Legion Men Busq With Plans For Christmas Tree

Preparations for the public Christmas tree celebration that will be held tomorrow night in the park surrounding the Copper Queen general offices, have made the Legion club house look like a branch warehouse of Santa Claus.

A sacking bee was started by members of the Legion last night and will be continued tonight. Volunteers to assist in the work of filling bags for the children are badly wanted. Legion members are asked to be on hand at the club tonight and help with the work.

The tree that was brought in from Ash canyon has been fixed in a stand and is ready to decorate. The B. I. company will wire the tree for electric lights today. It will be decorated with all the tinsel and glittering trappings that make Christmas a thing to remember in the childish mind. Santa Claus will take part in the celebration for the particular in person. He sent a particular request to the Legion asking that the supply of presents be made plentiful so that he would be sure to have enough to give one to each child that attends. Merchants of the district, the Legion and other organizations, and individuals, have combined their donations to make sure of this. All children who attend the Christmas tree celebration will get a taste of the merry Christmas spirit. The Legion band will take up a stand near the tree and will play Christmas music and jingling airs. A chorus of school children will sing Christmas carols and hymns. The entertainment as planned will undoubtedly be a pleasure to grown folks and a positive joy to all kiddies.
