## A WAR CLOUD

### Rises Upon the British Horizon.

### Preparation to Discipline the Khedive.

### The Situation is Regarded as Extremely Serious.

### The French, Russian and Turkish Powers Likely to be Involved in the Controversy.

LONDON, Jan. 18.—[Associated Press.]—A hurriedly convened cabinet council was held this afternoon. The unexpected call for the conference has caused a decided sensation, as it was conjectured that the action to be taken in regard to the sudden spirit of independence displayed by the khedive of Egypt in changing the ministry without having first obtained the consent of the British government. Cromer, the British representative at Cairo declined to recognize the new ministry and the khedive refused to make any changes. A long telegram from Cromer was received at the foreign office early this afternoon. Soon afterward the Russian and French ambassadors and the German chargé affairs called upon Lord Rosebery the foreign minister and a somewhat heated conversation took place. M. Waddington, the French ambassador and M. Stal the Russian ambassador were subsequently closeted with the prime minister for some time. At 3:30 o'clock a summons for a cabinet council at 5 o'clock was issued. The council rose at 6:35 o'clock after resolving unanimously to treat the khedive with utmost firmness. The ministers decided to inform him in a distinct manner that his position as ruler of Egypt depends upon the good will of Great Britain and the British government will refuse to recognize the reactionary ministry appointed. It is believed that the khedive's action is attributed to concerted Russian, French and Turkish intrigues. Official information is given this evening confirming the above reported action taken by the cabinet.

### BURNED TO DEATH EN ROUTE.

#### A Singular and Terrible Disaster on a Russian Railroad.

PETERSBURG, Jan. 18.—[Associated Press.]—A remarkable accident occurred this morning on the railway line between Slotouk and Samara. A train loaded with recruits was going at full speed when the forward car took fire. For some reason the engineer did not stop and the entire train was soon in flames. As many of the recruits as could jump from the car windows. Some landed in deep snow banks and escaped injury, others struck the ground and were killed, many were heartily burned before jumping and a number were burned to death in cars when they were entirely consumed. When the roll was called it was found that 42 were dead, 20 terribly burned or otherwise injured. An investigation will be held to determine the cause of fire, but it is supposed that soldiers skylarking in the forward car upset a stove.

### SHORT IN HIS ACCOUNTS.

#### A California Town Treasurer With-out Funds.

BERKELEY, Cal., Jan. 18.—Thomas Hahn, town treasurer is short in his accounts a considerable amount. He owes a check on the Berkeley bank for \$6,000 to the German Savings and Loan bank of San Francisco in payment for electric light bonds. The Berkeley bank refused the check as the town had no money on deposit. Hahn says he has used the town's money in his own business and has no idea how his affairs stand. He has turned over property valued at \$20,000 to his bondsmen and an expert is examining his books.

### In the Senate.

WASHINGTON, Jan. 18.—Pfeiffer of Kansas resumed his speech in support of the joint resolution to amend the constitution so as to limit the presidential office to one term. The anti-protection bill was taken up and Hoar of Massachusetts resumed his argument against it on the ground of its unconstitutionality. Further arguments against the constitutionality of the bill were made by Gray, Vest and Platt. After an executive session the senate adjourned.

### Disastrous Railroad Wreck.

KEOKUK, Iowa, Jan. 18.—The Santa Fe California limited was wrecked near here today. William Koss, a waiter in the dining car was killed and six passengers and eight of the crew of the dining car were badly injured. They were all taken to Fort Madison for treatment. The financial loss was heavy.

### Senator Murphy of New York.

ALBANY, N. Y., Jan. 18.—The legislature meets in joint session this afternoon to elect a United States senator to

succeed Frank Hiscock. There are 91 Democratic votes in the legislature out of 160 on joint ballot, and despite the opposition of Grover Cleveland, Edward Murphy, Jr., of Troy will get every one of them.

### The Veto Stands.

WASHINGTON, Jan. 18.—The senate refused to pass the McGowan bill over the president's veto. The vote stood: Yeas, 29; nays, 18.

### CURIOUS COURTING.

#### Fisher Folk Who Marry in an Off-Hand Fashion.

On the shores of the Moray Firth—the spot need not be more specifically localized—there is a flourishing little village of some fourteen hundred inhabitants, consisting chiefly of fisher folk. The young man and maiden do not court in the orthodox fashion. Their method is much more prosaic, and what is characteristic of one case may generally be accepted as characteristic of them all. There is, of course, an occasional instance of genuine old-fashioned courtship, but that is rather a rare exception.

"Mother," said one young man on his return from a successful herring fishing; "I'm gone to get married."  
"Weel, Jeems, a' think ye sh'd' just gang an ask yer' cousin Marack." And, as he had no particular preference, he went straight away to ask her.  
"Will ye tak me, Marack?" was the brusque and business-like query which he put to the young woman in the presence of her sister Bella.

But Mary had promised her hand to another that same evening. "I canna tak ye, Jeems," was her reply; and then turning to her sister: "Tak ye 'im, Bel-lack." And the sister took him.

### SOUTH-PAW DETECTIVES.

### The Sad Financial Fate of the Warrens.

### Who Fell Into the Hands of the Florence Authorities—A Shady Incident.

Sheriff Murphy and Joseph Brennan returned from Florence yesterday where they had gone to find out how the Warrens had so thoroughly and mysteriously disappeared. They learned that after the release of the prisoners on habeas corpus on Monday morning they vanished, just melted away. They had a horse and cart, but the brilliant authorities, knowing they were wanted for some sort of a crime, did not take the trouble to see whether they went east, west, north or south.

Sheriff Murphy and Mr. Brennan found out several other things calculated to reflect seriously upon the Florence authorities not, however, including Sheriff Grace who was not in town during the shady incidents of last Monday.

The Warrens were arrested about 8 o'clock on Sunday night on a telegram sent out from here on Sunday morning. No attempt was made to communicate with the authorities here that night. At 11:05 next day a telegram was received at Casa Grande for Phoenix stating that the Warrens were under arrest. Fifteen minutes later another was received saying they had been released on habeas corpus. At 1 o'clock that day Sheriff Murphy, at the request of the authorities at Florence, telegraphed the warrant at an expense of \$13.50 and was unable to receive a reply. It is learned that that telegram reached the authorities there nearly two hours later and it was also learned that at the time the 11:05 dispatch was received announcing the capture of the embezzlers they had already been turned loose and were out of sight.

It is a rather significant circumstance that Gill, the court commissioner, before whom the habeas corpus proceedings took place, is the telegraph operator also. On their return, night before last, Sheriff Murphy and Mr. Brennan met Sheriff Grace who was on his way home from Tucson. He was painfully surprised when he learned of the easy facilities which had been afforded the Warrens for escaping and he remarked, "It looks like there has been a division." This was precisely the view taken by Messrs. Murphy and Brennan soon after their arrival at Florence. The Warrens had \$700 of Mr. Brennan's money when they left Phoenix. Mr. Brennan thinks they were lucky if they took one-tenth of that sum out of Florence.

## DEATH OF HAYES

### The Ex-President Passes Peacefully Away.

### The Senate and House Both Adjourn.

### The Funeral to Occur Tomorrow Under Charge of the Loyal Legion and G. A. R.

FREMONT, Ohio, Jan. 18.—[Associated Press.]—The news of the death of ex-President Hayes was received here this morning by the citizens with much sorrow. The whole city is in mourning. Flags are at half mast, testifying to the regard, with telegrams of condolence pouring in from people of prominence from all parts of the country. Arrangements for the funeral have not been completed. The Loyal Legion and G. A. R. will probably have charge of it. The funeral service will be held Friday afternoon. Telegrams of condolence have been received from President Harrison and prominent people all over the country.

### At Washington.

Public business will be suspended on the day of the funeral, and suitable military and naval observances will be made. Secretaries Chas. Foster, Noble and Rusk and Postmaster-General Wanamaker will go to Fremont as representatives of the president.

### THE POSTOFFICE LOCATION.

A Communication Concerning it From the Department.

Postmaster Copes yesterday received a communication from the postoffice department relative to the quarters now occupied by the office. On account of the early adoption of the free delivery system the department expresses a be-

lief that the room now occupied is insufficient and asks a suggestion from Postmaster Copes concerning the matter of changing. When the inspector was here two months ago he said more room would be necessary in case free delivery was allowed, and beside certain furniture consisting of tables and boxes would have to be furnished by the lessor of the building. The letter was shown yesterday to a number of business men near the present location and all were decidedly averse to any change.

### School Houses.

There are about 120 pupils in our school houses without desks, many others have barely bench room to sit on, and still the number of school children applicants for admission is increasing daily. The services of three or four additional teachers have become a matter of absolute necessity. It is not advisable to allow this condition of things to continue, besides sanitary conditions demand attention.

### A COSTLY SHAFT.

### The Expensive Experience of Two Litigious

### Gentlemen Who Are Contending for a Principle They Believe to Be Right.

James McCarthy and Henry W. Kyder are litigants for principle and they don't worry about the cost attending the exposition of their principles. Some time ago a pair of buggy shafts valued at \$250, lying in front of Mr. McCarthy's blacksmith shop, were transformed into kindling wood. Mr. McCarthy says the devastation was wrought by Mr. Ryder's team and he accordingly brought suit to recover \$250. The case came up yesterday before Justice Kincaid. Both gentlemen appeared with high-priced attorneys. Mr. McCarthy was represented by Judge Baker, who had been retained for \$50. Mr. Millay, who had just pocketed a fee of like amount, appeared for Mr. Ryder. The parties could agree on nothing, and the litigation was unusually acrimonious. In the course of his examination, Mr. McCarthy engaged in a heated discussion with the opposing counsel, and both were called down by Judge Baker. Replied Mr. Millay: "If you will kindly restrain your client you will save me the trouble of breaking this shaft again over his head," and he pointed to the demoralized shaft, which had been submitted in evidence.

Again in the course of his argument in support of the theory that the shaft had not been broken in the manner described by Mr. McCarthy, Mr. Millay said: "Your honor has as much sense as McCarthy, myself, or any other Irishman, etc."

Illustrative of the destructive tendencies of Mr. Ryder's teams, Judge Baker said in order that perfect immunity from danger might be secured when ever one of those teams was seen approaching, everything should be carried inside, the clothing nailed to the house-top, and then persons with a comparative sense of safety, might await the passing of the juggernaut.

The jury found for McCarthy and Ryder filed notice of appeal to the district court.

McCarthy swears that if Ryder wins in the district court he will go to supreme court, thence to the supreme court of the United States, if necessary.

### FOR DOCTOR AND DENTIST.

DRS. RUBENS and Vernicle, of Hamburg, who have been experimenting to see if cholera germs can be transmitted to tobacco, claim to have demonstrated that tobacco smoke is sure death to the bacilli.

### INDUSTRIAL NOTES.

## WANTED BADLY

### Are Two Members of a Contracting Firm.

### Milton and Henry Warren Leave Town

### With a Lot of Cold Cash Belonging to Other People.

### Overtaken at Globe by Telegraph, Arrested and Temporarily Released on Habeas Corpus.

Two more recently acquired citizens of Phoenix left town without a flourish of trumpets, but they are likely to return soon and when they do return they will be given a regular ovation. They are Milton and Henry Warren, who came here from Washington some weeks ago. They associated themselves with a man named Gilman, in the contracting business, and the firm seemed to be doing well. The last work upon which they were engaged was a house for Joseph Brannen. Last Saturday the Warrens called on Brannen and got \$900 with which they said they wanted to pay bills for lumber, labor, etc. Mr. Brannen gave them the money and they promised to get Gilman's signature to a receipt for it. They neglected to inform Gilman of the transaction, but quietly left on the evening train.

The rascality of the brothers became known that night and the next morning warrants were issued for them and placed in the hands of Sheriff Murphy. The sheriff telegraphed to Tucson, Yuma, Globe and wherever else they might have been able to reach in the time that had elapsed since they left.

Yesterday morning the sheriff received word that they were under arrest at Globe. A short time after another telegram was received here saying that they had been released on a writ of habeas corpus. Sheriff Murphy immediately telegraphed the warrant for their arrest to Globe but at a late hour last night had received no reply. There can hardly be a doubt though that the men are in custody and will soon come under the jurisdiction of the kangaroo court of the Maricopa county jail.

Gilman, the other partner, is badly broken up over the affair as he will have to stand the loss unless the money is recovered. He is a poor man but says he will make good the amount now owed by the firm by working by the day.

### HE'S IN AGAIN.

#### Billy Wilson Locked Up Yesterday for Stabbing Another Man.

It turns out that a great deal of legal sympathy was wasted when Billy Wilson, the man sent up from Gila Bend for committing an assault with a deadly weapon, was released on a writ of habeas corpus a week ago. He was arrested yesterday afternoon by Marshal Blankenship for stabbing a man early on Sunday morning in front of McNamara's saloon.

Wilson and a man named John McGraw were struggling on the sidewalk near the saloon. The only person who saw them was the bartender at McNamara's, who thought they were in fun until McGraw was stabbed. Wilson suddenly disappeared and couldn't be found on Sunday. Marshal Blankenship picked him up yesterday near the scene of the stabbing. McGraw is not dangerously hurt. Wilson denies that he did it and says he can produce plenty of witnesses to show that the cutting was done by someone else.

### Resolutions of Respect.

The following resolutions relative to the death of Linn B. Gabbert were adopted at a late meeting of Company B, N. G. A.

Whereas it has pleased Divine Providence to remove from our ranks, in the zenith of his usefulness our beloved comrade Linn B. Gabbert, therefore,

Be it resolved that we, the members of Company B, N. G. A. hereby testify to his worth and nobility of character that we express our deep grief at his sudden death and convey to the bereaved brothers our tenderest sympathy. Be it further resolved that copies of these resolutions be presented to the brothers of our dead comrade and also be furnished the REPUBLICAN, the Gazette, and the Herald for publication.

### THE NEW RAILWAY.

### The Diamond-Adams Co. Sub-Contractors.

### The Road Must Be in Running Order Within Less Than Four Months.

The Diamond-Adams Construction company of Denver was last Saturday awarded the contract for building the Northern Addition railway. The construction company thus becomes the sub-contractor the original contract having been let to Mr. G. W. Hoadley and his associates to be completed May 10. The contractors secure themselves by binding the sub-contractors to have the road in running order by May 1 under a bond of \$40,000. The

material must also be on the ground not later than Feb. 15.

There cannot be now, though there has not really been at any time, doubt that this important line would be built soon. The route chosen has been slightly changed, not as to its general direction but has been so arranged as to take in more of the town than was originally intended. It will start from the Maricopa & Phoenix depot and by streets not yet fully decided upon will be taken to Center and Washington streets; thence north on Center to Adams; east on Adams to Montezuma; north on Montezuma to Monroe; east on Monroe to Pinal and north on Pinal to Van Buren; thence east to Apache; thence north to Taylor in Churchill's addition. Here for the first time the general direction of the line will be changed to accommodate as much as possible this rapidly settling addition. From Taylor and Apache the line will run west to Arabapal, thence north to Pierce, east to Apache which it will cross to Desert street; along Desert to Arizona avenue and thence north through the Dennis and Brill additions to the center of the Hurley tract which will be the present terminus. At this point a magnificent hotel will be built whose plan has already been fully explained to readers of THE REPUBLICAN. The road is to be of standard gauge.

### IT'S THE RIGHT KIND.

#### The Arizona Lithographing Stone is Genuine.

The Gold and Silver Extraction company yesterday received word from a Chicago lithographer, to whom it sent a sample of the lithographing stone recently found somewhere along the Hassayampa. The piece sent was about ten inches square. The expert writes that it is of a finer quality than has ever before been discovered in this country. He calls attention, however, to flaws in the shape of lime spots which cover half of one side of the sample, and also to a seam which runs through it which he indicates by a drawing. This stone, however, was taken from the croppings where such flaws as are described must naturally have been expected, and which had really been observed in the sample before it was sent to Chicago. The deposit, however, is apparently of great depth and extent and the discoverers are confident of being able to find stone below the surface absolutely free from flaws of any kind. A trip will be made to the deposit in a few days and another sample will be secured. There seems to be no doubt now that this is one of the most valuable strikes made in the territory within a year.

### TEN DEMOCRATS WANTED.

#### To Assist in Repealing the Silver Bullion Purchase Act.

PHILADELPHIA, Jan. 16.—[Associated Press.]—Senator Sherman in a communication to the Ledger says a large majority of Republican senators as well as himself are in favor of the repeal as suspension of the purchase of silver bullion. They are ready to vote for such repeal at any time. Democrats are opposed to such repeal. If the Democratic party will furnish ten senators in support of the repeal of the silver act of 1890 it will pass the senate within ten days.

### INDIAN AFFAIRS.

### Purchase of the Cherokee Outlet.

### Another Restriction Concerning the Entering of the Land is Proposed.

WASHINGTON, Jan. 16.—[Associated Press.]—The floor of the house was today for a short time accorded the committee on Indian affairs. The first bill called up was one appropriating \$8,505,000 to ratify and confirm the agreement with the Cherokee nation, which provided for the cession by the Cherokee Indians of the Cherokee outlet which contains about 8,000 acres. An amendment was adopted allowing the government six years in which to pay 5 per cent interest. On motion of Butler, of Iowa, an amendment was adopted providing that no person who was the owner of eighty acres of land or who was the owner of real estate in any city or town aggregating in value to exceed \$2,000, shall enter any land opened to settlement, (the original bill made the restriction apply to the owners of 160 acres). After further discussion and the adoption of some minor amendments the bill passed and the house adjourned.
