SAVINGS BANK NEW BUSINESS VENTURE

Three Local Banks Form Stock Company With \$100,000

Bisbee is to have a Savings Bank & Trust Company, with a capitalization of \$100,000. This is the latest announcement in the local business world, and the stockholders in the new company will be none other than the three local banks, the Bank of Bisbee, Miners & Merchants and the First National.

With this capitalization, together with the high financial standing of the above-named institutions, the savings bank which is to be started in Bisbee will easily be the strongest financial institution in Arizona.

One of the officials of a local bank yesterday, in speaking of the proposed new enterprise, stated that such a move had been under consideration by the three local banks for some time. Finally, the Bank of Bisbee made its plans known in this respect, when they discovered that the other two banks were already at work along the same line. Then it was that the proposition was launched for the three banks to form a stock company, with a capital of \$100,000, and institute a savings bank, in which all three banking institutions should share equally. The proposition met with favor with the directors and papers are being drawn up this week to this effect.

In this connection it is stated that the savings bank in all probability will be located in a fine brick and stone building which it is the intention of Mr. Muhlem to erect on his property known as the Dubacher building at the intersection of Brewery and Main streets.

Bisbee has long needed such an institution as a savings bank, where small investors can save their money, and at the same time have it draw an interest. It is expected that the savings bank will be a reality during the next six months.

CRANK WOULD BE BRIDEGROOM.
Police Arrest One Who Insists He Should Be Honored Man.

Washington, Feb. 21.--The White House wedding was not devoid of crank features. Every occasion of importance is reflected at the President's home by the appearance of some demented individual. The wedding has produced a new Prince of Denmark. His name is not Hamlet; it is Peter Carlson. "I am to marry Miss Roosevelt this morning," he announced to a policeman on guard, "and the match was arranged by my royal mother, Her Highness the Queen of Denmark. I am Longworth's brother, and this proposed marriage is all a mistake."

Carlson was arrayed for the nuptials. He wore an opera hat, somewhat the worse for wear; a soiled white vest and a pair of dove-colored trousers that were travel-stained. He insisted that he met Miss Roosevelt upon an army transport at New York and that their engagement followed. He predicted serious international complications and warned the United States that Denmark was not to be trifled with. He has been committed to the asylum for the insane.

TEXAS CHOOSES AFFIRMATIVE.
Columbia, Mo., Feb. 21.--In the debating contest between the University of Texas and the University of Missouri, Texas has chosen the affirmative of the question submitted by Missouri for the interstate debate. This gives to Missouri the negative in this year's debate, both with Kansas and Texas.

FIXICO AND WILD CAT JAILED.

Two Seminole Indians Held for Murder in Territory.
Muskogee, I. T., Feb. 21.--Deputy Marshal Cordell brought in two prisoners, Barney Fixico and Wild Cat, yesterday, charged with the murder of Billy Cully, a Seminole Light Horseman, on the third of this month. A light horseman is a mounted Indian police officer.

When Wild Cat was put in jail here, one of the deputy marshals, Bass Reeves, recognized him as a man he had arrested once twenty years ago. Reeves arrested him on a murder charge and was taking him to Fort Smith for trial. When they reached the Arkansas river, Wild Cat made his escape. He had not been seen or heard of since, and the officer supposed he was dead until he turned up at the jail here today. Wild Cat and Fixico are both Seminole Indians.
