save bond for their appearance today in the city police court. The man gave their names as Jack Devine, Joe Davis, Ed Murtha, John P. Chase, Joe Marshall, E. M. Whitaker, J. B. Funeral arrangements will not be made until further word is received from relatives who have been informed of his death.

QUIET.

Influenza has even affected the police business. Since yesterday there has not been a single prisoner in jail. There isn't even a trusty around and the coppers themselves have been forced to do kitchen police. They are hopeful, however, of having some one in jail by tonight, even if they have to run in a reporter or editor.

WAS IN CITY.

Sheldon Ijams of Patagonia was in the city yesterday on a short business visit. He has a ranch in that locality and states that the farmers there have had a very successful year. DIES IN CALIFORNIA.

Word was received yesterday by local friends, stating the death of the one-year-old baby of Mr. and Mrs. Ross Champion of Oakland, Cal. Mrs. Champion was formerly Miss Lillian Trazona and was chief clerk of one of the departments of the Phelps Dodge store.

Miss Bernard and Miss Hoban are old school friends, having attended the same school in New York City for several years. Miss Bernard will leave this morning for El Paso, where she will visit friends before returning home.

HALLOWEEN THIS WEEK.

Never was there prettier or more artistic Halloween decorations in the Bisbee stores and shops than there are this week, but the quarantine has canceled all parties and consequently the pretty things must be held over until next year, or used to enliven the homes for the benefit of the family. Black cats, spooks and goblins, will not come into their own in decorative schemes, for parties are a thing of the past or of the future. Stern

health officers proclaim that there must be no parties until all danger of the disease epidemic is passed. Many disappointed little folks are hoping and watching for the lifting of the quarantine. A few children will have little parties in their homes, but most parents are strictly observing the quarantine and will not even let half a dozen neighbor children play together indoors.

ILL WITH INFLUENZA.

Miss Thomassene Uren, the popular fitter of the women's ready to wear department of the Phelps Dodge store, is ill at her home suffering from an attack of influenza. Besides Miss Uren, there are a number of other employees who are also ill with the same malady, among them being Miss Maggie Akard of the hardware department. Mr. Blake, merchandise man, who has been off of work for the past few days and Mr. Sodabearer.

ALL TOGETHER.

Reports current that whisky is to be used in the treatment of Spanish influenza has caused much coughing and sneezing and the inquiry, "How sick do I have to be to get a bottle?" Just how the report originated, although it received notice in several newspapers, is not known. But it is that as it may some people are trying hard to get on the sick list so that they will be delivered from the bootlegger who sells pints at \$6 each, cash.

PUNCHY POSTERS.

The posters that have been distributed in Bisbee showing the benefits which labor may expect from the proposed workmen's compensation law are striking in the extreme and are drawing the exact question which every thinking man must ask: "Do I want to receive compensation for my injuries or do I want that compensation to go to the lawyers and in court expenses?"

FIRST CALL MADE.

The local board of Cochise county yesterday received a call for 119 men of the class of September 12 registration. These men are the first called of the new draft and will be sent to the Kelly aviation field at San Antonio, Tex. It is evident that the government intends to use some of them in the aviation service as that is one of the training camps of that branch of the service. The men will be called to report in Tombstone during a 6-day period, beginning November 11.

EXCEPTIONALS MADE.

The United States war trade board has announced that no permits will be issued for the sending of parcels to soldiers in the armies of the entente allies. Individuals may send Christmas and other parcels to men in the American army and encouraged to do so, but none may be sent from this country to British, French, Italian or other soldiers fighting with the Americans in France. No reason is assigned for the order, but it is understood that the postoffice department has been instructed in regard to it.

FRANK McDONALD DIES.

Frank McDonald, aged about 40 years, died last night as a result of pneumonia complications following influenza. Mr. McDonald was both well known and popular in Bisbee. Until about a year ago he was a night foreman at the Sacramento shaft of the Copper Queen. More recently he had been working a property in the Huachuca mountains. His widow is a resident of Bisbee. An effort was being made last night by local friends to get in communication with his mother, who lives in Missouri. No funeral arrangements have been made.

FROM GLEESON.

Mrs. William Cummings was in the city yesterday from her home in Gleeson. She was here for the purpose of receiving a remittance from her son, George Gibson, who is in the U. S. navy. He enlisted over three years ago and is on one of the U. S. torpedo boat destroyers in European waters. He has been there for nearly a year. Under the law he is now allowed to send money orders or money from there and the money she received yesterday was sent by a wireless cable through the express office here. As the Gleeson office is not a code office she was compelled to come here. He has not been in the United States for a year. George Gibson is quite well known here.

OPEN IN MORNING.

The volunteer clerks at the Y. M. C. A. will be there from 9 to 12 in the morning to assist the night shift with their questionnaires. A member of the legal advisory board will be in attendance also. The clerks have been busy since Monday and have filled out several thousand already. They are anxious for all those who have the papers to fill out to report during the next few days as they wish to clear the work up. They are doing the work voluntarily and are giving their time, so it behooves the registrants to do their share and report as soon as possible so that it will not take too much of the time of the clerks.

ELECTION RETURNS.

The Review, as has been customary since it was established, has made arrangements for the receiving of election returns in the county for the general state and county election to be held next Tuesday. Today there was mailed out a list of the names of the candidates and the initiative measures to be voted on as well as the county seat removal question to every precinct in the county to some reliable citizen with requests to telephone or telegraph the returns from his respective precinct. In addition to this, they were requested to mail the returns in so that they could be checked as soon as received. The Review will furnish the returns to the other papers in the county and also to the state papers.

HOUSEHOLD HOARDING ALSO BEING DEALT WITH BY FOOD BOARD

FIRST CASE TO COME UP RESULTS IN PAYMENT OF \$25 FINE TO RED CROSS AND PUBLICATION OF NAME; RESTAURANTS, STORES FINED

FLAGSTAFF, Ariz., Oct. 29.—As the outcome of the first case of household hoarding to come to the attention of the enforcement division of the administration, George Gilbert of Clarkdale, has been permitted to contribute \$25 to the Red Cross, and a sack of sugar to war charities.

On September 7 Gilbert, intending to move to Prescott, made a shipment of household goods to the latter point. The goods were packed in boxes and a suspicion was aroused that one of them contained a sack of sugar and a sack of flour.

Acting upon information furnished by E. W. Carroll, deputy county food administrator at Jerome, County Food Administrator H. D. Aitken ordered the goods held and examined. The examination disclosed a 38 pound sack of flour and a sack of granulated sugar weighing 73 pounds net. The presence of the latter was considered evidence of hoarding, and this was confirmed by Mrs. Gilbert when she called for the goods.

She explained that she had purchased the sack of sugar from a Chinese store in Phoenix nearly a year ago. This in connection with a detailed record of sugar purchases by the Gilbert family from the T. F. Miller company of Clarkdale, showing regular purchases from January to July inclusive of this year conclusively established the charge of hoarding.

When faced with the seriousness of the situation the Gilberts disavowed any intention of wrong doing, and stated their willingness to submit to a voluntary fine. A contribution of \$25 was suggested and this was approved by the federal food administrator. The sugar is held by the food authorities and will be turned over to war charities.

The Portola cafe of Douglas, following a hearing held before the food administrator of Cochise county has been permitted to contribute \$50 to the Red Cross for repeated violations of the sugar rationing regulations. The Lowell cash store of Lowell will pay \$10 to the Red Cross in acknowledgment of having violated the rules governing the sale of flour and substitutes. A similar amount in a similar case will be contributed by the New State grocery of Douglas. In these, as well as in other cases, hearings were held before Robert Rue, food administrator for Cochise county.

MITT SIMMS OR HARRY KAY MAY BE NEXT GOVERNOR OF ARIZONA

GOVERNOR HUNT STATES THAT HE WILL NOT ACCEPT OFFICE AND COLTER MAY BE DISQUALIFIED AND SECRETARY-ELECT THEN TAKES OFFICE

PHOENIX, Ariz., Oct. 29.—There is a bare possibility that the governor's chair in Arizona will be filled after January 1 by Harry Kay, of Phoenix, or Mitt Simms, of Graham county, who happen not to be running for governor but for secretary of state on respectively, the republican and democratic tickets. It's all over a weird tangle that yet is snaring up the nation where there is any possible question as to its genuineness; in any event, taking up the note and turning it over to the government. Several of these \$100 counterfeit notes have been secured in El Paso within the past three days.

Dividends of better health and comfort are being enjoyed by thousands who have "invested" in INSTANT POSTUM as their regular table beverage in place of coffee. Convenient Economical Delicious

Colter. The republican side of the newspaper controversy is insisting that Colter is ineligible, because he was a member of the legislature that raised the governor's salary. A constitutional provision appears to bar him. His friends, including a number of lawyers and his attorney general, insist he is "in the clear" and he has kept on his course even after warning from the state chairman of his party.

The trouble has been made much of by the republican propaganda men, who have been asking why a voter should waste his vote for a man who could not fill the office, even if elected. On top of this has been the argument that if Colter were prevented from qualifying, Campbell would not succeed, for a plurality vote must be had, according to Arizona law, and that hunt, therefore, would hold over for another two year period. Without doubt, the governor must retain his seat till a successor shall have been elected and has qualified.

That this prodding has reached a tender spot is indicated by a recent visit to the capitol of a committee from the state department committee, which called upon Governor Hunt for some declaration in the premises. The governor is stated to have met the situation with a show of all frankness, forthwith dictating a statement, of which the essence follows: "There is absolutely no doubt in my mind, or in the mind of any unprejudiced observer, that Mr. Colter is eligible, but, irrespective of that fact and irrespective of who may receive the greatest number of votes at the election, whether it be Mr. Colter or Mr. Campbell, the electorate of Arizona has my assurances, which means my word, that on January 6, 1919, the office of governor will be turned over to the candidate who receives the certificate of election from the secretary of state."

There can be no doubt that Colter's right to the seat will be contested in the event he secures a majority over Campbell. In such an event there can be no doubt that Campbell has no standing for the office through his second place on the poll list of the secretary of state. In the event Colter this is kept from assuming the executive chair, no one but Hunt can legally fill it, without Hunt's assent. These statements are on the basis of expressions of opinion from lawyers of both parties.

Hunt, therefore, if he stands on his declaration to fill no office to which he has not been elected, must make formal resignation of the governorship. In such an event, the place goes by law to the next officer in rank, the elected secretary of state, assumed to have already qualified for the lesser office. In this wise, it is possible may be strengthened out a middle that is vexing the electorate of Arizona, with the result that a man yet unnamed for the governorship may fill the executive chair next year.

COUNTERFEIT NOTES ARE IN CIRCULATION

The treasury department has sent out a warning to the merchants and bankers of Bisbee to be on the lookout for a dangerous counterfeit \$100 federal reserve note. Some of them are coming in from Mexico, where they are being distributed by the maker, it is reported.

The description of the counterfeit note, as given out by the officials, is as follows: Federal reserve bank of Dallas; \$100 federal reserve note; vignette, portrait of Franklin, red seal. The engraving of the portrait is very crude, the face appearing to be covered by a beard, due to the heavy lines, seal improperly put on, the work on the back of the counterfeit having the appearance of cheap lithography, not on standard paper, and silk not present in the face of the notes.

As these counterfeit notes have been coming in from Mexico, southwestern business men have been particularly warned to get an opinion before repassing any note of the denomination where there is any possible question as to its genuineness; in any event, taking up the note and turning it over to the government. Several of these \$100 counterfeit notes have been secured in El Paso within the past three days.

MASKS ON PEOPLE BRAVE INFLUENZA

The influenza mask has made its appearance in the Warren district. Following the example of people in numerous other cities, several residents of this city yesterday went on the streets with cloth protectors over their nostrils and mouth as a preventive against contracting germs of the Spanish influenza so prevalent in this city and which are most readily acquired through the breathing.

The first to wear the masks yesterday on the streets was a man and woman who were in a motor car. Over the lower half of the face of each was a cloth mask that came down below the chin and was fastened behind the head. People turned to look and to remark, but the remark was that they would do the same. Later others were seen with the cloth mask over the lower part of their faces. The influenza mask is easily made. The most approved one is of several layers of coarse cheese cloth, but some of the masks seen on the street yesterday were merely handkerchiefs. The cheese cloth mask of several thicknesses is the best and most serviceable mask and is the one the doctors recommend. People who have tried them, find that there is no inconvenience in talking or breathing. The influenza masks wearers were pioneers yesterday but without a doubt, it will be a common sight by today.

CAMPBELL'S PARTY ARRIVED IN CITY LATE LAST NIGHT

REPUBLICANS WILL STAY HERE TODAY AND THEN PROBABLY WILL GO TO DOUGLAS; HAVE BEEN CAMPAIGNING AROUND TOMBSTONE

Thomas E. Campbell, republican candidate for governor of Arizona, arrived here yesterday, accompanied by H. E. Matthews, candidate for superintendent of public instruction, and J. G. Compton, candidate for corporation commissioner. Being thoroughly worn out by their efforts in the western part of the county during the last few days, the candidates went to bed early, prepared to get an early start today.

It is the intention of Mr. Campbell and his party to remain in the Warren district today, meeting as many men as possible. They will leave for Douglas some time tomorrow, according to present expectations. Prior to coming here the candidates were in Benson and Tombstone, at both of which places they said they had gathered a great deal of encouragement for the hope that they would receive a heavy vote.

TO THE VOTERS. A report that I am using my present office as deputy United States marshal to evade military duty is being circulated throughout Cochise county with a view to affecting my candidacy at the coming election. That this is a lie pure and simple can be proved by communicating with my superior at Phoenix. I have twice offered myself for military service and on each occasion these offers have been rejected. The Prospector was threatened with having it all turned back. However, this has been straightened out, I learned tonight. "I know that the Review is neutral in the fight and I can advance Tombstone's arguments only through the advertising columns, but I should feel that I had done less than my duty if I failed to mention the fact that we are drawing the attention of all voters merely to the true facts, then if they feel like voting against Tombstone we shall have no complaints."
