

# DRS and GRATIAS By "The CAT"

With the passing of Armistice Day, all eyes are now turned to Thanksgiving Day (Nov 22) and the Xmas season. It's fine to realize we are no longer in the midst of the horrors of war, but now well on our way to reconversion. This should be one of the happiest Thanksgiving days, since the Pilgrims celebrated the first one some 300 years ago. Give thanks now by BUYING VICTORY BONDS!!!! Now to cover the Fort: LINES AND BY\*LT-NES: Greetings and salutations to the 22 newly arrived WACs. To a greater number of these we say, "Welcome back home after a visit to another camp".....The NCO Club's new home is fine. It's much more roomier and seems more like a club than the other place....Christening the club in style were members of all units stationed here. Among some of the folks who were doing this and that were: Sgt V. Bond cutting out with a Trucker rather than the usual SCUite.....A Warren doing a mad jitterbug with Cpl. Adams.. Kelleybrew seen for the 3rd consecutive time with a Trucker. It looks like he means the real McCoy..... Welcome to Nettie Hawkins, who returned from ecote at Cp Atterbury on Sunday last. Glad to see that charming smile again.... While snooping in the SENTINEL office, I saw an editorial about the NCO Club. NOTE TO THE NCO BOARD OF GOVERNORS: It would be fine to give this article serious thought and consideration. The "CAT" is on the bandwagon with the writer...Cpl.

Hill is the lady of the hour with Sgt B Pierre... J Patterson seemed quite lonesome cause a certain young lady of the hills seemed to be more interested in a certain Trucker than himself...Congrats to the MPs and the Post Band for their participation in the Armistice Day Parade in Tucson. From all reports they had the best marching units. THINGS I NEVER KNEW TILL NOW: That Conscience is the thing that hurts when everything else feels good... See Youse Later
