Mr. Charles Cornelius, formerly of Rand, accompanied by a young Mr. Malloney, arrived in town Monday, direct from Denver. Mr. Cornelius will remain in the Park a month or two, and then return to Denver where he has bought a home.

Mr. Hubert C. Chedsey crossed the range on horseback to escort Elder Phifer over from Steamboat, who came by the same conveyance. Large drifts of snow—now frozen into ice—were encountered on the new road, but were strong enough to bear up the horses.

Mr. W. C. Lamb and family, of Timnath, stopped at Walden over the Fourth on account of Mr. Lamb having a touch of mountain fever. They are on their way to Steamboat Springs, and expect to spend much of the summer traveling over the mountains on a vacation.

We call special attention to the importance of observing the notice to ditch owners, at the head of this page. If all parties interested will be prompt in arranging dates for hearings, and then come on with their evidence on the date fixed, much delay, confusion and expense can be avoided.

W. O. Mosman has bought C. E. Mosman's interest in the old Callaghan ranch, and he and his son Miller, have taken in desert and homestead rights a section of beautiful land immediately adjoining, and they will now have a first-class ranch, indeed. This fall they expect to run a ditch five miles long that will cover all the new land.

Frank Kellam and James Hatch of Rand, returned Tuesday from a trip to Laramie bringing with them Mr. E. T. Petrie and family and their household goods including a crate of chickens all the way from "old Missouri." Mr. Petrie is an old friend of Frank Kellam and his mother, and they will make their home with them for the present. Another addition to the settlement at Rand of a family of respectable people.

Wm. and Mrs. McConaughy returned from Laramie last Friday, accompanied by Mr. A. J. Cox of Kansas City, stepfather, and Mrs. Wm. F. Graham of Chicago, sister of Mrs. McConaughy. They all, with D. W. McDoyle, took dinner at the Michigan, spreading out their lunch in the broad Colorado sunlight at

high noon. In any other country such a sunlight would almost cook people and dinner too, but here in North Park it is not at all uncomfortable. These relatives enjoyed themselves immensely on the trip and will remain in the Park perhaps all summer.

YES, THE DECLARATION OF INDEPENDENCE will soon be a dead letter. It is now treated as a worthless, old thing, having outlived its usefulness. It is referred to as a thing of the past, good enough in its day, but no longer binding on the present administration. But do we stop to think as it goes into the shades of oblivion, human liberty, rights, and justice go with it, and the will of one man takes the place of the will of the many.
