A Veteran Parade. A report from a "Veteran Parade" followed, starting again, so that we are reading the following parody from the New York Tribune entitled Why We Oppose Pockets for Women:

1—Because pockets are not a natural right. 2—Because the great majority of women do not want them. 3—Because, whenever women have had pockets they have not used them.

ECZEMA ALMOST COVERED BODY. Commenced with Little Pimples. Itched and Burned So Scratched and Made Sores. Grows and Frustrated. Could Not Sleep. Cuticura Soap and Ointment Cured.

7 Harvest St., Southbridge, Mass. "Our son commenced with little pimples all over his body. They said it was eczema. The pimples looked like small insect bites and almost covered his body. They came to a head from which water would run. They itched and burned so badly that my son scratched them and made sores. His clothing irritated the sores and he was cross and fretful. He could not sleep nights and would cry and say they burned and itched all the time."

"I tried—but it did not relieve him, and some—but it seemed to make him worse. I then used Cuticura Soap and Ointment and the first night I used them he seemed to be so relieved he slept a little. I first washed the affected parts with Cuticura Soap and then applied Cuticura Ointment twice daily. At the end of the first week he was much better and at the end of the second week he was completely cured. Every mark was gone." (Signed) Mrs. W. B. Potter, Nov. 12, 1912.

For treating poor complexion, red, rough hands, and dry, thin and falling hair, Cuticura Soap and Cuticura Ointment have been the world's favorites for more than a generation. A single set is often sufficient. Sold everywhere. Liberal sample of each mailed free, with 25-p. Skin Book. Address postcard "Cuticura," Dept. T., Boston.

Men who have and shampoo with Cuticura Soap will find it best for skin and scalp.
