THREE ARE DEAD WHILE OTHERS CAN NOT LIVE

Conductor of Street Car Did Not See Onrushing Train and Gave Motorman Signal to Go Ahead.

LOS ANGELES, July 28.—The local Southern Pacific passenger train, running between Pasadena and this city, collided this afternoon shortly before 2 o'clock with a Sierra Madre electric car of the Pacific Electric road at Oerfa station, near Pasadena, killing one woman and injuring possibly sixty several of whom will die. The injured were brought to the Sisters' Hospital in this city.

Most of the dead and injured were passengers on the electric car and were residents of Sierra Madre.

Mrs. Hardster, wife of Dr. Hardster, of Sierra Madre, was killed outright. Two men died on the way to Pasadena. Among the injured are Miss Edna Hedderly, Miss Mabel Spencer and Fred Seaber. Miss Hedderly is seriously injured.

The more seriously injured are: Miss Jessie M. York, daughter of Superior Judge Waldo M. York, Los Angeles; contusion of side, face and arms lacerated.

The engine struck the street car squarely in the middle, lifting it from its trucks and carrying it 200 feet down the tracks. Passengers were hurled in every direction and several were ground beneath the wheels of the train, being horribly mangled. The engine, tender and first coach of the train were derailed and went into the ditch.

TWO HUNDRED DOGS' NAMES IN SCHOOL LIST.

CINCINNATI, July 28.—That the list of school children in the Fourth ward had been padded with the names of 200 dogs was declared by United States Marshal Vivian Fagin today. "The enumerator received 1 cent for each name," said Fagin, "and each name means more money for Boss G. B. Cox to spend as he sees fit. Every tutor and every teacher is a politician, and not a move is made without the sanction of the boss. Even the board of education is part and parcel of gang politics."

ROBBERS SHOOT TO TAKE LIFE

Coal Dealer Held Up in Shadow of Bunker Hill — Fight With Officers.

BOSTON, July 28.—Patrolman Herman Shiel and Thomas Hickey, a coal merchant of Wakefield, lie seriously wounded at the relief hospital, the victims of three robbers who, in broad daylight, held up, robbed and shot Hickey in his office at Charles-town today, and then engaged in a street battle with the police in which Shiel was maimed by bullets fired by the desperadoes.

Such a bold crime has not occurred in Boston for many years, and the police directed every effort to the capture of the third criminal, the other two having been arrested as a climax of the struggle with the authorities. Hickey was robbed of \$200 in cash and valuable papers. The two men taken into custody are George W. Everson, 27 years of age, of New York City, and Fred Saccatt, 30 years old, of Bridgeport, Conn.

They entered the coal office while Hickey was alone and demanded money. The merchant refused their demands, and was shot through the neck by one of the robbers and then relieved of his money. Although badly wounded, Hickey struggled with his assailant who fled to the streets where they were pursued by Police-sergeant Shiel.

In an exchange of bullets the officers were shot in the leg and rendered helpless. Other police pursued the robbers, and after the shooting captured two of them.

The woman said she was seeking to kill L. N. Hollingsworth, proprietor of the hotel, because he had chastised her daughter for a petty theft.

\$39,150,000 PROFIT IN TIMBER.

SEATTLE, July 28.—At the present price for stumpage the Weyerhaeuser Timber Company's big purchase from the Northern Pacific six years ago looms up as one of the best speculative moves ever made in the Northwest. In the deal 900,000 acres changed hands at \$6.50 an acre, or \$5,850,000. It is estimated that the same property now is worth at least \$45,000,000, or a profit of \$39,150,000.

HE WAS ARRESTED FOR BEATING A WOMAN.

A piano player in one of the saloons in the upper Brewery-Gulch district, whose name was not given, was last night arrested by Officer Frank Johnson for administering a severe beating to one of the unfortunate women of the half world. DIES SAYING WIFE GAVE DRUG.

FORT WAYNE, Ind., July 28.—Albert Middaugh, 45 years old, a member of the city council of Huntington, who died here at the home of his sisters after accusing his wife of giving him poison, was buried today. The widow was in attendance, though relatives threatened to exclude her. She hired lawyers and was about to enforce her right to her husband's body when the relatives capitulated. Physicians say Middaugh died of spinal trouble, and that his sufferings deranged his mind, causing him to accuse his wife.

OAR AND GO-CART SAVE LIFE OF BABY.

PORTSMOUTH, R. I., July 28.—By the capsizing of a small skiff today, Mr. and Mrs. Joseph Anthony of this town and their daughter, aged 4 years, were drowned, while their baby, aged about 1 year, who was the only other occupant of the boat, was saved, almost by a miracle.

The baby was strapped in a small go-cart, and before the accident happened an oar had been placed, probably by accident, so that it was wedged between the axes and the body of the carriage.

CANANEA DULUTH DEAL IS CONSUMMATED

The deal for the Cananea & Duluth property at Cananea has practically been consummated. Mrs. Frank Proctor and sister, who came to Cananea from Los Angeles for the purpose of entering into negotiations with the Cole-Green interests for the transfer of her stock in Cananea & Duluth yesterday at Cananea signed the papers which gave to the purchasers a final grasp on the property. The McMillans, who have owned the control of the Cananea-Duluth property, have also signed up with the Cole-Green combination.

Col. W. C. Greene and Col. Powell, of the C. & A., which latter gentleman has been in Cananea for the greater part of the past two weeks, representing the Cole end of the deal, will arrive in Bisbee this morning when final negotiations having for their end the transfer of the property will be entered into. Thus Bisbee will be the scene of the closing moments of one of the most important mining deals that has been put through in the southwest for many years.

Tuesday is the day set apart for the formal close of negotiations. The price named is \$225,000. Just what part of this money goes to the different owners of Cananea-Duluth has not been given out, but it is expected that Monday or Tuesday at the latest will disclose these details of the transaction.

Dan McMillan, one of the McMillan brothers, who own the control of the Cananea-Duluth property, arrived in the city last evening and will today meet Cols. Greene and Powell.

James Hoatson, who is now in Cananea, will probably arrive in Bisbee not later than Monday or Tuesday.

It was stated unofficially yesterday that the price of \$225,000 named for the purchase of the property represents only the amount to be paid to the McMillans, and that Mrs. Frank Proctor's share is an amount in addition to this.

TRIED TO BARTER ISLANDS

Ex-President Garcia, of Ecuador, Denounced as Traitor for Acts.

GUAYAQUIL, Ecuador, July 28.—Government newspapers caused a sensation here by the publication of documents found among ex-President Garcia's private papers. A document found treats of the sale of Galapagos Islands to the United States. It appears that the islands were first offered to France.

Senor Garcia's memorandum says: "While at Washington, the United States President Roosevelt inquired into the question whether the United States was disposed to take over Galapagos Islands, paying Ecuador \$5,000 in gold for them, and thus recognizing Ecuador's sovereignty over the islands." Mr. Roosevelt replied that he would recommend the proposal to Congress, and was sure it would be accepted, offering to appoint the American minister to continue negotiations in Quito. A few days later Joseph W. J. Lee, the American minister to Ecuador, arrived in Ecuador.

It appears that the Alvaro revolution, which resulted in the overthrow of Senor Garcia, ended the negotiations. The official papers call Garcia and his ministers traitors for trying to sell part of the national territory. Negotiations with France are said to have been interrupted, owing to the belief that the United States would not consent to a European power acquiring the islands. A meeting was called at Quito, the capital, last night to protest against this action taken by Senor Garcia and his ministers. The Galapagos Islands are a group in the Pacific, belonging to Ecuador, on and near the equator, 750 miles west of the coast of Ecuador. They consist of thirteen islands, the largest, Albarmeria Island, being sixty miles in length. On Charles Island a small colony of Ecuadorians was established, forming a penal settlement, and this island contains most of the population, which hardly exceeds 400.

WOLF'S REPORT WILL SHOW ALL FRISCO LOSSES

Commissioner of California Is Preparing Data for the Details.

SAN FRANCISCO, July 28.—A report which will show in detail the losses of each company doing an insurance business in California at the time of the big fire, is being prepared in the office of insurance Commissioner Wolf. It is believed that the report will sustain the contentions of the commissioner that the insurance loss will be over \$250,000,000.

With each day the estimates of the commissioner have been supported by the appraisal of losses. Conservative adjusters now go as high as \$300,000,000 in their estimates of losses. The records of Wolf's office constitute the only complete set of records saved. Each company, however, has arrived at definite knowledge of its losses. The data will be collected and embodied in a tabulated statement which will clear away the present uncertainty as to the extent of insurance liability for property destroyed by the conflagration of April 18.

FIENDISH ATTEMPT AT MURDER

Figuel Dominguez Shot Wife of His Best Friend Near to Death.

Yesterday afternoon about 4:30 o'clock Figuel Dominguez, a Mexican laborer, shot four times at Mrs. Pedro Ortiz, wife of an assistant to the street superintendent of the city of Bisbee, three of the bullets taking effect, and one of which may possibly result fatally. The wounded woman, while able to converse soon after the attempt on her life was made, could give no coherent reason for Dominguez' attempt to murder her. Although the attempt on the life of Mrs. Ortiz was made in broad daylight and in full view of a score of people passing along Naco Road at the time, Dominguez succeeded in making good his escape and up to a late hour last night a posse of officers which had been scouring the country far and wide for him, were unsuccessful in bringing him in.

One of the bullets fired from the gun of Dominguez, which was of 28 caliber, took effect in the right breast of the woman, passing through the lung, and lodging just beneath the skin under her right shoulder blade. Two others took effect in the right arm of the woman, one of which, after passing through the flesh of the arm and being deflected by the bone, entered almost exactly the spot where the worst wound is, in the right breast, passed around the body and lodged within a few inches of the other. A third, after leaving its way through the flesh of the right arm below the elbow, lodged in the wall of the room.

Dominguez, the man at whose door the crime is laid, is a friend of the Ortiz family and often spends his time at the Ortiz home on Chihahuua Hill. Yesterday afternoon he came to the door of the cabin where Mrs. Ortiz was seated, playing her guitar, and in a fiendish tone asked the woman how she felt. She replied that she was in the best of health and invited Dominguez into the house.

What happened there between the time of his entrance and the shooting is now known. Mrs. Ortiz claims that he began shouting at once and evidence tending to substantiate her statement is present in a bullet hole through the guitar.

She claims that Dominguez had secretly entered the place before he drew his gun and started shooting. She threw up her hands, still grasping the guitar and the hole in the instrument was probably made by the first shot of her would-be murderer.

Dr. Edmondson was called and after a hasty examination began at once to dress the wounded arm, which was literally perforated with wounds, both shots which took effect there having passed inward and outward. He removed two bullets from the flesh in her back just below the right shoulder blade.

But little could be learned from the Mexican neighbors, they all denying having heard the shots fired or any outcry made by the wounded woman. The usual reticence of this class of people made it particularly difficult for the officers to get his trail, but men were sent out to cover every possible point by which Dominguez might have left the city.

BOY KILLED BY SPEEDING AUTO

(Special to Review.)
OAKLAND, July 28.—Unable to stop his machine or to steer it out of the course which 11-year-old Earl Haskell was pursuing in his playful chase of another automobile, J. H. Baxter, a lumber dealer, this afternoon ran over the lad, crushing him to instant death, and then struck and seriously injured George R. Bluet, a colored man. The accident took place near Eimhurst, about six miles east of Oakland. After killing the boy and perhaps fatally injuring Bluet, the automobile ran into a ditch and was badly wrecked. Baxter, who was accompanied by his wife, gave his name to a deputy sheriff and was allowed to go on his own recognizance, pending the coroner's inquest.

LOOT SECURED ON RUSSIAN TRAINS

Robbers Board Trains and Get Money of the Government in Fight With Officers and Guardsmen.

ROBBERS WOUNDED IN ONE OF TWO HOLD-UPS

Warsaw is Scene of Panic When Revolutionary Agents Make Attempt to Precipitate a Free for All Fight.

WARSAW, July 28.—Two daring train robberies were committed in Russian Poland today, one of them resulting in considerable loss of life. A train from the frontier station of Herby, bound for Czenstochowa, was carrying money received from the customs house to the branch imperial bank under the protection of seven frontier guardsmen. General Zukat, chief of frontier guards; General Weitenring and Captain Laguna were passengers.

Fifteen persons boarded the train at a way station. They evidently had been waiting for it and made an attack on the guardsmen who were reinforced by the officers named. A regular skirmish followed in which the two generals, two officials, five soldiers and one robber were killed and Colonel Brezizicki and one robber wounded. The wounded and dead were taken to Czenstochowa. The robbers escaped, taking \$5,900 and the arms of those who had attempted to defend the train against the robbers.

A second robbery was committed tonight on the Warsaw-Vienna railway, six miles from Warsaw. While the train was under way, unknown persons pulled the danger signal, causing the train to stop. The robbers, who were aboard, jumped out, seized the locomotive and detached the mail car from the train and ran it down the line. They secured \$37,500 of government money. The robbers evidently were fully informed that the train had the money on board. They carried flags and are supposed to be members of the Polish Socialist party. The train was without a guard, and hence there was no fighting and no casualties. Efforts to capture the robbers failed.

The robber who lies wounded at Czenstochow is in a serious condition. He refuses to say anything about whatever concerning his accomplices.

Public disorder is growing daily throughout Russian Poland. Today a panic occurred in the public park here. Many shots were fired and one person was killed and four wounded. It is believed to have been at attempt by revolutionary agents to start an outbreak.

NEW YORK, July 28.—Maxim Gorky today made public an appeal directed to the people of America to "Help the people of Russia to free its body from the parasites which such its life blood."

The appeal was in part as follows: "The Car has dispersed the down. This small man, trembling on his throne for his life and power like an aspen leaf, has, with one stroke of the pen, destroyed all semblance of law in Russia, and called into life a new series of murders, robberies and outrages.

"The Russia government will now inaugurate a policy of brutal and bestial reprisals. The hangings and thieves surrounding the throne, and supporting it with blood-stained hands, have of late heard many bitter and insulting truths from the lips of courageous men. They will avenge themselves for it, and their vengeance will be severe. They will commence to annihilate and destroy the leaders of the people and, having destroyed the leaders, they will again declare war on an unarmed and defenseless people.
