KING ALCOHOL DETHRONED

—BY THE—

GREAT ACME REMEDY.

The Acme treatment is a positive cure for all stages of ALCOHOLISM, removing all cravings of the appetite for either spirituous or malt liquors.

It can be taken at home without interfering with the social or business affairs of life, and will effect a more SPEEDY AND PERMANENT CURE than can be derived from a long and expensive course of treatment at inebriate hospitals.

THE ACME treatment is simple in form and inexpensive, coming within the means of EVERY UNFORTUNATE MAN or woman that may have contracted an appetite for strong drink.

It is equally potent as a cure for the OPIUM or MORPHINE habit or THE EXCESSIVE USE of NARCOTICS or tobacco.

For periodical SICK HEADACHE, NERVOUSNESS and HYSTERIA it stands unrivalled when used as either a PREVENTATIVE or a CURE.

In the periods of physical derangements and mutual depression that follow EXCESSIVE DRINKING, it speedily restores the functions of nature, and lends a soothing and restful influence to the disturbed mind. If the treatment is continued from this stage of restoration the desire for stimulating drink will in a brief time be wholly eradicated.

In all cases of MENTAL FATIGUE, CONFUSION OF THOUGHT or a clouded memory, it is particularly beneficial and most desirable in its results. It STIMULATES THE INTELLECT, leaving the mind in a CLEAR and EXALTED STATE, without depression of spirits or periods of reaction after its use.

It is not a nauseating medicine and may be administered in cooling drinks or food. Its presence cannot be detected by the most acute palate or fastidious stomach.

If you do not find it at your druggist's send $1.00 by postal order or postal note to Acme Manufacturing Company, Box 141, Kansas City, and you will receive one package of the Acme Remedy in plain package, secure from observation.

All letters of enquiry containing stamp answered promptly.

Liberal discount to druggists and dealers.

DANGEROUS DRUGS:

How to Control Effectually All Such Horrible Habits.

Rochester, N. Y. Post-Express.

A gentleman who has spent the summer abroad, said to our reporter, that the thing that impressed him most of all was the number of holidays one encounters abroad and the little anxiety the people display in the conduct of business affairs. "Men boast here," he said, "that they work for years without a day off; in Europe that would be considered a crime."

Mr. H. H. Warner, who was present at the time, said, "This is the first summer in years that I have not spent on the water. Been too busy."

"Then, I suppose you have been advertising extensively?"

"Not at all. We have always heretofore closed our laboratory during July, August and September, but this summer we have kept it running day and night to supply the demand, which has been three times greater than ever before in our history at this season."

"How do you account for this?"

"The increase has come from the *universal recognition of the excellence of our preparations.* We have been nearly ten years before the public and the sales are *constantly increasing* while our newspaper advertising is *constantly diminishing.* Why, high scientific and medical authorities, now publicly concede that our Warner's safe cure is the only scientific specific for kidney and liver diseases and for all the many diseases caused by them."

"Have you evidence of this?"

"Abundance! Only a few weeks ago Dr. J. L. Stephens, of Lebanon, Ohio, a specialist for the cure of narcotic, etc., habits told me that a number of eminent scientific medical men had been experimenting for years, testing and analyzing all known remedies for the kidneys and liver, for, as you may be aware, the excessive use of all narcotics and stimulants destroys those organs, and until they can be restored to health the habits cannot be broken up! Among the investigators were such men as J. M. Hail, M. D., President of the State Board of Health of Iowa, and Alexander Neil, M. D., Professor of Surgery in the college of Physicians and Surgeons and president of the Academy of Medicine at Columbus, who, after exhaustive inquiry, reported that there was no remedy known to schools or scientific inquiry equal to Warner's safe cure!"

"Are many persons addicted to the use of deadly drugs?"

"There are forty millions of people in the world who use opium alone, and there are many hundreds of thousands in this country who are victims of morphine, opium, quinine and cocaine. They think they have no such habit about them—so many people are unconscious victims of these habits. They have pains and symptoms of what they call malaria and other diseases, when in reality it is the demand in the system for these terrible drugs, a demand that is caused largely by physicians' prescriptions which contain so many dangerous drugs, and strong spirits, and one that must be answered or silenced in the kidneys and liver by what Dr. Stephens says is the only kidney and liver specific. He also says that morbific opium and other drug eaters, if they sustain the kidney and liver vigor with that great remedy, can keep up these habits in moderation."

"Well does not this discovery give you a new revelation of the power of safe cure?"

"No, sir; for years I have tried to convince the public that *nearly all the diseases of the human system* originate in some disorder of the kidneys or liver, and hence I have logically declared that if our specific were used, over ninety per cent. of these ailments would disappear. The liver and kidneys seem to absorb these poisons from the blood and become depraved and diseased."

"When those eminent authorities thus publicly admit that there is no remedy like ours to enable the kidneys and liver to throw off the frightful effects of all deadly drugs and excessive use of stimulants it is an admission of its power as great as any one could desire; for if through its influence along the opium, morphine, quinine, cocaine and liquor habits can be overcome, what higher testimonial of its specific power could be asked for?"

"You really believe then, Mr. Warner, that the majority of diseases come from kidney and liver complaints?"

"I do! When you see a person moping and groveling about, half dead and half alive, year after year, you may surely put him down as having some kidney and liver trouble."

"The other day I was talking with Dr. Foster, the eminent oculist of this city, who told that half the patients who came to him for eye treatment were affected by advanced kidney disease. Now many people wonder why in middle life their eye sight becomes poor. A thorough course of treatment with Warner's safe cure is what they need more than a pair of eye glasses. The kidney poison in the blood always attacks the weakest part of the body; with some it affects the *eyes*; with others the *head*; with others the *stomach* or the *lungs*, or *rheumatic* disorders follows and *neuralgia* tears them in pieces, or they lose the *powers* of *taste, smell* or become *impotent in other functions* of the body.
