Coming to Tombstone

Dr. LIEBIG'S WONDERFUL INVIGORATOR
MANHOOD RESTORED

DR. LIEBIG & CO.,

—SPECIAL—

Physician and Surgeon,

OF SAN FRANCISCO, CAL.

The above well-known and long-established Specialists having many patients in this and surrounding counties, have decided to open an office at

EL PASO, February 2d, 3d and 4th.
ALBUQUERQUE, Feb. 6th and 7th.
SANTA FE, Feb. 8th and 9th.
LAS VEGAS, Feb. 10th and 11th.
Tombstone, Feb. 13th.
TUCSON, Feb. 14th, 15th and 16th.
YUMA, Feb. 17th and 18th.

Where they will have private offices on the above days only, and where all who desire to consult with the Renowned Specialists will have the opportunity of doing so FREE OF CHARGE.

NOTICE.—On account of rapidly increasing business Dr. Liebig & Co. will not be able to visit Tombstone this year. All persons desiring medical treatment will please address or call upon Dr. Liebig & Co., 400 Geary St., San Francisco, Cal.

The Liebig Dispensary for the treatment of all Chronic, Private and Complicated diseases, has been established in San Francisco for nearly a quarter of a century. The Dispensary building occupies the entire corner of Geary and Mason streets, San Francisco, and is the only Medical and Surgical Institute on the Pacific Coast that has its own elegant Drug Store in Dispensary building, employing registered Chemists and scientific Surgical Instrument makers to manufacture all Surgical Instruments for the patients of the Liebig Dispensary; also to prepare the celebrated Dr. Liebig's wonderful German Invigorator. To the marvelous cures and discoveries made by Dr. Liebig & Co., are due all the great successes they have had. In 1881 they discovered the complicated Prostatorrhea, resulting from youthful imprudence and excesses of maturity or unskillfully treated cases of a special nature, that from time immemorial had prevented thousands from being cured of nervous debility, physical weakness and unnatural losses from the system, resulting from follies of youth. Dr. Liebig & Co. use every successful remedial agent known to modern scientists, favoring the schools of Homeopathy and Electricism, taking from the Allopathic all that is useful, and adapting surgical instruments to the various ailments and deformities, attaching to appliances magnetism and electricity. Successful treatment guaranteed in all curable cases or no fees required.

SURGICAL BRANCH.

The Doctors will give personal attention to diseases of the Chest, Head and Throat, Catarrh, diseases of the Liver and Kidneys; also to deformities requiring Surgical appliances. Balance of treatment conducted from the Liebig Dispensary, San Francisco, Cal.

THE BEST

Hair restorative in the world is HALL'S HAIR RENEWER. It cures all diseases of the scalp, and stimulates the hair glands to healthful action. It stops the falling of the hair; prevents its turning gray; cures baldness, and restores youthful color and freshness of appearance to heads already white with age. The following are a few illustrations of what is done by

HALL'S
Vegetable Sicilian
HAIR RENEWER:

☞ MRS. HUNNEBERRY, *344 Franklin Ave., Brooklyn, N. Y.*, after a severe attack of Erysipelas in the head, found her hair—already gray—falling off so rapidly that she soon became quite bald. One bottle of HALL'S HAIR RENEWER brought it back as soft, brown and thick as when she was a girl.

☞ MR. KESLING, an old farmer, near *Warsaw, Ind.*, had scarcely any hair left, and what little there was of it had become nearly white. One bottle of HALL'S HAIR RENEWER stopped its falling out, and gave him a thick, luxurious head of hair, as brown and fresh as he ever had.

☞ MRS. A. T. WALL, *Greenfield, Cheshire, Eng.*, writes: "I have found the greatest benefit from the use of HALL'S HAIR RENEWER, it having restored my hair, which was rapidly falling off, and returned its original color."

☞ DR. EMIL SEIP, *Detroit, Mich.*, certifies that "HALL'S HAIR RENEWER is excellent for hair growing, and gives back the natural color to faded and gray hair."

☞ MRS. S. E. ELLIOTT, *Glenville, W. Va.*, says: "One bottle of HALL'S HAIR RENEWER restored my hair to its natural, youthful color."

No injurious substances enter into the composition of HALL'S HAIR RENEWER, and it is not a dye. Its vegetable ingredients render it in the highest degree beneficial to the scalp as a preventive of disease. Its effects are natural and lasting, and it does not make the hair dry and brashy, like the so-called restoratives compounded with alcohol.

Buckingham's Dye
FOR THE
WHISKERS

Is, in four respects, superior to all others.
1st—It will produce a rich, natural color, brown or black, as desired.
2d—The color so produced is permanent, cannot be washed off, and will not soil anything with which it comes in contact.
3d—It is a single preparation, and more convenient of application than any other hair or whisker dye.
4th—It contains no deleterious ingredients, as do many preparations offered for like use.

IS THERE ANY HOPE?

NEW AND IMPORTANT OPINIONS OF PULMONARY EXPERTS!

Can the Universal Consumption be Successfully Treated?

Dr. Borgeon, a leading French doctor, has a new treatment for consumption.

He gives an enema of carbonic acid sulphuretted hydrogen gases, the latter gas carrying the former into every part of the throat and lungs.

This treatment, too, is directed at effects—the cause remains undisturbed.

What this caus eis has been stated by perhaps the highest pulmonary authority in the world, *i. e.*, the Brompton Hospital for Consumptives, in London, Eng.

This malady every year carries off from one-seventh to one-fifth of the entire population of England!

Dr. Payne, M.D., M.R.C.P., London, is authority for this statement.

The same or a greater proportion of deaths obtains in America.

Dr. Payne also says that one-half the total number of deaths from all *other* causes have seeds of this disease in the system which only require some irritant to develop!

Dr. Hermann Brehmer, an eminent German authority, says that consumption is caused by deficient nutrition of the lungs, by poor blood.

These authorities cannot be disputed. The medical world recognizes them. The uric acid is the irritant in the blood that causes the development of the seeds which Dr. Brehmer says lie dormant in the blood.

Every particle of blood which passes through the lungs and heart, also goes through the kidneys, and if they are in the least deranged they cannot rid the blood of its killing poison. The thousand little hair-like sewer tubes of the kidneys very easily get blocked up and diseased; and when they do, they corrupt instead of purifying the blood. Kidney disease may exist, and yet no pain occur in that organ, because it is deficient in nerves of sensation.

Dip your finger in acid every day and it soon festers and is destroyed. Send acid poisoned blood through the lungs every second, and they soon give way.

The Brompton Hospital investigation showed that 52 per cent. of the victims of consumption were afflicted with deranged kidneys, which permitted the uric acid poison to remain in the blood and irritate the lungs. This uric acid is always fighting every vital organ, and if there be any inherent weakness in the lungs it inevitably causes pneumonia, cough and consumption.

The real cause of pulmonary troubles being so authoritatively shown to be faulty even though unsuspected action of the kidneys, explains why, in order to master the dreaded consumption, one must rid the blood of the uric acid irritant which inflames and burns up the lung substance. For this purpose there is nothing equal to that great specific, Warner's safe cure. This remedy has now the favor of medical men all over the world purely on its merits. We have no doubt that if the kidneys are kept in natural action, consumption and a great many other diseases, caused by uric acid, will not only be cured but will be prevented.

When the kidney is healthy, no albumen appears in the water, but albumen is found in the water of more than half of those who die of consumption!

This, then, is the condition of things that always precedes consumption: First, weakened kidneys; second, retained uric acid, poisoning the blood; third, the development of disease in the lungs by the irritant acids passing through them. Then there is a little cough in the morning; soon thick, yellow matter is spit up, followed by loss of flesh and strength, with dreadful night-sweats; and when the patient goes to his school physician for help, he is put on cod-liver oil which his stomach, weakened also by uric acid in the blood, cannot digest. Because there is no pain present in the kidneys, the patient does not think they are affected, but the kidney acid is doing its work every minute, every hour, day and night, and by-and-by the disease of the lungs has advanced until pus is developed, then come hemorrhages, and at last the glassy stare which denotes that the end is near!

A post-mortem examination of such cases shows that the terrible uric acid has completely destroyed the substance of the lung.

It is impossible to cure lung disease when the blood is poisoned with uric acid.
