LONG HIKES BY HACK TIRE HIS TRAINERS

CHICAGO, Aug. 26.—After another day of his "semi-rest training" at his lake breeze-swept training camp, George Hackenschmidt retired in better condition mentally and physically than at any time since he arrived from England to take his final conditioning program for his championship match with meeting Champion Frank Gotch.

The big Russian made one request before going to bed and wished that his attitude be taken as final. He asked that no one connected with his quarters should ask him to depart from his "cozy evening rest and solitaire card game."

Hack did not do any mat work yesterday, but managed to crowd in a lot of light training. He was up at 5 o'clock and with Dr. Ronger and America as his companions, the Russian led the way to a point near the city limits on what he was pleased to call an "English dog trot."

Returning to the lodge Dr. Ronger consulted his pocket map and found that the morning stroll had been a walk of five and a half miles. The Russian's comrades were somewhat weary from their exertion but Hack breathed no evidences of distress in talking and his color was not unlike that of a weather-beaten sailor.

The Empire Athletic club officials announced that no detail for the holding of the match had been overlooked and with the arrival in Chicago of Champion Gotch the promoters will have concluded the preliminaries necessary to get the Russian and the champion on the mat.

Origin of Names of Dances.
The name "quadrille" is derived from the position of the dancers, the French word "quadrille" meaning a little square. "Country dance" does not mean a rustic dance, but is a corruption of the French term "contredanse," which relates to the position of the couples opposite each other.

Naturally.
"The attempt to commit suicide is not a punishable offense under the German criminal code. But of course, says a London exchange, "if you succeed you must be prepared to take the consequences."

CUBS WILL WIN, SAYS CHANCE

Wires From the East Words of Encouragement About the Team to People in Chicago

HAS IT ALL DOPED OUT

CHICAGO, Aug. 26.—Manager Frank Chance wires that he is not only in the National league race until the finish, but there is no question in his mind but what he will bring those Cubs across winners.

Which should be encouraging news to the West Side fans. For while this last eastern invasion has not been the most successful trip the Cubs ever had, since they got out of New York with the hot end of the bargain, still when Chance is confident there is hope.

And maybe it would not be amiss to remark here what Chance thinks of the situation. He was remarking before the departure of the team on this last invasion.

"If we get anywhere near an even break on this trip I think we will win," said he.

"Why?" was the natural query.

"Well, we finish at home," was his answer.

"Yes, but the Cubs are not great home players. That is, they do not play wonderful ball on their own grounds," he was reminded. "True," said he.

"But the answer to that is that the Giants do not play great ball on the road. The Cubs may not be such great fellows on their own lot, but they are stronger on the West Side than the Giants are when they are traveling. So I figure that gives us the advantage."

"That does not dispose of Pittsburgh," he was reminded.

"Very true, but we will beat the Pirates. After this eastern invasion is at an end we will be on equal footing so far as the Pittsburgh team is concerned. Of course, if we go out and lose the great majority of our games on this trip and the Pirates win the majority of theirs, then we would be handicapped. But if we can hold our own with Clark's crew then we will be all right."

"You see the Pirates are handicapped where we are and we have it on them in other respects. They have three pitchers upon whom they can rely. That isn't enough. They must have four. If O'Toole proves the pitcher in the majors that he was in the minors, then Clarke and his men will have a great chance. Otherwise they are too weak in the pitching box to stand the pace."

"Our pitchers are not going good. But I think maybe that we will get as good twirling as the Pirates. In which event we will beat them for we have the greater reserve strength. With Evers in condition to play we are fortified against almost anything."

"In the pinch I might play first if Sater was knocked out. Evers could play second if anything happened to Zimmerman. If anything happened to Doyle, Evers could go to second and Zimmerman could go to third. Sheen could go to short if anything happened to Tinker. If any of the outfielders were incapacitated we would have Good."

"No sir, if we are within a few games of the lead when we get back home I think we'll win. It would not surprise me a particle to see the Giants on top at some stage of the coming invasion. But when they get in the West for their last tour I think they will fall back. And we can beat Pittsburgh with our ordinary pitching."

FINAL BATTLE OF THE GIANTS

Colts and Bankers Will Play at Warren This Afternoon, the Last Game Between Them

WILL BE A HOT CONTEST

The city league giants will be seen in action today for the last time this season when the Colts of Callahan, the 1,000 Per Cent Boys, will play the Bankers, the classiest opposition of the league.

The majority of the hard-hitting players and the best base runners are in the line up of these teams and there are prizes to be won, so the game should be a corker. Allen, the third sacker of the Colts, is at present holding the record for base stealing and hitting and he will endeavor to increase his average this afternoon. He has stolen eight bases this season but there are several others who have stolen five and six, so the winner will not be the winner until after today's game.

On September 2 the All-Star aggregation of the city league, picked by the fans of the district, will meet the Sixth Cavalry team and on September 10 the Tigers and Bankers will play the final game of the season schedule. The same this afternoon will start at 2:30 o'clock.

KETCHEL ANXIOUS TO GET AT HUSSEN

Both HusSEN and Ketchel should be in better condition for their match here in the latter part of September than they were in the Tombstone match. HusSEN bested Roberts at Tucson Friday night in two falls out of three, but he was thrown by Roberts in the second fall. According to Tombstone advices HusSEN also has a match with Varney at Tucson in a week or less.

At Ketchel has a match with John Antchovich, the light heavyweight champion of Galveston, on September 7, and on September 14 he will wear the Tom Long of Corpus Christi. Dan Ketchel writes that Al is improving all the time and can hardly wait for his match with HusSEN, though he has slight hope that HusSEN will ever agree to a return match. Ketchel has taken on several pounds of fighting weight and it will not be so much of a handicap for him to take HusSEN on at catch weights as might be imagined. It is reported that if he chose to do so, he could match HusSEN at his own weight.

U. S. ARMY IN BISBEE

"The Peril of Diaz" on the Skirmish Line, the title of a film now being shown at the Star theater, has been the sensation among theater goers since its appearance in the city and so great has been the applause of the film that Manager Schmidt has secured the picture for another night and they will be shown this afternoon and tonight for the last time in Bisbee.

The pictures themselves and the ensemble views form one of the finest films that has been seen in Bisbee this season at the moving picture play houses, rivaling the recent film at the Star, "The Wild West Celebration at Cheyenne." These pictures are bringing people to the Star theater that ordinarily do not regularly patronize moving picture shows for the reason the picture does more than to entertain. They instruct. This particular picture has an important bearing upon one of the greatest questions in the country today, viz., "Is the United States Prepared for War?"

The picture shows in fine detail the movements and evolutions and the tactics of the maneuver division of the United States army on the international boundary line. It is more than a film showing army scenes, it is a picture of a fighting machine in motion, prepared for the real business of war. Those who have not seen this picture should avail themselves of a last opportunity this afternoon.

His Hard Lot.
"My lot is a hard one!" he muttered, and his face wore a look of despair; too true were the words that he uttered, as he pressed with his spade in the air. He'd thought to make garden that day and his pulses with a sudden had fluttered; but he struck solid rock, and "I say, my lot is a hard one," he muttered.

THE HERPICIDE GIRL.

Advice Gentlemen. At Mrs. Blank's reception I met a gentleman who fulfilled my ideal of a man in all but one particular. He had a good head, fine physique, perfect manners, was a most interesting personality, and bore himself with the distinguished air of a gentleman. His figure was immaculate and his clothes faultless as to cut and material. But all the pleasant first impression was ruined when I discovered the collar and shoulders of his dresscoat covered with loose hair and flakes of dandruff.

To me this was an indication of personal carelessness, not to say uncleanliness. I wanted to tell him to get a bottle of Newbro's Herpicide. This remarkable remedy would, in a short time remove every trace of dandruff from his head, stop his hair from falling and prevent him from becoming bald. I don't like baldheaded men; they look old whether they are or not.

Dandruff is caused by a germ and

Newbro's Herpicide kills that germ. The itching, which is so frightful with dandruff stops almost instantly. Herpicide is the Original Remedy, that destroys dandruff. There is nothing in the world just like it, nothing that is "just as good."

One Dollar Size Bottles are guaranteed by all druggists to give satisfaction. Applications obtained at the good barber shops. Send 10c in postage for sample bottle and booklet to The Herpicide Co., Dept. R., Detroit, Mich. 229
