We Could Tell You 101 Things About Our Clothing and Haberdashery
but ten minutes spent in our store looking over the bins will tell you much more.

Much Neglected Subject
Good Clear English

Address of Chairman Elving顿 School Board at

The address of the principal will be given before you have actually heard his talk, but you will be glad to accept the invitation to his acquaintance through the medium of this page. We have had the opportunity of seeing him in person and can say that he is a man of much ability and very well read. He has a special knowledge of English literature, and it is upon this subject that he will be speaking. He will be on hand at the moment of your arrival and will be ready to receive you. You will find him well prepared for his task, and if you have a word or two to say about the English language, he will be glad to hear it. He will be glad also to hear any suggestions you may have about the curriculum of the school. He is a man of great experience in the subject, and you will find him well qualified to give you the information you desire.

Arizona Metal In Silver And Copper Service For Battleship

The Arizona Metal Company, which is well known for its services in the field of metal working, has recently decided to enter the field of metal service for battleships. The company has a long history of providing high-quality metal products, and it is expected that this new service will be a great success.

NEW Poultry FIRM Buys Old Business

J. Johnson, who has several years experience in the poultry business, has bought the business of Mr. A. Smith, who has been in the business for many years. Mr. Johnson plans to expand the business and will be opening a new store in the near future.

Price $1000 Detroit

YOU CAN ALMOST TALK TO HER—THIS 3400 p. m. CHALMERS

They're buying motor cars today as they're buying more than ever before.

Blue eyes, brown hair, a rugged jaw, mean something—

but not so much as they used to.

They're asking ability. And that is not always measured in stations, weight and reach.

Likewise in a car. They look her over, learn her wheelbase, note the tire sizes, ask the bore and stroke of the engine and then—

They make her perform.

They make her hit the trail, roll her up the steepest hill. They let her out on the straightsaway, and they make her accelerate at slow speeds.

It's the only way to judge a car. And we're particularly glad, because we have in the $1000 p. m. Chalmers a car that answers every human wish.

You can almost talk to this animal. You can lead her anywhere. We know of no one who has ever called on her for too much, nor asked of her anything she couldn't deliver.

She's a young, fast-driving, hard-working, hard-working young lady. And the reason is her magnificent 3400 p. m. engine. Where his business in our business is written, 3400 p. m. will occupy a thick chapter.

Simply because at the lowest speeds she saves her energy, turns up only 300 p. m. at 30 miles an hour, and 1000 p. m. at 20 miles an hour.

Thus using only 18 per cent of her power at such speeds, and saving 82 to 80 per cent for wending, billy roads, bad turns, and on occasions when a little extra power is needed in the possession of the road.

One ride of five miles behind the wheel and you'll own it.

Ask your dealer about Chalmers service inspection coupons, negotiable at all Chalmers dealers everywhere. This system is a most important consideration in buying your car.

Pre-Owned Touring Car, $1000 Detroit

Two-Passenger Roadster, $1070 Detroit

Three-Passenger Cabriolet, $1440 Detroit

If It's a Herrick
It's the Best

Carefully constructed from materials of the highest grade, it means a considerable saving in the ice bills.

It will be better to buy a Herrick than to risk you.
