

IRISH SECRETARY REVEALS PLOT TO DESTROY BRITISH POSTPROPERTIES

Sir Hamar Greenwood Says Sinn Fein Plot Included Attacks On 21 Points Along England's Coast

(Republican A. P. Leased Wire)
LONDON, Nov. 24.—The most conspicuous in the Irish debate in the house of commons today was the revelation by Sir Hamar Greenwood, chief secretary of Ireland, of Sinn Fein plans to destroy property in Liverpool and Manchester—a revelation which was greeted by Joseph Devlin with the exclamation:

"All that was written in Dublin castle!"

In other respects the debate followed the customary lines. Former Premier Asquith moved a resolution expressing abhorrence on the recent Dublin assassinations and condemnation of reprisals and urging immediate steps to bring about Irish pacification. An amendment by Col. John Ward converted this motion into an expression of admiration for the courage and devotion of the crown forces in Ireland. This was adopted by 303 to 83, and the motion as thus amended was adopted by acclamation amid cheers.

The chief secretary appeared to the house to show every consideration by word and by resolution for the police, soldiers, civil servants and judges, who, he declared, were obeying the orders of parliament and fighting a battle against assassination and not against the Irish people. He appealed especially to the "great Catholic church in Ireland," which, he said, by appeals from every altar could greatly assist in this fight against assassination. Sir Hamar Greenwood ended his address amid cheering, when he said:

"There is only one issue left. That is 'Who is for the empire and who is for assassination.'"

Would Destroy Docks

Alleged plans for blowing up the Liverpool docks and the Manchester power and water plants are said to show that they were made in military fashion after detailed reports with drawings had been forwarded to Irish republican army officers by spies at each place. The plans, which are said to have been captured when the documents relating to the spreading of typhoid and cholera in Liverpool, were made public tonight after the statement of Hamar Greenwood in the house of commons.

The Liverpool plans called for 23 officers, 27 engineers and 15 privates and 400 pounds of a high explosive for attacking 21 points, most of them dock gates, with a view to stranding ships. Apparently every precaution was taken for dealing with the "enemy forces" of both Liverpool and Manchester. The Manchester plan called for destruction of the street car power plant serving both industries and tram lines, the Clayton valley pumping station, which furnishes water to a large part of Manchester. Hammers and explosives were to have been used.

EFFORT TO CONTROL STATE SENATE SEEN IN DELEGATE MOVE

In an effort to get control of the senate, which according to official returns shows a majority of one for the Republicans, the Democrats in Yavapai county are making an attempt to declare illegal the election of David P. Morgan and Charles E. Burton.

They claim that Mr. Morgan's nominating certificate was not signed by himself, as he was in Europe at the time of the election. Mr. Burton, they claim, was elected under an assumed name, for although he has always been known as Burton, his true name is Samuel.

Up to the present time no action has been taken other than to freely circulate the story throughout the state. It was the main gossip at the state house yesterday, and the opinion being that the question can be raised only when the legislature convenes, each house being the sole judge of the qualifications of its members in cases an objection is filed.

Mr. Morgan, who is one of the best-known mining men of the state, has not yet returned to the county where he received a flattering vote as representative in the senate. He has been absent in Europe for several months, but will return shortly, it is understood.

Shattuck-Arizona Lays Off 100 Men

(Republican A. P. Leased Wire)
BISBEE, ARIZ., Nov. 24.—One hundred men were laid off here this morning by the Shattuck-Arizona Mining company and an announcement was made that the Shattuck mine will be completely closed down Jan. 1, 1921. The mine, controlled by the Shattuck company, ceased operations Nov. 1.

Last of Conscientious War Objectors Granted Freedom

WASHINGTON, Nov. 24.—All army conscientious objectors imprisoned during the war have now been released from custody, Secretary of War Baker announced tonight. A total of 33, the statement said, have been discharged by recent orders, including B. J. Salmons, who started a "hunger strike" while confined in a government hospital here a month ago.

"The cases of the 33 conscientious objectors who remained in custody some weeks ago have now been finally reviewed by the secretary of war," Mr. Baker's statement said, "on the recommendation of the adjutant general's office, and the remainder of sentences remitted and the men discharged."

ATTORNEY GENERAL WILL MAKE CHICAGO 'DRY' BY CHRISTMAS

(Republican A. P. Leased Wire)
CHICAGO, Nov. 24.—Chicago will be "the most unhealthy place for crooks and the driest city in the United States by Christmas," federal, state and city officials declared tonight after they had taken part today in a drive against the liquor dealers, which included suits to close 72 saloons and cabarets, injunctions shutting down eight such places and federal indictments of 31 persons on charges of conspiracy to violate the Volstead act.

Attorney General Edward J. Brundage, who instituted the 72 suits tonight said that several hundred more were contemplated and that the state would continue the drive "until there was not a drop of intoxicating liquor in any of Chicago's 9000 'dry' saloons." The federal officials joined in the drive shortly after the attorney general had filed his suits, when Charles Clyne, United States district attorney, procured temporary injunctions from Federal Judge K. M. Landis closing eight cafes. Shortly afterward the federal grand jury, which has been investigating alleged illegal liquor traffic for several weeks, returned jury indictments against 31 persons.

City officials welcomed the state and federal drive as an adjunct to the city roundup of criminals started on Sunday and said it would make easier for them to keep crooks out of the city.

At the same time they frustrated an attempt to seize \$60,000 worth of liquor being transported through the city on trucks and in motor trucks. An assistant attorney general was assigned to direct a staff of attorneys in prosecuting the cases and Mr. Clyne volunteered the assistance of his office.

The theft of \$125 worth of whiskey from local railroad yards started the investigation which found its climax in today's drives. It was charged that this liquor, brought here illicitly from outside, was sold to police officers and then stolen from them by another band, which also included members of the police force. The injunctions issued and the suits filed today cover many of Chicago's most notorious cafes, while the indictments include men well known here and in other cities and several members of the police force.

Wealthy Publisher Dies in Chicago

(Republican A. P. Leased Wire)
CHICAGO, Nov. 24.—Robert O. Law, president of the Robert O. Law Publishing company, dropped dead today while reading a newspaper in his apartment house, according to a police officer. The cause of death is believed to have been a heart ailment.

WISCONSIN GREYBERGES HOME RULE MEASURE FOR IRISH

England Lost America
by Not Giving in
Time, Grey Says

(Republican A. P. Leased Wire)
LONDON, Nov. 24.—The debate in the house of lords on Irish home rule tonight was memorable by a notable appeal from Viscount Grey, former secretary for foreign affairs, to the government for an eleventh hour attempt by generosity to Ireland to fashion the bill into an acceptable measure.

In a speech displaying no resentment and taking full account of the government's extreme difficulties in Ireland, he urged that unless the government was able to secure effective control in Ireland it would be better to withdraw all the armed forces and leave Ireland to find her own salvation.

New Revenue Bill Not Popular With People of Mexico

(Republican A. P. Leased Wire)
WASHINGTON, Nov. 24.—The revenue bill and budget recently prepared by the Mexican treasury department was withdrawn because of the popular outcry, particularly against the proposed income tax, according to advisers from Mexico City today. The bill, which was submitted to congress, included a number of existing taxes, including the stamp tax on sales that date back to colonial times.

The income tax provision called for a 4 per cent rate on all incomes over \$300 a year and was expected to yield \$7,000,000 pesos. After withdrawal of the bill, Salvador Alvarado, minister of Hacienda, issued a statement declaring that "no income tax provision will be included in the revenue bill."

BUILDING TRUST PROBE BRINGS NEW INDICTMENT

Brindell's Chief Of Staff Held Under \$100,000 Bond On Charge Of Ex- tortion; Builders Defeated

(Republican A. P. Leased Wire)
NEW YORK, Nov. 24.—New York's warfare against the alleged building trust today brought forth three new indictments charging extortion, as well as testimony linking the wrought iron and steel industries as to the long list of other producers of construction materials which are alleged unlawfully to hold prices uniform throughout the country.

While the alleged forces of an extraordinary grand jury and joint legislative committee made this progress in their major offensives, legal skirmishes occurred in two courts and the supreme and appellate courts, to the detriment of the trust. The committee was victorious in both occasions.

Decisive defeat marked the efforts of the builders' material bureau in both the supreme and appellate courts to restrain the committee from getting hold of its books and from examining its stenographer, Elizabeth O'Dea. Two injunctions were secured by counsel for the bureau, but were quickly vacated and later in the day an application for a stay was denied.

Wealthy Farmer Kills Wife and Three Children

(Republican A. P. Leased Wire)
DENVER, Nov. 24.—George H. Junke, a farmer of near here, reputed to be wealthy, today killed his wife and three children with a hatchet, badly wounded his baby, and then hanged himself to a rafter in the kitchen.

Butter Drops Three Cents on Chi Mart

CHICAGO, Nov. 24.—Butter dropped from one to three cents a pound on the local market today as a result of trade leanings and an over-supply including large Argentine stocks. Creamery extras were quoted at 52 1/2 cents, a drop of three cents.

In a speech displaying no resentment and taking full account of the government's extreme difficulties in Ireland, he urged that unless the government was able to secure effective control in Ireland it would be better to withdraw all the armed forces and leave Ireland to find her own salvation.

He outlined the minimum as, first, placing Ireland in precisely the same position with regard to foreign affairs as the great self-governing dominions, with the same right to be consulted about commercial treaties and second, only one army in these two islands.

Don't Wait to Be Called on to Enroll in the Red Cross

Here is a call to make the work of the Red Cross lighter and to help out in a cause which should at once enlist the best sympathies and efforts of all. Owing to the diminished working force of the Red Cross it has been impossible to cover every district in this city in the annual Roll Call now in progress. There are many people, doubtless, who have waited to be solicited and are ready to answer to the roll call if called upon. But this has been impossible in all cases.

Therefore, it is requested that all who have not been called upon at their homes or places of business will themselves call at the Red Cross rooms at the chamber of commerce and enroll in this roll call which should include every man, woman and child in Phoenix. There will be a representative at the desk at the chamber of commerce all day today and Friday to accept these memberships. It costs only \$1.00 to get on this roll of honor, although there are other classes of memberships at higher prices for those who wish to aid the Red Cross that much more.

PEACE TREATY MUST BE ASSURED BEFORE DISARMAMENT COMES

(Republican A. P. Leased Wire)
GENEVA, Nov. 24.—The committee's sub-committee and steering committee of the assembly and council of the league were in session today, but beyond the announcement of the council's decision to accept the Armenian case and that regarding the Vilna expedition little could be learned of what was accomplished.

The sub-committee on typhus heard the report of the typhus committee, which recently returned to Poland. The overcrowding of the population in the area recently evacuated by the Bolsheviks after the destruction of a great many houses has intensified the spread of the disease according to the committee's report.

Cholera also broke out in the same region in September while the prevalence of typhoid completes the picture of misery presented by the commission. The council was unable to get the powers to unite on a necessary program of relief and the problem of the assembly.

No amendment to this session and no general disarmament until conditions have become more settled in eastern Europe and execution of the peace treaties is assured; admission of Austria, Bulgaria, Luxembourg and Finland to the league; and postponement of action on other applications.

PHOENIX PEOPLE WILL JOIN TODAY IN OBSERVANCE OF THANKSGIVING

Postoffice and All Public
Offices to Be Closed All
Day and Most Stores Will
Do Likewise—Union Service
at First Baptist.

In the certainty that, all things considered, there has been much for which to be thankful for during the year just passed, Phoenix in general will observe Thanksgiving day today in the full spirit of the occasion.

The general health of the people has been excellent. Industrially, commercially and socially, the city has gone forward during the past twelve months and there is every reason to believe that this advance will continue.

The stores, and especially those dealing in the necessities and luxuries of the dinner table, were crowded yesterday with people preparing to celebrate one of today's greatest features, the Thanksgiving dinner. Home-gone automobiles and street cars to the residential sections carried an unusual weight of satisfied people loaded down with turkeys, cranberries and the other adornments of the festive board. In a fully as great measure as in former years. It is certain that Phoenix is to dine well today.

Thanksgiving day will be observed in the business districts today as usual. All public offices will be closed all day. This includes the state house, court house, city hall, federal building and Water Users' building.

PARDON OF SIXTEEN WILLISAS IS HALTED BY DISTRICT JUDGE

(Republican A. P. Leased Wire)
SANTA FE, N. M., Nov. 24.—Release of the 16 Willisas from the state penitentiary was halted by District Judge Holloman, secretary of the district court, on application of Albert W. Clancy of Santa Fe issued a writ of mandamus directed to Fred G. Wenden of a penitentiary commanding him to show why he should honor the pardons issued by Governor O. A. Larrazolo a few days ago. The case was set for hearing in December 4, and the convicts will be released before that date.

They were to have been given their liberty as soon as immigration officials could prepare the necessary papers to have them deported to Mexico.

The day the pardons were issued, Governor Larrazolo left for Mexico City to attend the inauguration of President-elect Obregon and he could not be interviewed regarding the new phase which the case has taken.

Jamoke Ginger Not Intoxicant Unless Sold as Beverage

(Republican A. P. Leased Wire)
BOSTON, Nov. 24.—Unless Jamaica ginger is sold as a beverage, it is not to be considered as intoxicating liquor, the full bench of the supreme court today ruled in setting aside verdicts of guilty in the case of Sam Soaker and Michael J. Reagen, store keepers in Pittsfield.

Judge DeCourcy held that the sale of Jamaica ginger as a disguised substitute for liquor "is not so notorious that we can assume without proof that Jamaica ginger has the distinctive character, use and effect of an intoxicating liquor."
