

With the holiday season over, the remaining members of Fort Huachuca's Station Complement have settled down to the business at hand. But what a celebration went on. Parties, dinners, programs, etc - all over the Post.

The Post Headquarters Detachment party and dinner on the afternoon of New Years Day was a delightful occasion, with a turkey dinner, beer and music by the Post Swing Band for an afternoon of dancing and gaiety.

The NCO Club was beautifully decorated for its gala New Year's Eve Party. There was plenty of turkey beer, etc., all for free but the band that was promised for the affair, failed to show. What happened, boys?

The Office of the Apache Sentinel has been moved to new quarters in the Post Special Services Building, just across the street from our old stand.

Congrats to Mr. and Mrs. Quincey H. Tatum, recently married in Tucson. She is Lt. Consuelo Bland, commanding officer of the WAC Detachment.

Also recent newlyweds are Mr. and Mrs. Robert H. Johnson. She's the former Juanita Bell of the WAC Detachment. Hubby, recently discharged, is in Maryland awaiting Juanita's return.

## The Lighter Side

The stork is one of the mystics  
And inhabits a number of districts.  
It doesn't yield plumes  
Or sing any tunes,  
But helps out with vital statistics.

In Roswell, New Mexico, a man became a proud father for the eighteenth time. He commented to reporters "It's a mistake for people to spend so many evenings at the movies."

Overheard in a Petersburg cafe:

Customer: "Noodle soup, veal with tomato sauce and a cream puff."

Counterman (just discharged from the Army): "Bowl of submarines, camouflage the calf and hurl me a custard grenade."

Women should be kept in ignorance. To educate a woman is like leaving a razor where a monkey can find it.

If youth be a defect, it is one that we outgrow only too soon.

First Mosquito: "Where's that new girl who flew around here last week?"

Hopewell Girl: "Can't you pull your Good Conduct Ribbon off just this one night?"

As long as there's someone kicking you in the pants, there's no chance of him getting ahead of you.

Her hands were worn out against the skin of his body, and his body was worn out against the trials of life, in order that her hands might love him.

Brother, you is all wrapped up too tightly wid a garment of sin; that's why you 'cain't breathe Religion freely.

Every time I suggest the best idea on earth, someone comes along and suggests a better one. Are you this same way?

If you want to see who loves who, - watch a woman's "hands" and a man's "eyes".

The world will pay anything for extra attention that pleases. Give more of this than others, and you will get more than others, - of everything.

A woman built like a brick house, never has any trouble finding a man to put a roof over her.
