

PRE-INVENTORY SALE

ON ACCOUNT of the unusually open fall and the little money scare in November and early December, we find that we have on hand more heavy goods than we care to carry over to another season, and if prices will persuade you to buy, our offerings will interest you.

You still have at least three months of cold weather ahead of you and you can't afford to go without warm goods when you can buy them for so little money. And if you don't need them now, it will pay you big interest on the money invested to buy now and lay away for another season.

Many of the articles offered are at less prices than we paid for them. Our loss is your gain, but we would rather invoice the money than the goods, it's easier.
