FINANCES AND MARKETS

[Republican A. P. Leased Wire]

NEW YORK, Nov. 27.—Shipping shares monopolized the bulk of speculative attention in today's stock market, their activity and strength far outstripping all other issues in which irregular or reactionary tendencies most often prevailed.

Announcement that the Washington government had made a tentative offer for the huge tonnage of the Mercantile Marine company, thereby halting the negotiations with British interests, resulted in highly spectacular movements.

Marine preferred made an extreme advance of almost 16 points, forfeiting one-third of its advantage in the heavy realizing of the last hour. The six per cent bonds showed a gross gain of six points, with substantial gains in associated issued.

United States Steel and independent industrials also leading, and secondary equipments reacted one to three points. Studebaker and oils reversed their upward course of the previous session. Mexican Petroleum declining almost six points.

Rails developed an erratic trend at the outset, yielding 1 to 2 points later, but some of the gas issues and other utilities remained steady to firm until carried under by the broader selling, which marked the final dealings. Total sales amounted to 730,000 shares.

Trading in bonds was contracted and the tone irregular, foreign and domestic issues fractionally lower. Liberty fourth 4¼'s established a new minimum at 97, three per cent under the subscription price. Total sales, par value, aggregated $9,750,000. Old United States bonds were unchanged on call.
