

MOYER WILL GO TODAY ON BAIL

Judge Wood Fixed His Bond at \$25,000, Which Will Be Furnished by Him at Once.

PETTIBONE'S TRIAL SET FOR OCTOBER FIRST

The Defense Admits that There Are a Number of Matters for Him to Explain in His Association with Harry Orchard.

By Associated Press.

BOISE, Idaho, July 29.—(To the bright sunlight of a beautiful Sabbath morning, William D. Haywood, defendant in one of the most noted trials involving conspiracy and murder that the country has ever known, walked a free man. The probability of acquittal had been freely predicted since yesterday when Judge Wood read his charge, which was regarded as strongly favorable to the defense in the interpretation of the laws as to conspiracy, circumstantial evidence and corroboration of an accomplice who confesses. It was predicted in the event of Haywood's acquittal the state would abandon the prosecution of Moyer and Pettibone. Statements from the counsel and from Governor Gooding dispel this view of the situation. Governor Gooding said the verdict was a great surprise to him. Continuing, he said: "The state will continue a vigorous prosecution of Moyer, Pettibone and Adams, and Simpkins when he is apprehended. There will be neither citation nor retreat."

BAIL FOR MOYER

BOISE, Idaho, July 29.—Charles H. Moyer, president of the Western Federation and co-defendant with William D. Haywood, who was acquitted yesterday, was ordered released on \$25,000 bail today by Judge Wood, who presided at the Haywood trial. Attorneys for the Federation expected to have the bond ready for filing tonight, but the arrangements have not been wholly completed at a late hour and Moyer resigned himself to another night in jail. He probably will be released tomorrow and leave within twenty-four hours for his home in Denver.

PETTIBONE REMAINS IN JAIL

No application for bail was made in the case of George A. Pettibone, the third of the alleged conspirators, but a motion was made for a speedy trial, and the case was ordered set down for Tuesday, October 1. Counsel intimated today that they might apply for a bond for Pettibone later, but it is not believed the state's attorneys will consent. It has been generally claimed that the state has more incriminating evidence against Pettibone than any of the others, while it has been generally conceded the case against Moyer is the weakest of the three.

THE DEFENSE IN THE HAYWOOD CASE ADMITS THAT THERE ARE A NUMBER OF MATTERS FOR PETTIBONE TO EXPLAIN AS TO HIS ASSOCIATION WITH HARRY ORCHARD AND SENDING MONEY TO HIM, BUT THEY SAID IT WOULD BE TIME ENOUGH TO DEAL WITH THESE MATTERS WHEN PETTIBONE HIMSELF IS PLACED ON TRIAL.

HAYWOOD'S FRIENDS GLAD

Haywood today continued to receive many congratulatory telegrams from all sections of the country. They came from individuals, from local unions and from various socialist organizations and leaders. Aside from the personal congratulations the senders of the messages nearly all expressed the sentiment, "Labor has triumphed over the oppressive measures of capital."

HAYWOOD SPENT THE DAY AT THE COTTAGE OCCUPIED BY HIS FAMILY AND RECEIVED MANY CALLERS. HE EXPECTS TO LEAVE FOR DENVER ON THURSDAY.

THE MATTER OF RELEASING MOYER ON BAIL AND FIXING THE TIME FOR PETTIBONE'S TRIAL CAME UP BEFORE JUDGE WOOD AT 10 O'CLOCK THIS MORNING, BUT WAS POSTPONED UNTIL 2 P. M. IN ORDER TO ALLOW FURTHER CONFERENCES BETWEEN COUNSEL FOR THE DEFENSE AND FOR THE PROSECUTION. STRENUOUS EFFORTS WERE MADE TO SECURE THE RELEASE OF PETTIBONE, BUT WITHOUT AVAIL.

MOYER AND PETTIBONE IN COURT

The big courtroom, with the empty jury box and bench, appeared far different from the closing days of the trial when hundreds of people were turned away from every session. Moyer and Pettibone were brought into court at 2 o'clock. The latter's wife was present and broke down and cried when the order was made releasing Moyer and holding her husband. It is said tonight that Pettibone may be taken back to the Canyon county jail at Caldwell until the time for the trial arrives. The case and the prisoners were brought to Boise six months ago on a change of venue from Canyon to Ada county.

JUDGE WOOD SAID HE WOULD PERSONALLY APPROVE THE BOND AND MAKE IT CONTINUING, SO MOYER COULD REMAIN AT HOME IN COLORADO UNTIL WANTED.

AS TO PETTIBONE, MR. DARROW URGED THAT THE EARLIEST POSSIBLE DATE BE FIXED FOR THE TRIAL. THE NEXT TERM OF COURT BEGINS SEPTEMBER 4, AND JUDGE WOOD SAID HE WOULD LIKE TO CLEAR THE CALENDAR AS FAR AS POSSIBLE. OCTOBER 1 WAS SET AS THE DATE, WHICH WAS AGREEABLE TO ALL.

THE BOND FOR MOYER WAS TO BE GIVEN

in a unique way. The Butte local of the Western Federation is the richest in organization and carries a deposit of from \$100,000 to \$140,000 constantly in the banks. Arrangements were made today by wire for the Butte Union to make a deposit of \$25,000 subject to draft by the First National bank of Boise.

COMMENT ON THE VERDICT

The Boise Statesman says: "The Statesman, in common with the great mass of people, regrets that the trial of Haywood resulted as it did. The verdict came as a surprise, as it had not been supposed such a conclusion would be reached, even the defense, according to the best information obtainable, hoping for nothing better than a hung jury. "But the case has been decided by an Idaho jury under the facts as they found them, and it is the duty of all, as in all cases fully submitted to our constituted tribunals of justice, to accept the result in that spirit of loyalty to our courts which, as a necessary attitude, if our rights are to be protected, and peace and order and good will are to reign."

THE EVENING CAPITAL SAYS:

"There was bound to be some disappointment, whatever the verdict may have been. But the jury which tried the case was one whose honesty, integrity, ability and good citizenship no one doubted, and now that they expressed themselves it will come with as little grace to complain of their decision. "There is but one thing to do and this is to let the Haywood case die from the public mind as quickly as possible. In the minds of some it will linger as a dream, but as a terrible nightmare in the body politic of the state. In the minds of others it must remain as a living lie to the arguments and doctrines of that political school which teaches the doctrine of discontent."

HAYWOOD JURORS TALK

The jurors in the case continued publicly to discuss the part they played. Samuel D. Gilman, the last man to vote for acquittal, said: "There has been published one statement that I want to correct. One of the jurors is quoted as saying the jury spent a long, disagreeable and tiresome night in order to convince two jurors that the defendant was not guilty. I want to say that they never did convince us. I believed he was guilty and I still believe he is guilty, and I want the world to know it. I simply acquiesced to a verdict of acquittal because I felt I could not do otherwise after I found the entire eleven other jurors consenting to the verdict, but not because I was convinced that I was right. Kindly make the correction for me."

ALSO BELIEVES HIM GUILTY

Juror A. H. Burns said: "I was finally convinced when we left the courtroom that the first ballot would show a vote for conviction. I still retain the belief that Haywood was guilty and only changed my vote because it struck me that if the evidence presented left eight men unconvinced of the guilt of the defendant, it would be impossible to get twelve men in another trial; that it would be better to settle the question by acquiescing in their decision."

SAYS HE DID HIS DUTY

BOISE, Idaho, July 29.—When Orchard heard the verdict he said: "Well, I did my duty and told the truth. I could do no more. I am ready to take any punishment meted out to me for my crime, the sooner it comes the better."

OUT TWENTY-ONE HOURS

The jury, after being out twenty-one hours, which was first divided eight to four, seemed deadlocked at ten to two, and finally agreed shortly after daylight today.

SPECULATION AS TO VERDICT

The long time the jury was out conveyed the general impression that there could be no other outcome than a disagreement. Rumors which spread so rapidly and frequently throughout the (Continued on Page Two)

TERRIBLE STATE OF CONGO PEOPLE

The Situation in the Congo Free State Is Discussed in the House of Lords

By Associated Press.

LONDON, July 29.—"The system of government in Congo is one of unrestrained tyranny enforced by bullet and cruelty." These words were spoken by Lord Monkswell, who raised the Congo question in the house of lords today and moved for papers. The attendance was small.

A general debate on the Congo question followed and a number of bishops were among the speakers. The earl of Mayo advocated another international convention in the matter of Congo, and, failing at that, the appointment of more British consuls on the Upper Congo.

Lord Fitzmaurice, undersecretary of foreign affairs, speaking for the government, said they were not blind to the fact, but this matter was surrounded with grave difficulties. He said it was an international question and if the house took any sudden, rash action, it would run a risk of injuring the cause it had at heart. At the conclusion of Fitzmaurice's address Monkswell withdrew his motion.

FORAKER WON'T SUPPORT TAFT

Ohio Senator Gives His Idea of the Situation in Ohio State Politics in Long Letter.

DON'T WANT NATIONAL POLITICS INJECTED

A Lively Scrap Has Begun in the State that Makes Presidents and the First Note Is Sounded by Foraker.

By Associated Press.

CINCINNATI, Ohio, July 29.—That it is impossible for him under the present conditions to favor the presidential candidacy of Secretary Taft is the statement of Senator Foraker in a letter given out here and addressed to C. K. McCoy, member of the Republican state committee. It is intended as an expression of the senator's views to be presented when the committee meets in Columbus tomorrow.

The interview of Governor Harris in which he favors the endorsement of Foraker for senator and Taft for president encourages the suggestion of his own name for another term as governor. The letter of Senator Foraker follows:

"Inasmuch as you are a member of the state central committee, I take the liberty of addressing you and all the Republican voters of Ohio upon the questions brought to my attention. "At the Dayton convention last year it was proposed by a great number of the delegates to endorse a candidate for the presidency. I opposed the proposition on the ground that it was not only premature, but also the delegates had not been chosen with reference to that question. Their action could not be binding upon the next state convention. The present state committee is composed of only twenty-one members, chosen by that convention. They were not selected with reference to presidential preferences. They were chosen to be simply the machinery of the party. The selection of a candidate for the party is not one of their duties. Their action now in endorsing a candidate for the president would not, as Governor Harris well says, be binding upon anybody, not even themselves, but would be wholly outside their jurisdiction and unauthorized. It is only the same as the individual opinions of so many citizens of the state.

Question for the People

"On a number of occasions heretofore I stated that so far as I had been individually concerned as a citizen of Ohio, and a member of the Republican party, I did not think the question should be determined except as in accordance with the expressed wish of the Republican voters of Ohio, and that in view of controversies that have arisen the voters should be given an opportunity to be heard before any action is taken by any committee or any body not chosen by the people.

"In view of what Governor Harris has seen fit to say, I trust it not out of place for me to call attention to my former expressions. I do not think the state committee has any authority to pass on any such subject and do not think it would promote party harmony for it to undertake to anticipate Republican voters by speaking in advance of any action by them.

"I do not think anybody would regard such an action as binding. I am sure I would not. I do not think it could in any way promote party good in our state or advance the cause of Republicanism either in Ohio or elsewhere. I think it premature and bad policy to undertake to inject the presidential question and national politics in Ohio politics at a time when we are concerned with municipal election. It should be the desire of every Republican to subordinate everything that might stand in the way of united harmony to our successful Republican effort. When we are through with the elections we can take up in an orderly way without injury to any interest as the next business the settlement of our presidential preferences.

Won't Support Taft

"If we are given time to discuss the subject as I propose, I may change my views about it without further advice. It is impossible for me, notwithstanding the high character and great ability and the distinguished services of Secretary Taft, to favor his candidacy."

CLIFTON STRIKE ENDS AND MEN RETURN TO WORK

Special to the Silver Belt. CLIFTON, Ariz., July 29.—The strike of smeltersmen which took place here last week is at an end, the men returning to work at the old wage scale.

About three hundred men went out and a part of the works were closed down for a few days. There was no violence or disturbance of any kind.

Wages are lower here than in other mining camps of southern Arizona. The labor is largely Mexican and Italian and the wages range from \$2.50 to \$3.50 per day.

COMPELLED TO MAKE FAST TIME

Investigation of Columbia Disaster Brings Out Some Startling Statements.

SHIPS SUPPOSED TO MAKE ROUND TRIP ON TIME

Lives of Passengers Are Not Considered in the Effort of the Steamship Company to Get Best Speed Possible.

By Associated Press.

SAN FRANCISCO, Cal., July 29.—The responsibility of companies which by the iron schedules compel the masters of ships to go at a speed that their own consciences tell them is unsafe, was the feature of the Columbia wreck investigation before Captain Birmingham today.

Second Officer Agerup's testimony established more clearly than before the fact that captains are compelled to run ships at full speed along the dangerous coast in foggy weather and in a course navigated by many vessels.

"Is it the usual practice on this coast to go at full speed?" asked Captain Birmingham.

Forced to Go Fast

"The captain always slowed up when he heard a steamer ahead," was the answer. The question as to whether it was necessary to go at full speed in order to make the schedule elicited the comment that there was a certain time allowed for the round trip of coast steamships and that it was necessary to arrive at a certain hour to go in on the tide and avoid delay.

"Did the ship never slow up unless there was a steamer ahead?" asked the captain.

I can't recall that we ever did. It might be once in a while, perhaps, especially in very bad weather," said Agerup.

Although the attorney for the company succeeded in establishing that the captain never gave the order mentioned, he made no effort to shake the testimony that dangerous runs are made to keep the vessel on its schedule and that the moral suasion of the company was the reason for them.

Indians Did Not Show

The Indian devil and war dance scheduled to take place at the ball park did not come off Sunday night owing to failure to appear on the part of the Indians. There was an exceptionally large crowd in attendance and all were much disappointed that the much-heralded performance did not take place. The management claims that the interpreter engaged to make arrangements with the Indians did not do as instructed and that the Indians were dissatisfied and refused to show.

Want Street Lights

The residents of North Globe will petition the city council for are lights to be placed on the street between Banker's garden and Mill Williams' store. There is no light along this thoroughfare at night and the traffic is heavy there during the evening. Added to the discomforts of walking in darkness is the danger of being run over by railway trains, and the residents of that part of the city believe that this means should be adopted at once of lessening the danger.

Gun Club Holds Shoot

The gun club held its regular shoot at the ball grounds Sunday morning at 10 o'clock and the following score was made: In the first inning out of a possible thirty birds J. G. Naquin made 28, J. H. Van Wageningen 18, Sam Gibson 24, A. McAlpine 23, N. L. Naquin 26. In the second inning the score was as follows: Out of a possible fifteen J. G. Naquin made 14, J. H. Van Wageningen 8, Sam Gibson 10, A. McAlpine 11, N. L. Naquin 13. The best average was made by J. G. Naquin by a score of 96.

By Associated Press. KENTON, Ohio, July 29.—Thomas Black, a lawyer, and mayor for two terms, gave himself up to the sheriff today and asked to be placed behind the bars. Black acknowledged the forgery of papers involving \$28,000. His operations extend over a period of nine years.

An Alleged Embezzler

L. E. Pollard was yesterday arrested charged with embezzling a gun. He had been entrusted with the weapon by W. T. Hayes, it was alleged, and the gun mysteriously disappeared. Hayes thought that Pollard had appropriated it and thereupon charged him with embezzlement, for which he was tried before Justice Rawlings and discharged. The evidence did not show that he had taken it.

THE TUCSON BASEBALL FANS ARE IN A FOG

The fan who writes the baseball dope for the Tucson Citizen doesn't seem to know anything but the Tucson article of ball, hence he is groping in a dense fog when he tries to give his readers reliable information. He writes: "The Citizen has extended that Humboldt had the strongest team in ARIZONA and we will stick to the statement. Globe at the head of the column is credited with six victories, four from Phoenix and two from El Paso but the pipe dreamer who dreamed the dope evidently forgot that the two games with El Paso which they won and for which they are given credit in the percentage column, occurred two years ago during the New Mexico territorial fair at Albuquerque."

The game with El Paso referred to was played the Sunday prior to the 4th of July, in this city, resulted in Globe shutting out the visitors, the home team making ten runs.

Manager Prochaska, of the Globe team, has written at least ten letters, and sent numerous telegrams, to arrange a game with the Tucson boys, but can receive no satisfaction, and but one of his letters was answered at all. It contained an excuse that the secretary of the team had run off with the funds and they had no money to come here. He indicated that he would send them money but still they did not respond.

THE FOURTH TRIAL OF CALEB POWERS BEGUN

By Associated Press. GEORGETOWN, Ky., July 29.—For the fourth time Caleb Powers was placed on trial today charged with complicity in the murder of William Gobel, with Special Judge J. E. Robbins upon the bench. Counsel for Powers entered a motion and filed an affidavit in its support to have the sitting judge sworn off the bench. To consider the affidavit the court adjourned until tomorrow.

Indians Arrested for Gambling

Five Apache Indians yesterday were arrested charged with gambling. They were caught playing coon-can and, not having read the newspapers nor heard the public moral discussion that has been going on in Arizona for some time, they were ignorant of being trespassers upon the penal code of the territory. But as ignorance of the law is no excuse in Justice Rawlings' court the Indians were found guilty of a misdemeanor and fined \$10 each. Only one of the Indians had the necessary money to gain his liberty, which indicates that he was the only winner of the stakes in the game. The others will languish in the county jail and receive their trials at the hands of the merciless kangaroo court.

THE NEW GLOBE DEPOT WILL BE FINE STRUCTURE

C. D. Reppy, right-of-way agent for the Southern Pacific, came up from Safford Sunday evening. He brought the plans for the new trackage of the Globe railway yards, which will be carried out just as soon as the Hunt and Windmiller properties are in the hands of the Gila Valley, Globe & Northern Railway company. All of the property on the west side of Broad street from the depot south to the intersection of the main line has been purchased, or negotiated for, and the company will have room for ten tracks.

Work will be started on the new depot very soon, Mr. Reppy says. It will be a two-story structure of mission design, and will be built near the sidewalk line on Broad and Sycamore streets. The Wells Fargo office will occupy the quarters immediately to the north, then will come the depot and the warehouse. The plans are now in the office of Colonel Randolph in Tucson, but those who have seen them say that the building will be a handsome one and a credit to the city. It will cost in the neighborhood of \$100,000.

Regarding the continuation of the line to the Live Oak mine, Mr. Reppy says that the company has purchased at considerable expense, right-of-way, and he believes that it is the intention to resume work in the fall. Dr. Ricketts, while in Globe recently, made the statement that if the Southern Pacific did not intend to build the Phelps Dodge company would see what they can do in that respect and he added that it was his intention to personally interview Mr. Randolph regarding the matter.

BOODLING FRISCO SUPERVISORS OUT

Four of the Fifteen Supervisors Failed to Appear, However, at the Time Cited.

KELLY WANTED TO WRITE HIS OWN RESIGNATION

Did Not Like the Form Prescribed by the District Attorney, but Finally Put His Name on the Document.

By Associated Press.

SAN FRANCISCO, Cal., July 29.—Sixteen of the new supervisors, appointed by Mayor Taylor, were to assume office, meeting as supervisors of the supervisory board this afternoon, when fifteen of the remaining members of the old board to whom immunity contracts were given, were to submit their resignations for immediate acceptance. But the program temporarily fell through owing to the absence of four of the fifteen.

Supervisors Coleman, Coffey, Davis and McGushin did not present themselves at the board rooms in answer to the notification by District Attorney Langdon, and after a wait of nearly four hours the meeting was abandoned until 9 o'clock tonight. The other eleven incumbents, Furey, Gallagher, Harrigan, Kelly, Lonergan, Mamlock, Nicholas, Phillips, Rea, Sanderson and Walsh, signed each the following typewritten resignation presented by Mr. Langdon:

"I hereby resign from the office of supervisor of the city and county of San Francisco, and as a member of the board of supervisors of said city and county, my resignation to take effect upon its presentation to the clerk of the board of supervisors."

Supervisor Kelly Balks

Kelly was the only one of the eleven who made any resistance to this final waving of the "big stick." He had a difficulty with a newspaper man earlier in the day, whom he assaulted for a published stricture upon himself. In the afternoon he came to the board rooms under the influence of liquor and declared himself. He said he was perfectly willing to resign, but didn't propose to sign a resignation written by anybody else. He produced a long typewritten resignation, which began with the assertion that he never committed a wrong in his life, and closed with the announcement that he thereby resigned "under threats and intimidation."

Kelly shouted: "There, I wrote that all myself and it's the only one I'll sign."

William J. Burns, the chief detective of the prosecution, took the boisterous supervisor to one side and made a quiet talk to him. When this was over Kelly put the resignation in his pocket and signed the form drawn up by the district attorney.

Looking for the Missing

Instructions were given to Sergeant-at-arms Burke and several of Burns' men to scour the city for Coleman, Coffey, Davis and McGushin.

"Tell them when you find them if they know what's good for them to be on hand with their resignations at 9 o'clock tonight," said Langdon.

The eleven whose resignations are now in the hands of Mr. Langdon asked for and obtained from him before appending their signatures a verbal renewal of the immunity contract.

ORE CARS BREAK LOOSE AND TWO MINERS KILLED

Special to the Silver Belt. CLIFTON, Ariz., July 29.—Two men were killed and four or five badly injured in a wreck on one of the inclines near Metcalf Sunday morning. The inclines are built exceedingly steep and ore cars are operated thereon by cables. Two cars loaded with men broke loose Sunday morning and descended at terrific speed. Some of the men jumped while others stuck to the cars. One of the cars was wrecked on the dumping platform, but the other was shot clear over into the air fifty feet from the ground. One man was in the car and he was instantly killed.

This is one of the worst accidents that has ever happened on the inclines, of which there are four or five near Metcalf. Visitors are sometimes allowed to ride in the cars, but the prospect is not very alluring and many prefer to climb the stairs.

STRANGE HEAT PHENOMENON REPORTED IN TEXAS

By Associated Press. GREGOR, Texas, July 29.—A heat visitation which lasted one hour and twenty minutes yesterday, is reported. The thermometer registered 179 degrees in the sun and 117 in the shade. An area of two miles wide and three miles long was affected. The visitation was accompanied by a peculiar haze, hanging like a veil in the sky, which moved over the area affected. Scores of persons were overcome. Horses, cattle, hogs and poultry dropped dead. The phenomenon has not been explained.

Sunday Debauchery

There was the usual grist of Sunday drunks lined up in more or less sober state of mind before Justice Rawlings yesterday morning. The fines ranged from \$8 to \$15, according to how drunk the offender was and the officer ran onto him and the trouble he gave.
