

TWO SIGNALS.

There are two serious signals of Kidney Ills. The first signal comes from the back with numerous aches and pains. The second signal comes in the Kidney secretions. The urine is thin and pale, or too highly colored, and showing a "brick-dust like" deposit. Urination is infrequent, too frequent or excessive. You should heed these danger signals before chronic complications set in—Diabetes, Dropsy, Bright's Disease.

Take Doan's Kidney Pills in time and the cure is simple.

J. F. Wainwright, of the firm of Bones & Wainwright, painters and contractors, Pulaski, Va., says: "Four or five times a year for the past few years I have suffered with severe attacks of pain in my back, caused from kidney trouble. During these spells I was in such misery from the constant pain and aching that it was almost impossible for me to stoop or straighten and it really seemed as if the whole small of my back had given away. At times I also had difficulty with the kidney secretions which were discolored, irregular and scalding, and I was also greatly distressed with headaches and dizziness. I used a number of recommended remedies but I never found anything so successful as Doan's Kidney Pills. When I heard of them I had an attack and procured a box of them. In a few days the pain and lameness disappeared, the trouble with the kidney secretions was corrected and my system was improved generally. I have every confidence in Doan's Kidney Pills."

A FREE TRIAL of this great kidney medicine which cured Mr. Wainwright will be mailed to any part of the United States on application. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.

The Vessel Went Down.

At an amateur dramatic performance in the naval academy on April 1st one of the instructors played a new April fool joke. The audience had assembled and everything was in readiness for the curtain to be rung up, when one of the instructors made his appearance, carrying in hand a telegram. "I wish to make an announcement—a very sad announcement," he said in funeral tones. "Under the circumstances it scarcely seems fitting that the entertainment should proceed. Word has just been received that one of the navy's vessels has gone down with all on board!" A hush of horror followed this gravely delivered speech, for most of those in the audience were connected by close family ties with the navy. "What was the name of the vessel?" came a voice from the rear of the hall. "The submarine boat Holland," replied the instructor, as he dodged and made a hasty exit.

Hundreds of dealers say the extra quantity and superior quality of Defiance Starch is fast taking place of all other brands. Others say they cannot sell any other starch.

The Real London Fog.

Col. Harry Johnson, who knows the London fog as he knows bread, said the other day: "The yellow fog is the worst variety. It is so thick that you can not see your hand at arm's length. Policemen find their way along their beats by following the curbstone, feeling inch by inch. I once felt along in the same way in a part of London with which I had been familiar for years, and actually ran plump into a 'bobby' whom I could not see. In the ordinary fog I was accustomed to guide myself as to locality by the church bells, each of which I knew perfectly well by sound, but in the yellow fog I speak of the sounds were so deadened and mingled that they gave no sense of direction. A genuine London fog would paralyze all business and traffic in New York."—New York Press.

HIGHLY SENSATIONAL MURDER CASE STIRS EASTERN COLORADO

Denver, April 12.—A special dispatch to the Republican from Akron last night says:

The verdict of the coroner's jury, which has been all week probing into the mystery connected with the assassination of Joseph Meenan, was made public late this evening. It is as follows:

"That the deceased came to his death on the 3rd of April, 1903, in the county of Washington by four gunshot wounds inflicted by one or more of the following named persons: Perry Tuttle, George I. Tuttle, Frank Irwin, Elmer Shanks and Clinton Dansdill, and that all of said persons conspired to kill, or abetted in the killing, and that said killing was felonious."

Prior to making known to the public the contents of the verdict, information was filed against the persons named in the coroner's findings, and all were later placed under arrest by Sheriff Ball.

The prisoners will be taken to jail at Denver. They left here on the 1 o'clock Burlington train and will reach Denver at 7 o'clock Sunday.

The trial of the prisoners is expected to be the most sensational in the history of eastern Colorado. George I. Tuttle, the eldest of the defendants, is one of the best known men in his section of the state. He is president of the Eastern Colorado Cattle Growers' Association and the largest cattle owner in Washington county. His reputation has been of the best. He is a member of the Colorado Cattle Growers' Association and has always attended its annual meetings in Denver. He has lived in eastern Colorado for the last thirty years. Perry Tuttle, his

son, also under arrest, married a daughter of D. W. Irwin, a pioneer citizen of Akron, and John Irwin, who was killed last Christmas by Joseph Meenan, was married to a daughter of George Tuttle. Mrs. Perry Tuttle is superintendent of schools for Washington county.

Elmer Shanks is a cousin of the Tuttle boys, and Clinton Dansdill, the other prisoner, is an employe of the Tuttle family.

Naturally, all sorts of rumors are afloat. One story heard on the streets of Akron is that Perry Tuttle will be charged with the shooting of Meenan and that the other defendants will be tried as accessories.

It was brought out at the coroner's inquest that most of the men now under arrest made threats against the life of Joseph Meenan, although these threats were made at the time of the killing of John Irwin by Joseph Meenan, and when excitement was running high.

One of the questions most frequently heard here is: "Where was Perry Tuttle on the night of the Meenan murder?" He swore at the coroner's inquest that he spent the night at his father's ranch. Shanks and Dansdill corroborated this story. Meenan was shot about 8 o'clock Friday night although the body was not found until Sunday following. Perry Tuttle, Shanks and Dansdill tell the same general story as to how they spent Friday night, but it is claimed, on the other hand, that it differs in detail sufficiently to cast doubts on it.

Stuart & Murray, lawyers of Denver, have been engaged by the defendants. Other Denver lawyers will assist in the prosecution.

THE PRESIDENT GOES FORTH TO HUNT THE MOUNTAIN LION

Anaconda, Mont., April 12.—A special to the Standard from Gardiner, Mont., says:

President Roosevelt is hunting mountain lions yesterday on Slough creek. In company with Major Pitcher, acting superintendent of the park, and a guard of soldiers, he left Fort Yellowstone Thursday morning for Yancey's, fifteen miles east of Mammoth Hot Springs, from where he went to Slough creek. There are more elk and deer in this vicinity than in any other portion of the park, and where the big game is most numerous, there are also to be found the worst mountain lions. The President will undoubtedly bag a few lions, although it is not known here whether he has secured any as yet. He will also get plenty of opportunity to shoot wolves, as there are many of the big gray fellows in that section.

The president left Fort Yellowstone in excellent spirits. No members of his party accompanied him to Yancey's. The trip was not an especially difficult one as the soldiers had broken a trail through the Yellowstone. The snow is not extremely deep and no special difficulty was experienced in reaching Yancey's. From Yancey's the president will probably visit the lower falls. The soldiers have broken a trail there. Lower falls is five miles up the river from Yancey's. There are many elk and deer in that section also. It is in the vicinity of Slough creek that Death Gulch is located, and it is understood that the president contemplates a visit to that strange canon. The snow is deep in that vicinity.

The weather was fairly good when the president left Fort Yellowstone Thursday morning, but it turned bad Friday. It has been snowing heavily since and has turned cold. Those who have been in the park many seasons say that the weather is worse now than it ever was before, so far as white men know. At this time of the year. It is snowing heavily to-day. The wind is not blowing, however, and it is not thought that the snow will drift to any great extent. The President and his guard will have no special difficulty in reaching Fort Yellowstone, as the distance is not great and a good trail has been broken.

President Roosevelt and Major Pitcher will return to Fort Yellowstone Tuesday if the chief executive carries out his present plans. He will leave immediately on a tour of the park. It is his intention to go through to the lake. New snows will make the trip more difficult than was anticipated, but it is understood that the president proposes to make it if he has to travel on skis most of the way. No one will accompany the president on the trip through the park except the soldiers.

PERSHING WHIPS HOSTILE MOROS

Manila, April 11.—Captain Pershing's force captured Bacolod, island of Mindanao, Wednesday, killed a hundred Moros and wounded many others. Three Americans were wounded.

Pershing's force consisted of Shaw's battalion of the Twenty-seventh infantry, Kilpatrick's troop of the Fifth cavalry and McNair's battery.

Captain Pershing was surveying the west shore lands, when the Bacolodians opposed his advance and provoked the fight. Pershing's force surrounded and attacked the stronghold, first shelling them and rushing his troops forward, charged gallantly.

After crossing a deep moat and entering the fort the Americans engaged the Moros, bayonets against krisses. A hundred of the defenders were killed, including the datto of Panandungan, and many others were wounded. Only three Americans were wounded. After the capture of the fort it was destroyed.

The Bacolod leaders and the majority of the people of that district had been hostile to the Americans and encouraged attacks on American camps. They rejected the tenders of friendship.

It is expected that the defeat of the Bacolodians will result in all the Moros acknowledging American sovereignty.

Pershing's column is going to Parahu, which is also hostile.

Rio Grande Increases Wages.

Denver, April 12.—The Rio Grande railroad reached an agreement with its engineers and firemen yesterday on the wage question. At a final conference between Manager Edson and the engineers' committee yesterday afternoon it was agreed that engineers and firemen should receive an increase of wages of five per cent. for those on ordinary or simple engines, and seven and one-half per cent. for those on compound engines.

The original demand of the engineers was for an increase of fifteen per cent. for simple and twenty per cent. for compound engines. This the officials refused to grant, claiming that the wages of the engineers and firemen were already higher than those of any other class of employes. The question was discussed back and forth for weeks, and it was only after the settlement had been reached with the conductors and brakemen a week ago that the engineers and the company officers began to get together. Everything was finally arranged in a way satisfactory to both sides.

LAUNCH OF THE NEW DEFENDER

Bristol, R. I., April 12.—With an American eagle at her bow, the cup defender Reliance was launched at the Herreshoff works just before sundown yesterday.

Five hundred persons stood beside the glistening under body of the yacht when Miss Cora Iselin, daughter of C. Oliver Iselin, managing owner of the boat, broke, with a silver hammer, the traditional bottle of champagne, saying at the same time: "I christen thee Reliance, and may God bless thee."

The laurel wreaths and bunches of plinks tied with red and black ribbons, the racing colors of Mr. Iselin, were fastened forward, and as the yacht slowly drew out of the shop the American yacht ensign was raised at the stern, with Mr. Iselin's private signal amidships and the colors of the New York Yacht Club at the bow.

Three thousand persons in steam yachts, rowboats, on the two piers and back on the street behind the shops greeted the plunge of the Reliance with lusty cheers, while a bugler on a torpedo boat played "The Star Spangled Banner."

It is expected that the Reliance will have a trial spin in about ten days, after which she will have a thorough trying out, meeting both the Constitution and the Columbia in a series of thirty-five races in Long Island sound, off Sandy Hook and at Newport. Should she prove superior to her two rivals, she will meet the Shamrock III. in the first of the cup races August 21st.

Can Maintain Separate Schools.

Topeka, Kan., April 12.—The Supreme Court yesterday decided that the Topeka Board of Education can maintain separate schools for white and negro children and can compel the negro children to attend the negro school. A colored man had taken his son to the white school and the pupil was refused admittance. Mandamus proceedings were then brought against the board to compel them to admit the negro.

Utopian Whisky Club Killed.

Topeka, Kan., April 12.—The Kansas Utopian Association is an illegal organization, says the Supreme Court in a decision handed down in an appeal case of a lodgekeeper from Brown county. "Stripped of its subterfuge and pretense, it is simply a whisky saloon," says the court. The decision closes over 200 lodges, with 65,000 members.

VALUE OF AUTOMOBILES.

Will Greatly Enlarge Social and Business Possibilities.

With the universal adoption of the motor car, which we are told to expect in the very near future, we shall be able to live three times as much in the same span of years, our horizon will be extended and our lives will be wider and more interesting.

The motor age, on which we have already entered—according to Henry Norman, who contributes an interesting forecast to the World's Work—will effect a revolution as remarkable as that brought about by the steam locomotive.

"The average radius of the horse-keeper of to-day," says Mr. Norman, "is twelve miles. With a car of ten or twelve horse-power the radius of the whole family is comfortably thirty miles.

"The area of a circle whose radius is twelve miles is 452 square miles, but the area of one whose radius is thirty miles is 2,827 square miles. Thus the car owner has a sphere of activity exceeding by 2,375 square miles that of the horse owner, with all its additional opportunities of intercourse with his fellows.

"In other words, the possession of a car multiplies the contents and the effective sphere of a man's life.

"Think of what it means. Every friend within 3,000 square miles can be invited, any piece of worship or lecture or concert attended and business appointment kept, the train met at any railway station, every post and telegraph and telephone office within reach, every physician accessible, any place reached for golf or tennis or fishing or shooting, and with it all the influence upon the community will be no less than upon the individual. Our country districts will revive. The old coaching roads and coaching inns will once more be thronged with travelers. We shall know the land we live in—its rural interests, its beauties, its antiquities."

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from a reliable physician, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by J. C. Foley & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by J. C. Foley & Co. Testimonials from reliable physicians, price 75c per bottle. Hall's Family Pills are the best.

It is said that during the late restaurant strike in Denver a great many people went home to lunch and got cured of their dyspepsia.

A smile of satisfaction goes with one of Baxter's "Bullhead" 5-cent cigars.

Too much pie is apt to make a man more crusty than plous.

Storekeepers report that the extra quantity, together with the superior quality of Defiance Starch makes it next to impossible to sell any other brand.

"What are all those people doing out there on the road?" "Oh, their automobiles has balked."

Look for this Trade Mark: "The Clean, Kool Kitchen Kind." The stove without smoke, ashes or heat. Make comfortable cooking.

Where did you come from, baby dear? Landlords declare you can't stay here.

"Papa, what's a green grocer?" "It's one who doesn't sell for cash."

THE MEN AND WOMEN Who Enjoy the Choicest Products of the World's Commerce.

Knowledge of What is Best More Important Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain permanent universal acceptance. However loudly heralded, they may not hope for world-wide preeminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting, enjoying and learning the real worth of the choicest products. Their commendation, consequently, becomes important to others, since it meets the requirements of the well informed of all countries the method of manufacture must be of the most perfect order and the combination of the most excellent of its kind. The above is true not of fancy products only, but is especially applicable to medicinal agents and after nearly a quarter of a century of growth and general use the excellent remedy, Syrup of Figs, is everywhere accepted, throughout the world, as the best of family laxatives. Its quality is due not only to the excellence of the combination of the laxative and carminative principles of plants known to act most beneficially on the system and presented in the form of a pleasant and refreshing liquid, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformly and purity essential in a remedy intended for family use. Ask any physician who is well informed and he will answer at once that it is an excellent laxative. If at all eminent in his profession and has made a special study of laxatives and their effects upon the system he will tell you that it is the best of family laxatives because it is simple and wholesome and cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after-effects. Every well-informed druggist of reputable standing knows that the Syrup of Figs is an excellent laxative and is glad to sell it at the regular price of fifty cents per bottle, because it gives general satisfaction, but one should remember that in order to get the beneficial effects of Syrup of Figs it is necessary to buy the genuine, which is sold in original packages only, the name of the remedy—Syrup of Figs and also the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

CONGRESSMAN WILBER SAYS

[To The Pe-ru-na Medicine Co., of Columbus, O.]

"Pe-ru-na is All You Claim For It."

Congressman D. F. Wilber, of Oneonta, N. Y., writes:

The Peru-na Medicine Co., Columbus, Ohio:

Gentlemen—"Persuaded by a friend I have tried your remedy and I have almost fully recovered after the use of a few bottles. I am fully convinced that Peru-na is all you claim for it, and cheerfully recommend your medicine to all who are afflicted with catarrhal trouble."—David F. Wilber.

Pe-ru-na a Preventive and Cure for Colds.

Mr. C. F. Given, Sussex, N. B., Vice President of "The Pastime Boating Club," writes:

"Whenever the cold weather sets in I have for years past been very sure to catch a severe cold which was hard to throw off, and which would leave after-effects on my constitution the most of the winter.

"Last winter I was advised to try Peru-na, and within five days the cold was broken up, and in five days more I was a well man. I recommended it to several of my friends and all speak the highest praise for it. There is nothing like Peru-na for catarrhal affections. It is well nigh infallible as a cure, and I gladly endorse it."—C. F. Given.

A Prominent Singer Saved From Loss of Voice.

Mr. Julian Weisaltz, 175 Seneca street, Buffalo, N. Y., is corresponding secretary of The Sangerlust, of New York; is the leading second bass of the Sangerlust, the largest German singing society of New York and also the oldest.

In 1890 The Sangerlust celebrated its fiftieth anniversary with a large celebration in New York City. The following is his testimony:

"About two years ago I caught a severe cold while traveling and which settled into catarrh of the bronchial tubes, and so affected my voice that I was obliged to cancel my engagements. In distress I was advised to try Peru-na, and although I had never used a patent medicine before, I sent for a bottle.

"Words but illly describe my surprise to find that within a few days I was greatly relieved, and within three weeks I was entirely recovered. I am never without it now, and take an occasional dose when I feel run down."—Julius Weisaltz.

If you do not derive prompt and satisfactory results from the use of Peru-na write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

A baker's dozen is thirteen, but this may not apply to bread that is leavened.

Sensible Housekeepers will have Defiance Starch, not alone because they get one-third more for the same money, but also because of superior quality.

A St. Louis woman advertises to send ten rules for selecting a wife for 10 cents. Men who are looking for 18-cent wives will please take notice.

Flo's Cure is the best medicine we ever used for all affections of the throat and lungs.—Wm. O. Estel, St. Vanburn, Ind., Feb. 18, 1903.

"Peter isn't worth his salt." "Why, what's the matter with him?" "Oh, he's too fresh."

"It beats all" how good a cigar you can buy for 5 cents if you buy the right brand. Try a "Bullhead."

"Say, teacher, is it along to say 'You bet'?" "You bet it is."
