since then I have used the lintment on two separate occasions for ring worm and it cured completely. 25c. 50c and \$1.00. Sold by Rinehart's Pharmacy.

**"NATURAL" WIDOWS EXEMPT.**

Over in Arizona there is a law exempting widows from taxation. In Graham county about one hundred and forty women claimed the exemption, and there was a strong suspicion that many of them claimed exemption on property that really belonged to some one else. The supervisors have been studying the situation and finally decided that the exemption only applied to what they called "natural" widows, and this cut the list down to about forty. Just what is a "natural" widow is not explained, but as grass is a product of nature, and therefore "natural," it is hard to see how the supervisors are going to cut the grass widows off the list.—Lordsburg Liberal.

**ARCHBISHOP RYAN'S BIRTHDAY.**

Philadelphia, Feb. 20.—Archbishop Ryan is celebrating his seventy-fifth birthday today. In compliance with the archbishop's request that no special demonstration be made, the only official observation of the day was a low mass of thanksgiving, which was celebrated early in the morning at the cathedral. During the forenoon many members of the clergy of this city and other cities in this vicinity called at the archbishop's residence to offer their congratulations.

The archbishop is still hale and hearty, and looks twenty years younger than he actually is. He was born in 1831 in Thurles, Tipperary county, Ireland. He attended private school until he was sixteen years old, when he entered Carlow College, Dublin.

The Tucson driving association has arranged three races to come off on Thursday afternoon next. Washington's birthday. The first race will be started at Union Park promptly at 1 o'clock, and best three in five heats will be run in each event.

**GILMAN DIES IN ASYLUM.**

Was Taken to Phoenix About Two Months Ago.

Douglas, Ariz., Feb. 21.—(Special)—A telegram from Phoenix last evening stated that John Gilman, the Willcox cattleman, died in the afternoon at the territorial insane asylum.

Mr. Gilman was taken to Phoenix about two months ago. It was thought at the time that he might regain his sanity. He was in a very weakened condition physically, however, owing to exposure on the desert, and he failed gradually.

Gilman, who was about 65 years old, came here from Willcox for medical treatment. He appeared to be slightly demented, but his affliction was not considered serious. He disappeared and for several days he was not heard from. Then a Mexican wood hauler brought the information to the city that a wild man had been seen wandering about in the brush a number of miles southeast of the city. Officers went out to search for the man, and they came upon Gilman, almost dead from exposure, hunger and thirst. He was brought to this city and placed in the hospital. His experience on the desert had aggravated his condition. When he had recovered sufficient strength to make the journey, he was taken to Phoenix.

England's big new battle ship cost \$7,000,000, or about the same sum the United States paid for Alaska.

Douglas, Ariz., Feb. 21.—(Special)—Francisco S. Sanchez, a dealer in Spanish literature in Douglas, and a Mexican by nationality, was arraigned in Judge McDonald's court this morning, charged with selling obscene literature.

The arrest was because of a suggestive and gaudily gay illustration on the front cover of one of Francisco's novelistic works.
