### NOTICE!

To the Occupants of Lots on the "Way Up" Mining Claim Surface.

I have heretofore notified you that I own three-fifths of the surface ground of the Way Up mine. I now notify you that I claim no right to said ground against any one who has been in possession of a lot or lots thereon for five years, as I think the five years statute of limitation commenced to run on September 22, 1880, when the patent to the townsite issued. But, in any event, I would not disturb any one who has improved a lot for several years; unless, in the case of one who has identified himself with those who fraudulently obtained the townsite title from Alder Randall, mayor, or who now buys or has lately bought of them or given them aid or assistance.

But, as to all of the lots on said Way Up mine now vacant or unoccupied, or that have lately been settled on or bought from the townsite claimants, or claimants under the Way Up mine, I will assert my rights, but will sell at a reasonable price, reserving my right to refuse to sell to any one who, by purchasing lots as aforesaid from other claimants and paying for more than two-fifths thereof has identified himself with the frauds.

N. B. The two-fifths interest in said Way Up surface which I do not own or claim, does not belong to any one in Tombstone, as near as I can find out by the records of the county.
