

**TRIED BY TIME.**  
Eugene E. Lario, of 751 Twentieth Avenue, ticket seller in the Union Station, Denver, Col., says: "You are at liberty to repeat what I first stated through our Denver papers about Doan's Kidney Pills in the summer of 1899, for I have had no reason in the interim to change my opinion of the remedy. I said when first interviewed that if I had a friend and acquaintance suffering from backache or kidney trouble I would unhesitatingly advise them to take Doan's Kidney Pills. I was subject to severe attacks of backache, always aggravated if I sat long at a desk. It struck me that if Doan's Kidney Pills performed what they promised they might at least help. This induced me to try the remedy. It absolutely stopped the backache. I have never had a pain or a twinge since."  
A FREE TRIAL of this great kidney medicine which cured Mr. Lario will be mailed to any part of the United States on application. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists. Price 50 cents per box.

It is said that the flirtings at the yacht races is likely to result in a great number of marry time engagements.

**Don't Rent a Farm—Buy!**  
Colorado farmers can get good irrigated land, best of water rights, splendid crops, and pay about the usual rental for the use of the land. In three years they'll own it clear. The best chance to get a good farm ever offered in the state. Write to-day to The Colorado Bureau of Immigration, 616 Majestic building, Denver, Colorado.

**Women in Russia.**  
Mrs. Kate T. Woolsey, writing on "Woman's Inferior Position in a Republic," compares woman's status in the United States with her status in Russia. For example, in America millions of wives have no individual control over their property. In Russia, on the other hand, for about two centuries, every wife has been the legal mistress of her own fortune. Where 9,000 wives are deserted by husbands in America, 500 such desertions occur in Russia. No little girls can be employed in Russian factories; thousands are so employed in this country. Finally, more women work in the fields in the United States than in Russia.

**Language of Animals.**  
Animals have a language made up of signs or inarticulate sounds expressing impressions, sensations, passions, but never ideas. So this language excludes conversation and is limited to interjections or signs or movements expressing joy, grief, anger, fear, all the passions of the senses, but never more.

**Deafness Cannot be Cured.**  
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Miss Case has been cured by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give a refund of \$10.00 for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. J. C. HENNEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

"What are you Christian Scientists laying out a cemetery for?" "Oh, for the members that have a belief that they are dead."

**Insist on Getting It.**  
Some grocers say they don't keep Defiance Starch. This is because they have a stock on hand of other brands containing only 12 oz. in a package, which they won't be able to sell first, because Defiance contains 16 oz. for the same money. You want 16 oz. instead of 12 oz. for same money. Then buy Defiance Starch. Requires no cooking.

"I suppose, Mr. Henpeck, that you suffer in silence when your wife is at it with you?" "No, I suffer from lack of silence."

The secret of the popularity of Baxter's "Bullhead" 5-cent cigar is revealed in one word—"Quality."

"I, A. B., declare my engagement to C. D., spinner of this town, to be at an end by reason of her pawning the engagement ring," is from the personal column of a German newspaper.

**JUNE TINT BUTTER COLOR** makes top of the market butter.

Any old time Coloradoan would hate to be found dead with a copper cent in his pocket. He regards the use of cents as rank nonsense.

The Best Results in Starching can be obtained only by using Defiance Starch, besides getting 4 oz. more for same money—no cooking required.

"Fine feathers make fine birds." "Yes, and afterwards they make ducks of bonnets."

A smile of satisfaction rises with one of Baxter's "Bullhead" 5-cent cigars.

"I can't imagine anything worse than a man who never has an opinion of his own." "Unless it's a man who has lots of opinions that he thinks are his own."

**Mrs. Winslow's Soothing Syrup.** For children teething, soothes the gums, reduces inflammation, always cures wind colic. 25c a bottle.

"Why is it Willie is always so quiet when riding in the street cars?" "Why his pa told him those big straps could be detached."

## OPERATORS AND STRIKERS SEND OUT CONFLICTING REPORTS

Denver, Sept. 27.—A Republican special from Victor last night says: William Dodsworth, president of Miners' Union No. 32 of Victor, who resides in Goldfield, was arrested to-day at his home and was taken to Camp Goldfield and placed in the guard tent. He was charged with having assaulted Jim Doyle, a driver for the Colorado Trading and Transfer Company at Independence, the assault taking place some ten days ago. This afternoon men were searching the district for Doyle, in order to have him swear to the information that was to be filed against Dodsworth, but the officers were unable to locate him and it is believed he has left the camp. This afternoon General Reardon, postmaster at Victor, and George S. Simonton, wholesale grocer of the same city, went to Camp Goldfield and vouched for Dodsworth's good character and urged the military authorities to release him. Shortly after they departed from camp the prisoner was summoned to headquarters. He asserted his innocence of any crime and assured the officers that he would not attempt any form of law-breaking and promised further that he would also give information of any person who tried in any way to disparage or abuse the National Guard of Colorado. He was then set at liberty. Joe Lynch, marshal of Independence, who was arrested last evening by the cavalry in a saloon at Independence, was also given his liberty, as the person who was supposed to furnish evidence against him could not be found after a careful search.

The number of men who have returned to work in the so-called "unfair" mines is rapidly approaching 1,000, and will top that figure before many days elapse. Inquiry at the different mines and samplers where the daily reports of the shift bosses and the pay rolls were placed at the disposition of a Republican representative, shows 937 men drawing pay and working. Capable miners are arriving in camp by every train and are assigned to work as soon as they report. Two of the Duluth "strike breakers," Frank Anderson and William Smith, who were induced to quit and were shipped out of camp at the expense of the Western Federation, have returned, and are working at a local sampler. The following official statement was issued to-night over the signature of the executive committee, District Union No. 1, W. F. of M.: "General Chase in an interview says the strike is over. If General Chase means by this statement the strikers have won he is correct, but if he means the contrary, he is incorrect. "There are at present close to 1,000 union miners working in the Cripple Creek district upon mines that are 'fair.' "There are about 200 men and boys working on mines that are 'unfair.' The major portion of these men and boys are not miners and could not obtain work upon these mines at any other time than during a strike to help break the strike. These are the men that the mine owners are bragging of having."

## FIRST PASSENGER TRAIN ON THE NEW MOFFAT RAILROAD

Denver, Sept. 28.—Yesterday marked another epoch in the history of the new "Moffat" road, for at 10 o'clock the first passenger train sent over the line made the trip from the union depot to a point seventeen miles from the city on the line known as the Steamshovel Cut. On the train were the men who have made the road a reality and a number of local officials of other roads running into Denver. Those on the train were the guests of David H. Moffat, the president of the new road. The train consisted of one passenger coach and the Moffat road engine No. 21, the locomotive which was recently completed for the use of the company. The train left at 10 o'clock in the morning and the party returned to Denver in the afternoon at 1:30 o'clock. The trip was one of inspection and the roadbed was pronounced by several of the party who made the trip as the very best. Considerable time was spent at the end of the run in the inspection of the steam shovel and the cut where the line now ends. The road has been completed for seventeen miles out of Denver and as far as constructed is one of the best

pieces of road in the country. The best engineering ability and the latest methods have been employed in the construction of the line and altogether the road was pronounced by those who made the initial trip one of the finest in the country. Those in the party were A. C. Ridgway, general manager of the Colorado-Utah Construction company, which is building the road; W. A. Deuel, superintendent of the Union Pacific line; George W. Vallery, of the Burlington; F. Harris, assistant superintendent of the Burlington; J. W. Gilluly, treasurer of the Denver & Rio Grande; J. B. Andrews, of the Denver & Rio Grande; Fred Moffat, W. C. Thomas, assistant cashier of the First National bank; W. F. Jones, auditor of the Colorado-Utah Construction company; Charles Hughes, Gerald Hughes and H. A. Sumner, chief engineer of the Colorado-Utah construction company. It is not the purpose of the management to run regular trains over the road at present, the train yesterday being the only one which will be sent over the road until considerable more of it has been completed.

## MONTANA BANDITS THREATEN TRAINS

Helena, Mont., Sept. 27.—Because the Northern Pacific Railway Company refused to comply with the demands of a gang of dynamiters to deposit a large sum of money at a point between Garrison and Missoula, no less than four attempts have been made within the past two weeks to carry out the threat to blow the property of the company in Montana off the map, as expressed in the ultimatum. As yet no serious damage has resulted, although the cow-catcher and headlight were blown off a passenger engine in the Helena yards and the tracks have been torn up to a greater or less extent. The Pat Crowe plan of securing money was delivered to the company officials about three weeks ago, but the facts have just become public. The notice, which was sent to General Passenger Agent Fee and General Manager Hannaford, at first demanded \$25,000 and then \$50,000 to be given to the engineer of a light engine, to be delivered by him at a designated point west of Garrison on a certain date and at a given signal from the bandits. Instead the railway officials essayed to capture the robbers by a ruse which, however, failed ignominiously. The light engine was sent out as directed, and the supposed package of \$50,000 was in plain view. Approaching the spot appointed, the engine slowed down, but before it came to a full stop a second light engine, on which there were a dozen or more heavily-armed men, hove in sight. A search was made of the immediate vicinity, but none of the conspirators were to be found. The railway officials have since been warned that because of their "trifling" the original threat would now be carried out.

## Preparations for War.

London, Sept. 28.—While there is little fresh news this morning from the Balkans, it appears from the dispatches received here that both Turkey and Bulgaria are actively preparing for the possibility of war. The correspondent of the Mail at Monastir comments on the skillful disposition of the Turkish troops for delivering a quick blow against either Serbia or Bulgaria. There are 10,000 soldiers in the vilayet of Kosovo, 70,000 men with 300 guns at Adrianople vilayet, 50,000 in Monastir vilayet and 170,000 in Salonica, the last mentioned force forming a huge reserve.

## Nearly Two Miles a Minute.

Berlin, Sept. 27.—A high speed trial over the Zossen experimental electric railroad yesterday resulted in attaining a speed of 117 miles per hour. Every part of the 100-ton car was intact, and the roadbed was not affected. The fact that the machinery and the roadbed were not impaired gives every hope of attaining speed at the rate of 125 miles per hour.

## YELLOW FEVER THREATENS TEXAS

Laredo, Texas, Sept. 22.—The yellow fever seems to be on the increase in this city, despite rigorous efforts that are being taken to stamp it out. Two deaths and twelve new cases were reported at the close of the day. Dr. Guiteras, in his house to house canvass to-day, saw many cases of fever and at the conclusion of his day's examination made the announcement that twelve of the cases were genuine yellow fever. Laredo presents a sad appearance, all those who could get away having departed for points north of the state of Texas, and for points south. It is estimated that nearly four thousand people have fled from here since the scare began. The city is now quarantined against it in all directions in the state and no person can get beyond the limits of Webb county. Other Texas counties have established a shot gun quarantine and are turning back all who are endeavoring to get away in coaches, buggies and carts. The quarantine applies to all persons, freight baggage, express, mail of other matter originating in the city of Laredo or points south, the only persons having authority to leave the corporate limits being the health officers of the state of Texas and the United States. The work of placing the city in a thoroughly sanitary condition is being carried on under the supervision of Dr. Guiteras and a corps of expert assistants.

## Attempt at Kidnaping.

Lincoln, Neb., Sept. 27.—It developed to-day that an attempt was made to kidnap the eight-year-old girl of Governor Mickey. While four of the governor's children were playing in the front of the mission, an unknown man came along and tried to carry the oldest girl away. The other children clung to his clothes and screamed. The man was so badly frightened when he saw neighbors coming that he dropped the child and ran. Governor Mickey says that the warden of the penitentiary, Mr. Beemer, reported to him twice that a kidnaping attempt had been prophesied by convicts, "to teach the governor a lesson."

## Balloon Crosses English Channel.

London, Sept. 27.—Count De La Vaulx and Count D'Outremont descended to-day in a balloon near Hull-Yorkshire, having journeyed from Paris in seventeen and three-quarters hours. This is the first time that a balloon has successfully traveled from France to England. Count De La Vaulx is one of the best known French aeronauts. In August, 1902, he made the record balloon trip for that year, having ascended from St. Cloud, near Paris, and landed at Ouessant, a distance of over 419 miles, which he covered in nineteen hours.

## WILL STICK TO DIXIE.

**Ex-Confederates Want Wording of the Song Unchanged.**  
At a recent Confederate reunion at Columbia, Missouri, tumultuous scenes resulted from a motion to change the words of "Dixie." John C. Stone of Kansas City introduced a resolution setting forth that the words of the song as they now stand are childish and unbecoming, especially when compared with some other great patriotic songs. Mr. Stone suggested that the Missouri Daughters of the Confederacy take the matter in hand and rewrite the song in more appropriate words. Shouts of disapproval greeted the motion. Scores of veterans were on their feet in a moment, protesting against any change. Then some one started the rebel yell, and the whole crowd was at it for several minutes. The yell did more than much argument might have accomplished, for, when quiet was restored and the resolution was put to a vote, every man present except one voted against it. Just as the decision was announced the band struck up "Dixie" and the rebel yell was raised once more. Several hundred university students joined in the tumult and it was fifteen minutes before order was restored and the reunion again settled down to business.

## Remarkable Athletic Feat.

Gilman Lowe, a New York athlete, lifted 1,006,000 pounds in thirty-four minutes and thirty-five seconds. The scale was so arranged as to bring the arm, leg and back muscles into play. Each lift of the beam under which he stooped raised 1,000 pounds dead weight. During the two months' training Mr. Lowe lived on only one meal daily, consisting of three eggs, one-half loaf of whole-wheat bread, fruit, either oranges, grapes, apples, or bananas, cereals, and nuts, and one glass of milk after the meal; also plenty of cooled distilled water during the day.

## "I Found It So."

McCormick, Ill., Sept. 28.—Miss Ethel Bradshaw of this place has written a letter, which is remarkable for the character of the statements it contains. As her letter will be read with interest, and probably with profit by many women, it has been thought advisable to publish it in part. Among other things Miss Bradshaw says: "I had Kidney Trouble with the various unpleasant symptoms which always come with that disease, and I have found a cure. I would strongly advise all who may be suffering with any form of Kidney Complaint to use Dodd's Kidney Pills, a remedy which I have found to be entirely satisfactory. "This remedy is within the reach of all, and it is all that is recommended to be. I found it so, and therefore feel it my duty to tell others about it." Dr. Dunaway of Benton, Ill., uses Dodd's Kidney Pills in his regular practice, and says they are the best medicine for Kidney Troubles. He claims they will cure Diabetes in the last stages.

The Lady—What right have you to enter my room in the middle of the night? Burglar—Now, don't scold me, ma'am; I'm not your husband.

## Stops the Cough and Works Off the Cold

**Laxative Bromo Quinine Tablets.** Price 25c. It is said that oil and water will not mix, but Mr. Rockefeller has shown that oil stick can be watered.

## When You Buy Starch

buy Defiance and get the best, 16 oz. for 10 cents. Once used, always used.

## How's the new pitcher?

"As a pitcher he's all right, but when it comes to running the bases he's a tumbler." The mildest tobacco that grows is used in the making of Baxter's Bullhead 5-cent cigar. Try one and see.

## Bella—Did he propose to you upon his knees?

Stella—Yes, I was—I mean he did. Pisco's Cure for Consumption is an infallible medicine for coughs and colds.—N. W. SAMUEL, Ocean Grove, N. J., Feb. 17, 1900.

## Do Your Clothes Look Yellow?

Then use Defiance Starch. It will keep them white—16 oz. for 10 cents. It is folly to marry a grass widow for the purpose of having your grave kept green. "It beats all" how good a cigar you can buy for 5 cents if you buy the right brand. Try a "Bullhead."

## A dentist has been indicted in connection with the postoffice scandal,

which shows that even a pull will not always save a man. FITS Permanently Cured. No Stitches or Painful After Effects. Dr. R. H. Kline's Great Nerve Restorer. Send for FREE 64-page treatise and treatise. Dr. R. H. Kline, 122, 321 Arch St., Philadelphia, Pa.

## "See here, Mister, can you tell me the road to heaven?"

"Certainly. Turn to the right and go straight ahead."

## WORN OUT, DRAGGED OUT, Are Most Women in Summer.

—Peruna is a Tonic of Efficiency.

Mrs. Tressie Nelson, 422 Broad St., Nashville, Tenn., writes:

"As Peruna has done me a world of good, I feel in duty bound to tell of it, in hopes that it may meet the eye of some woman who has suffered as I have. "For five years I really did not know what a perfectly well day was, and if I did not have headaches, I had backache or a pain somewhere and really life was not worth the effort I made to keep going. "A good friend advised me to use Peruna and I was glad to try anything, and I am very pleased to say that six bottles made a new woman of me and I have no more pains and life looks bright again."—Mrs. Tressie Nelson.

hot weather. Many ladies have discovered that the depression of hot weather and the rigors they have been in the habit of attributing to malaria, quickly disappear when they use Peruna. This is why Peruna is so popular with them. Peruna provides clean mucous membranes, and the clean mucous membranes do the rest. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

**ORDER BY MAIL AND SAVE MONEY**

We have every facility for promptly and satisfactorily serving our out-of-town patrons through the Mail Order Department of this, the largest Department Store in the great West. Our stocks embrace good goods of most every kind—wearables for men, women and children of every nature, and all that is needed in home furnishings. Our stock represents over \$2,000,000—all new, all up to date, all reliable.

Send address for our new Fall and Winter Catalogue.

**THE DENVER DRY GOODS CO.**  
Denver, Colorado  
We Pay Express or Freight on Many Lines

Every tidy housekeeper appreciates nicely starched clothes and linens. No starch under the sun gives so good a finish as Defiance Starch. It is absolutely free of the chemicals which other starches contain. It never sticks to the iron or causes the clothes to break. It does not rot them. For 10 cents you get 16 ounces of the best starch that can be made. Get Defiance.

**THE DEFIANCE STARCH CO.,**  
OMAHA, NEB.

## WOODWORTH-WALLACE COLLEGES

Send 4 Cents in Stamps for Aluminum Combined Comb and Paper Cutter WOODWORTH-WALLACE COLLEGES, Denver.

## Right Along

A good thing lives and takes on new life, and so

The Old Reliable  
**St. Jacobs Oil**  
keeps right along curing  
**Pains and Aches.**  
Price 25c. and 50c.
