

# AN OPEN LETTER To the Ranchers of Maricopa County

Gentlemen—  
You are all interested in the matter of water for irrigation purposes and anxious to secure plenty of it at as low a rate as possible. Every citizen in this county, whether he is a merchant or doctor, or capitalist or laboring man, should be just as deeply interested, for on your prosperity depends his prosperity. There is one thing that will help you in increasing your prosperity, and that is to increase the purchasing power of your receipts from the sale of products by buying as many goods as possible with the money. When you come to Phoenix to buy hardware, barbwire, tools, a cooking range, or dishes or cooking utensils, visit the Cash Store—Davidson's Cash Store—114 to 118 West Washington St., Phoenix, opposite the court house, and see their big line of more than 10,000 different articles in hardware tools, roll duck, crockery, glassware, stationary, notions, tons, barbwire, steel ranges, lamps, etc. It will pay you. We want your patronage.

A FROST IN AUGUST—It is not often this part of Arizona is visited by a frost in August, but such an incident occurred yesterday. It is a son, born into the household of Mr. and Mrs. F. L. Frost, who reside in the east part of town.

**JUDGE JOHNSTONE'S COURT**—Five offenders appeared before Judge Johnstone yesterday, charged with disturbing the peace. They were Juan Robles, Florentina Livas, Esteban Valencia, T. Medina and Antonio Ybarra. Each was sent to the county jail for seven days.

**A GROWING INDUSTRY**—Yesterday closed the biggest month of August in the history of the auditor's office since the incorporating business has been handled by that official. The total of fee collections for the month was \$4146.20. This is \$1800 better than any preceding August.

**WILL ARRIVE SUNDAY**—A telegram was received in the city yesterday from Dr. Craig, saying he would arrive here Sunday morning. He has been absent from the city for several weeks, during which time he was in Chicago for the greater portion of the time taking a post-graduate course at a hospital.

**VACATION SHORTENED**—H. L. Maraman, manager of the postoffice curio, accompanied by his family, returned to the city yesterday from southern California, where they have been on a vacation visit. It was their plan to remain several weeks longer, but Mrs. Maraman contracted a very severe cold, which made for her the climate of Phoenix attractive.

**PROMPTNESS IS URGED**—It is urged upon all the teachers who propose to take the examination at the Central school building here on September 4 that they make it a point to be on hand promptly at 8:30 o'clock in the morning. The examination will begin sharp at that hour, and it is desirable that every teacher be on time, for spelling will be the first course taken up.

**NOTED GREAT CHANGES**—Charles Rodig, an old-time resident of this city, has returned from Los Angeles, where he had been on a vacation trip. It was the first visit Mr. Rodig made to the coast in twenty-four years, and he found the city of Los Angeles, with which he was at one time very familiar, entirely changed. These conditions made the trip for him a doubly interesting one.

**A MISQUOTED HOTEL CLERK**—A story was given publicity yesterday which told of the movements and affairs of a Mr. and Mrs. Walter Marble of Colorado Springs and W. G. Gillette of this city, covering a period of several months past. The item in which the story was told contained the statement that Marble had threatened to kill Gillette one night when both occupied a room at the Ford. The intimation was made in the article that the

clerk, W. B. Arguello, had overheard a quarrel between the two men. Mr. Arguello last evening denied that he had heard any quarrel or in any way knew anything about the story of the affairs of Mr. and Mrs. Marble or of Mr. Gillette, or that he had told anybody that he did. He says, moreover, that if he had known of such an incident it is not likely he would have given the matter publicity, for one of the first things a hotel man must learn is to believe nothing he hears and only half what he sees.

**COMMITTEE MEETING**—This afternoon, at the office of Shirley Christy, over the Union Bank & Trust company, a meeting of the republican county central committee will be held for the purpose of choosing the delegates to represent the party in this county at the territorial convention to be held in Bisbee on September 6th. There has been great rivalry among the members of the party throughout the county over who shall compose the delegation, and a large attendance of the committee is anticipated.

**A DANGEROUS PRACTICE**—For a long time past a number of boys have made it a regular practice to utilize the Brill addition and Indian school cars as playthings on First street, between Adams and Washington. They jump on the moving cars and off again at pleasure, sometimes pushing each other off while the cars are in motion. There are no conductors on these cars, and the motorian cannot give the boys any attention. Some day, if the practice be continued, there will be a tragedy and the blame will be laid everywhere except where it belongs. The police cannot watch the cars all the time, and parents who suspect their children of being among the number should take the matter up with them.
