### LOCAL NOTES.

The banquet last evening, was a grand success.

Charley Driscoll arrived in Tombstone yesterday and was warmly greeted by his many friends in this city.

Mark A. Smith left for Phenix yesterday, being called to that city by a telegram from Ben Goodrich.

A bill passed the Connecticut Legislature prohibiting employers from discounting wages advanced to employees before day pay.

Italians are crowding out the Chinese as gardeners in California being better qualified for the business and being frugal and industrious.

Charley Leach will purchase real estate in Phenix, probably in connection with Mr. Blinn. Tombstone people are the leading purchasers in Maricopa county at present.

George Washington is now in the Virginia Penitentiary, and in the last year James K. Polk, Henry Clay, John C. Calhoun, and Daniel Webster have been his companions.

In about four months many of the men who are leaving for pastures new, and investing money gained in this camp, will be wending their way back to the old town, not quite so rich, but with a heap of experience.

Nathan E. Harrelson of Belton Mo., has been sued for breach of promise by Lucy B. Horne a Kentucky Blue-Grass belle, who thinks \$25,000 will soothe her wounded heart. She is 22 years old and the Missourian is 86 and he is very wealthy.

It ought to be easy sledding for the Democratic party next year. From all accounts the man Kissane is the fellow who committed the crimes that have all along been laid at the door of that historic organization.

Large cattle ranges will soon be a thing of the past in Arizona. The attention of the eastern capitalists are just being directed towards our Territory, and all the available lands will soon be taken.

An era of good feeling has been ushered in at Omaha, where the retiring postmaster sat down to a banquet with his successor. It appears that the one was ready to go and nobody ever questioned the willingness of the other to step in.

A record kept in one of the central counties of Dakota shows but thirty-three days when the thermometer was at zero or below. The winter before had fifty two cold days, the one before that fifty and that of 1882-83 had ninety-one days.

The Brotherhood of Locomotive Engineers has 310 divisions in the United States and Canada, and a membership of about 20,000. The order is growing very rapidly, and already over 90 per cent of all the engineers of American are members.

The great success of Buffalo Bill's engagement in London is assured. There is nothing like catering to peoples prejudices. It is the belief of the mass of the Britishers that the Americans are half Indian and half grisly bear, and the Wild West show is organized on this principle.

The Supreme Court of the United States finally affirmed the validity of the famous Maxwell grant and certain Hollanders on whom the tract was unloaded will now gain title to 1,700,000 acres of land. If they have been watching the drift of affairs of late, they will sell as soon as they can, as the chances are that the feeling against alien land-lordism will presently result in legislation which may have a depressing effect upon prices.

### THE TRIPLE LINKS.

#### A Social Gathering of Tombstone's Odd Fellows and Ladies.

Yesterday being the sixty-eighth anniversary of the Independent Order of Old Fellows, Cochise Lodge, following an old-time custom of the Order, entertained its members, their wives and all visiting brothers at a banquet at the Seiffeln hall last evening. The spread was prepared by the Maize Doree, and to say that it was a lavish display of tempting dainties, is drawing it mild. This famous restaurant, noted for its fine cooking and extreme good taste in the selections of its viands for like occasions, fairly distanced itself upon this occasion. The invitations to the members of the Order was responded to by nearly every Old Fellow in the city, and with their wives made a large and a very select gathering. The hall and tables were nicely decorated, and every possible preparation to make the banquet a success was made by the committee in charge of the affair. Mr. B. A. Fickas was the master of ceremonies, and right royally did he perform the duty assigned him. Mr. A. L. Grow was the first speaker of the evening, he spoke in response to the toast, "The Order." Mr. Grow, who upon all occasions speaks well and to the point, did the subject credit, as probably there is not another man in the Territory who is so familiar with the workings of this Order, as is A. L. Grow, the Grand Master of Arizona. The next was the toast, "Cochise Lodge," by A. W. Smith. Mr. Smith is a pleasant, fluent speaker, and he handled the subject in a manner which was creditable to himself and the Lodge. The next in order was the "Unity Degree Lodge." This delicate subject was handled by Mr. Bradford, and his selection for this occasion proved to be a happy one. Mr. Bradford is an old Old Fellow and a very intelligent gentleman, and he paid the Rebecca a very handsome tribute. "Odds and Ends," brought to the floor that old war horse of oldfellowship David Cohn who in his usual clear and forcible manner claimed the attention of the gathering for several minutes. Mr. Cohn is a very clever speaker and his remarks last evening were in remarkable good taste. "Sister Lodges" by W. D. Munnister is the orator of the Cochise lodge and his masterly handling of the subject was greeted by well merited applause. The singing by Thomas Vincent and others was splendid but the masterly effort of the occasion was a gem by Mrs. D. H. McNeil. This lady showed talent and eloquency in a high order and in the manner in which she rendered the beautiful poem last evening was pleasing as it was surprising. Mr. Edward Hopop, made the gallant response "to the ladies." Mr. Hopop being a great favorite with the fair sex, this duty was a very pleasing one to him and he paid the fair ones some very handsome and telling compliments. Mr. Martins singing was superb. Want of time and space prevents us for further mentioning the pleasant affair.

### G. H. Brick Swindle.

An Owl Tanks, N. M., dispatch to the Sun says: The great find for the gold brick swindlers is at present in the southwest. The bricks are made by a man named Begg, who lives in Denver. They are cheap affairs, made of a composition covered with thick gold paint. He sells the ordinary sized bricks for \$375 each. Since the first of the year three of those bricks have been disposed of by one man to Marshall, a storekeeper of Chihuahua, Mex., for \$1,900; one to a well known Mexican at Paso del Norte, for \$7,200, and another to an Arizona ranchman named Tyson, for \$5,500. The operator is well known at El Paso, Tex., and can be constantly seen playing faro in a ranch saloon on El Paso street. He belonged to the same outfit that sold the gold brick to Senator Dorsey for \$40,000.

### Maricopa County.

Dr. G. E. Goodfellow returned yesterday from Phenix. He says he has been attending Johnny Behan, and when he left Mr. Behan was recovering, and that unless some great change has occurred in the last twenty-four hours, he is all right. He is suffering from an abscess in his side, but the Doctor thinks he is all safe. Dr. Goodfellow has also dabbled in the general rush for Maricopa county land, and he laughingly told an EPITAPH reporter that he expected to "go broke in the business." Notwithstanding his assertion, the genial Doc or don't believe it, he is a sharp business man, and he will undoubtedly reap a harvest in the valley of the salt.

### OUR POSITION.

#### We Do Not Desire to Interfere in Courts of Justice.

The everlasting twiddle of a contemporary about Berry and his land frauds are getting somewhat stale in this community, as for our part we are willing to allow the courts of the Territory to decide issues submitted to them for their decision. We have no interest in Judge Berry's success in his land suits, other than to see justice done to all concerned. These matters have long since been taken to the courts for their action and pending a decision, no decent journal would discuss the issues, we have an able, honorable Judge in this district, and to his fairness and knowledge of equity, we are willing to submit. We do not, either uphold Judge Berry nor defame him, as we have before said, it is purely a question for our courts to determine. If the settlers on the Mountain Maid desire to resist the title, the courts is the only place in which it can be done. A suit for this purpose has been instituted and is now pending, and the EPITAPH is in hopes that justice will be done. Judge Berry has nothing to do with the management of this paper, Mr. C. S. Abbott and its present manager, are the owners and managers of its columns, and the affairs of Mr. Berry are in no wise mingled in our business. Our dealings with Judge Berry have been agreeable and fair, and the EPITAPH shall not take it upon itself to abuse him nor any other man for matters which the courts alone have power to adjudicate. We, as well as all other citizens, deplore the everlasting conflicts which have from time to time arose upon titles to real property in this city, but further than see absolute justice meted out to all parties, we have no interest. No man nor set of men can control our columns, we will speak plainly upon all subjects in which the people have an interest, but as to interfering with courts of justice, we never shall.

### Cholera in Guaymas.

Cholera to an alarming extent it is said is raging at Guaymas, five deaths recently occurred at that place, three of the bodies being cremated to prevent the spread of this dread disease. In a conversation with Dr. Goodfellow he gave it as his opinion that should the Cholera prevail at Guaymas it would be a difficult matter to prevent its reaching Tombstone. If this be the case our authorities should take immediate steps to prevent its reaching this city. The health of our citizens is what should be first attended to, no matter what the cost may be. Notwithstanding the fact that Governor Torres denies that the Cholera exists in Sonora. Parties direct from Guaymas say it is there and that several deaths have recently occurred there from the disease.

### Irish Humor.

"Passive resistance" in Ireland has some humor. At Ballysneece near Limerick forty-four head of cattle were advertised to be sold for non-payment of rent. Proceeded by two donkeys, decorated with gay ribbons, the cattle were driven into Limerick followed by a great crowd of jolly, boisterous people. The auctioneer fearing the unmerciful gawing of the multitude refused to perform his office. The Sheriff was appealed to, and he also declined. Had a seller been found it is mortal certain there would have been no buyers. After a vain attempt to get an auctioneer the sale was abandoned, and the cattle proceeded by their couriers and followed by the rollicking rabble, were driven back to the defaulting tenants.

### Judge Barnes.

Judge Barnes and his excellent wife gave a party to their friends in Tucson at their new residence, which was beautifully decorated with flowers for the occasion. The many warm friends of our able, conscientious Judge, in this city extend their good wishes to the genial couple in their new home on the banks of the Santa Cruz, and trust that life's journey will be made pleasant among their newly made friends in Arizona. The EPITAPH, recognizing the sterling qualities of Judge Barnes as a judicial officer and an honorable citizen, heartily joins in the wish.

There is a possibility that the President is felicitating himself on the happy effect of the interstate commerce law in thinning out office seekers at the capital before he is fairly out of the woods. Deprived of a pass, it will take the office seeker a little longer to get to Washington, but when he reaches town he will stay.

### Unnecessary Misery.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicine usually prescribed. HAMBURG FIGS were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. Mack & Co., proprietors, S. F.

### Fruit Trees.

Peach, apricot, plum, cherry, nectarine, apple, pear, fig, quince, and umbrella trees, grapevines, rose bushes, small fruit and house plants and bulbs sold by J. H. Tuttle, 2d street, between Allen and Fremont, Tombstone.

### Fruit Trees.

The finest two-year old fruit trees, quinces, peach, apricot, apple, pears, plums, prunes, nectarines, (persimmon Japan), chestnut, olives, almond, pomegranates, mountain pines; also fifty different roses, pinks and many other plants for sale by William Brauch, Fulton street, between Second and Third, Tombstone, Arizona. Orders by mail promptly attended. Our motto is honest dealing. Four boxes—pot plants received by express to day, most all in bloom, wisterias, Lady Washington, heliotrope, primroses, carnation, begonias and many other plants.

### Indigestion or Constipation.

A few HAMBURG FIGS are all that is necessary for the cure of the severest cases of indigestion or constipation and one taken occasionally will prevent the development of these affections 25 cents. At all druggists. J. J. Mack & Co. proprietors, S. F.
