

STRIKERS REMAIN FIRM

AN EARLY SETTLEMENT OF THE TROUBLE NOT PROBABLE.

The Carpet Manufacturers Throw Open the Doors of Their Factories Yesterday But None of the Men Returned to Work—Men Will Remain Out Until Demands Are Acceded To.

Philadelphia, Aug. 12.—In accordance with their ultimatum the thirty-seven ingrain carpet manufacturers, whose 3,000 employes are on strike for an advance in wages of 7 1/2 per cent., opened the doors of their mills this morning so as to give the strikers an opportunity to return to work.

The manufacturers agreed to grant the advance on December 1, if the men would return to-day, otherwise they declared that they would call off all negotiations and endeavor to fill the places of the strikers with new hands.

So far as could be learned none of the strikers returned to-day, and an early settlement of the strike which has now been in progress five weeks, is not probable.

A majority of the strikers held shop meetings to-day, and reiterated their intention to remain out until the manufacturers shall accede to their demands.

It is said a building, some distance from Philadelphia, has been selected and will be used for a co-operative factory.

Rear-End Collision. Wheeling, W. Va., Aug. 12.—Engineer E. C. Arns was killed and eight cars and one engine were demolished in a freight wreck on the Baltimore and Ohio at Campen, twenty miles south of here, last night. The wreck was caused by a rear-end collision, one train plunging through the other on a down grade.

The loss to the railroad will be about \$12,000.

Well Known in This City. Springfield, Mass., Aug. 12.—It has developed here to-day that F. C. Whiting, who was arrested in Chicago Saturday night on the charge of passing forged paper, is well known not only in this city, but in Boston, Hartford, New Haven, New Britain, Greenfield, and throughout New England generally.

In this vicinity he earned considerable notoriety not only as a shrewd horse trader, but as a handler of checks, which frequently have come back to the persons who have cashed them. W. B. Fisch, Gaville de Froite and T. W. Leete of this city have had much experience with Whiting's checks but in each case the men have managed to get hold of him and get back their money.

On Suspicion of Murder. London, Aug. 12.—The Daily News prints a dispatch from Vienna saying that M. Urkoff, chief of police of Sofia, was taken into custody at the railroad station to-day on suspicion of having been concerned in the murder of ex-Premier Stambouloff. The dispatch also says that Prince Ferdinand's departure from Ebnthal last night was surrounded with mystery. None of his family accompanied him. Troops are stationed along the line of the railway from Zaribrod to Sofia.

Pardon for Parson. Augusta, Me., Aug. 12.—A petition for the pardon of Stain and Cromwell, now serving a life sentence for the murder of Cashier Barren of Dexter Savings bank on February 22, 1878, came up this evening before the governor and council. Hon. Josiah Crosby of Dexter appeared in behalf of the petitioners. The hearing will be continued to-morrow.

Defender at New Rochelle. New Rochelle, N. Y., Aug. 12.—The Defender arrived this morning. She was towed from Newport. When off Faulkner's Islands a terrific thunder storm was encountered, but the Flint, her tow, passed safely through it. The yacht is moored off C. Oliver Iselin's residence.

Marine Colonel on Trial. New York, Aug. 12.—Colonel Forney, U. S. M. C., was placed on trial to-day before the court of inquiry, which convened in the navy yard. The greater part of the session was taken up with the reading of complaints made by Colonel Hayward, his superior officer. The allegations contained in the complaints were that Colonel Forney had neglected his duty; that no proper account was kept of supplies and that generally his post was badly managed. He is also accused of failing to keep proper receipts for furniture supplied to the officers. Colonel Forney is alleged to have removed seventy tons from the navy yard to his residence during the year 1887. The reports made by the accused are alleged to be untrustworthy, and he is charged with recharging condemned goods after they had been reported sold. Regarding a defective chimney Colonel Forney is alleged to have sworn falsely at the investigation held by Colonel Hayward. The inquiry will be resumed to-morrow.

Ceremonies Were Simple. Nashville, Tenn., Aug. 12.—The remains of Justice Jackson were laid to rest in a private cemetery at Belle Meade Stock Farm, six miles west of this city, to-day. The officiating clergymen were Rev. J. H. McNeilly and Rev. Lin Cave, both of this city. The ceremonies at the grave were simple.

ON THE BALL FIELD.

Results of the Games in the Big League Yesterday.

At Boston—The Washingtons tied to-day's game in the ninth on an error by Nash and good batting by Crooks, Joyce and McGuire and the Boston won out in the tenth on a hit by Duffy, a sacrifice by Sexton and Anderson's muff of Tucker's high fly. The score: Washington 0 0 0 1 0 0 0 2 0—3 Boston 2 0 0 0 1 0 0 0 1—4

Hits—Boston 8, Washington 12. Errors—Boston 1, Washington 3. Batteries—Nichols and Ganzel; Boyd, Mercer and McGuire.

At Chicago—Chicago had a narrow escape to-day and but for some foul base-running by Louisville would have lost the game. The colonels out-hit the home team, but were out-fielded and acted like wooden men on the bases. Both sides bunched hits well, but Weyhing was in better form than Terry, who was inclined to be wild. The score: Chicago 4 0 1 0 1 0 0 0 x—6 Louisville 0 0 2 0 0 0 1 0 1—5

Hits—Chicago 9, Louisville 11. Errors—Chicago 2, Louisville 6. Batteries—Terry and Donahue; Weyhing and Warner.

At Baltimore—The champions to-day won a close and exciting contest. Both pitchers had excellent control of the ball and were steady throughout. The visitors played a sharp fielding game. "Yale" Murphy played third base in the absence of ex-Captain Davis, who is said to have had a misunderstanding with Manager Doyle and left town. The score: Baltimore 0 0 1 0 0 0 2 0 0 x—3 New York 0 0 0 0 2 0 0 0 0—2

Hits—Baltimore 5, New York 7. Errors—Baltimore 7, New York 0. Batteries—Clarkson and Robinson; Meekers and Farrell.

At Cincinnati—The home team batted Hawley all over the field this afternoon and won in a gallop. Elmer Smith spiked McPhee in the third inning and was hissed by the crowd of 2,000 spectators. The score: Cincinnati 2 2 0 0 1 2 0 3 x—10 Pittsburgh 0 0 1 0 0 0 0 2 0—4

Hits—Cincinnati 15, Pittsburgh 5. Errors—Cincinnati 1, Pittsburgh 2. Batteries—Rheins and Vaughan; Hawley and Sugden.

At Cleveland—Cleveland put up a splendid fielding game against St. Louis to-day and won one of the most exciting games of the season. The score: Cleveland 1 0 0 1 1 1 1 x—5 St. Louis 0 0 1 0 0 0 2 1 0—4

Hits—Cleveland 9, St. Louis 5. Errors—Cleveland 1, St. Louis 3. Batteries—Wilson, Young and Zimmer; Ehret and Otten.

At Brooklyn—During the first seven innings of to-day's game the Brooklyn failed to score or hit safely. In the eighth two singles gave them their first tally and in the ninth they tied the score on a base on balls and Anderson's double. The latter hit safely in the eleventh, went to second on Daly's sacrifice and crossed the plate on Corcoran's hit. The score: Brooklyn 0 0 0 0 0 0 1 1 0 1—3 Philadelphia 0 0 0 1 0 0 0 0 0 0—2

Hits—Brooklyn 7, Philadelphia 8. Errors—Brooklyn 1, Philadelphia 1. Batteries—Kennedy and Grim; Taylor and Clements.

Celebrated Engineer Dead. Paris, Aug. 12.—Lucien Napoleon Bonaparte Wye, the celebrated French engineer and explorer, died here to-day. He was born in 1845.

She is a Total Wreck. St. John's, N. F., Aug. 12.—Lloyd's surveyor at this port, who went to Belle Isle to survey the steamer Mexico, recently wrecked there, reports her practically a total wreck. She is submerged from her bridge aft. She also has several great holes in her bottom. It is expected that she will break up with the next heavy sea.

Corbett Played Baseball. Scranton, Pa., Aug. 12.—Four thousand people gathered at the ball grounds here this afternoon to see Champion Jim Corbett and his brother Joe play ball with the Scranton team. The champion put up a great game on first and made two hits, one of which sent in the two runs that virtually won the game for Scranton. Joe Corbett played fast ball at short. The spectators were quick to applaud the work of the champion and when he made the hit that scored the runs the cheering was tremendous.

Coal Part of Their Lands. Washington, Aug. 12.—A majority of the southern Utes have agreed to a request made by the last congress that they cede a portion of their lands in Colorado for a stated sum of money and have lands in severalty allotted to them. There are 301 of these Indians and 165 adult males have signed the agreement. Those who failed to sign will have their lands allotted to them on the western portion of the reservation or New Mexico.

Vigilant Off Bay Ridge. New York, Aug. 12.—The Vigilant arrived off Bay Ridge this morning. This afternoon, with Mr. Willard aboard, she went for a spin down the bay. She will go into the Erie Basin dry dock today between now and the first trial race.

Was Sent to Death. Shelby, Ia., Aug. 12.—Mrs. Wilhelm Kruger, wife of a prosperous farmer near here, was shot and beaten to death last night by her nephew, Herman Kaupf, aged eighteen. The man then cut his throat. He was a morose fellow and never liked Mrs. Kruger.

THE SOLDIERS NOW IN CAMP

THE STATE'S NATIONAL GUARD NOW SETTLED FOR THE WEEK'S WORK.

The Full Complement of Men Present—Commissary Department's Good Work—Camp Does Not Begin Auspiciously—The Arrival Was During the Rain—Many Honorable Discharges—The Blues Squad—How the Boys Left the City.

The state militia men are now all settled in their respective quarters on the camp ground, and this afternoon their week's routine work was commenced with the establishing of guard mounting. This afternoon the flag was run up the pole in front of Brigadier General Haven's tent at his quarters, and Camp Coffin was officially declared open. This afternoon the consolidated reports received at brigade headquarters show that there are fully as many men in camp this year as there were a year ago, there being about 2,761 men on the camp ground. The following are the figures of the four regiments, the number of men in attendance and those absent: First regiment, 642 present, 57 absent; Second regiment, 672 present, 57 absent; Third regiment, 483 present, 17 absent; Fourth regiment, 529 present, 23 absent; separate companies, 188 present, 17 absent; machine gun, 40 present, none absent.

The weather cleared up this afternoon and the temperature was at the point that made it exceedingly uncomfortable for the men in camp. Especially at drill the men suffered from the heat. There were few cases of sickness in the hospital. A member of company C, of the first regiment, was received at the hospital this afternoon. While coming to camp on the train this morning a bottle of soda water exploded in his hand and lacerated the member badly. The signal corps this afternoon started out to Mount Giddings, two miles from the camp, and practiced for two hours with the flags. The militiamen have not found any fault this year with the quality of their food which has been served. A new plan of inspecting the food, which was adopted by General Peck, was put into effect to-day and worked successfully. The plan is to station a quartermaster's sergeant in each company at the mess house and in the kitchens and watch the food as it is served. If the quality is considered good or bad a note is made of it and a report made to the commissary department. There has, however, been no occasion for making a report against the food served to-day and the men were well pleased.

The adjutant general to-day granted the following discharges for the expiration of time enlistment: Charles H. Coyle, W. H. Cheney, John D. Joyce, John McLean, J. O'Brien, Fred K. Ritter, James F. Reynolds, J. S. Stevens, M. E. Porter, Daniel McLean, J. J. Broadbent, W. B. Montague, Charles Zimmerman, W. K. Holmes, W. E. Copeland, E. J. Parme, Charles E. Andrews, W. J. Dyson and Edward M. Smith of the First regiment.

P. C. Gilbert (band), J. Lynahan (band), Charles W. Christerson, J. H. McCabe, Charles L. Nolan, Ernest L. Crowell, George A. North, Walter E. Jones, Robert E. Fay, of Second regiment.

Patrick Carney, John J. Conboy, Michael T. Goggins, James T. McMahon, Thomas F. Sullivan, John H. Jordan, Henry E. Drew, of Third regiment.

Frank Goeltn, Frank McMahon, John Prince.

IN THE RAIN. The opening of camp to-day was decidedly unpleasant, and the fact that it was not at all unusual did not make the boys feel any better. The tents were completely soaked and the ground was full of puddles and sloppy as could be expected.

The storm which passed over the rendezvous last night was one of the most severe that has been experienced in years. Rain fell in torrents and the almost continuous play of lightning followed by the terrible peals of thunder which followed each other in rapid succession made the night anything but a delightful one to experience. It is a noticeable fact that during nearly each encampment since the establishment of the rendezvous a severe storm has been experienced.

The first to arrive was the Gullford Battery, which reached the camp ground at 8:15, and closely following came the First Regiment of Hartford, then the Second Regiment, then the Third from New London, and finally the Fourth Regiment, the separate companies following after. By noon all were in quarters, the rain storms interfering but little with the work of settling, which continued from the first arrival until noon, when it can be said Camp Coffin was ready for work.

THE BLUES' SQUAD. The ten members of Company D, who left New Haven at 2 o'clock Saturday to march into camp, were standing beside the railroad track this side of the Connecticut river when the militia trains passed this morning. They cheered as the trains passed and seemed to be in good spirits. They arrived in camp at 12:30 o'clock this afternoon. They bivouacked at Saybrook Junction last night and left there at 8 o'clock this morning. Not a man was sick nor did a man drop out of the march. They arrived covered with mud and glory and received an enthusiastic greeting. Upon their arrival they reported in a body to Colonel Burpee.

THE CAMP LAYOUT. There is practically no change from last year in the layout of camp, except the change in order of the regiment

THE CITY NEEDS MONEY

MUNICIPAL IMPROVEMENTS DELAYED BY DEPLETED TREASURY.

Board of Councilmen Tables the Project for a Police Station, and Send to a Committee the Scheme for Street Sprinkling and Several Disagree With the Upper Board.

The meeting of the board of councilmen last evening brought out only a small attendance. President Charles A. Nicol is in Niantic and Councilman Chillingworth was nominated for chairman. Mr. Chillingworth declined to serve because, he said, there were matters to come up in which he had interested. Councilman Pickett declined to occupy the chair for the same reason, and Councilman Gompertz nominated Councilman Ullman, who took the chair.

When the matter came up providing for the purchase of a site for a police station in the Third precinct, there was opposition from Messrs. Curtis, Beaulah and Gompertz, who wanted the orders tabled for printing, and Councilman Dorell of the board of finance explained that it was not proposed to expend \$10,000 immediately. All the board of finance wanted to do was to buy a site for a new police station. Only \$3,000 was wanted and this was to be taken from the unexpended balance. The city was now paying an extravagant rent for station 3, the lease expired next spring and it was desirous to get a site and prepare plans for a building.

The question being put to a vote, it voted for tabling for printing and against the purchase of the site. In the affirmative, and the matter now goes to the board of aldermen, who passed the necessary orders at its last meeting. Petitions were referred to the committee on streets for vitrified brick pavement in Whalley avenue from Howe street to the West river bridge, on Elm street from State to Park, and in Broadway from York to Howe.

Communications from L. J. Matthews on various subjects were indefinitely postponed in concurrence. A communication was read by Mayor Hendrick on street paving, calling attention to the importance of first having connections made with all sewers, gas and water mains, which was ordered on file by the aldermen, was on motion of Mr. Chillingworth referred to the committee on streets, and the communication was ordered printed in the journal.

Councilman Grinnell introduced an ordinance providing that the city clerk shall notify the city attorney and superintendent of police of the passage of all ordinances. It was referred to the committee on ordinances. The chair ruled out of order a motion of Councilman McGilly to reconsider the action of the board referring the petition for vitrified brick pavement in Grand avenue where the tracks of the Fair Haven & Westville railroad company run to the company's car sheds to the committee on streets and to refer it to the board of public works in concurrence with the board of aldermen. This he did after considerable debate on the question, and Councilman Scobee appealed from the decision on the chair and the chair was not sustained. Then a vote was taken on reconsideration and it was lost—ayes 8, nays 13, so as the matter stands there is disagreeing action, the upper board referring it to the board of public works and the lower board to the committee on streets.

There was considerable debate on the report of the committee on streets on sidewalks that need to be resaid. Councilman Pickett opposing the adoption of the report in concurrence with the board of aldermen, he said, because he thought the city should first have the opinion of the corporation counsel as to whether the city could collect for a new sidewalk.

Councilman Chillingworth favored the report, but Judge Pickett's motion to table the report for the opinion of the corporation counsel was passed 13 to 9. Then street sprinkling was taken up, Councilman Pickett calling up the report of the special committee on that subject. The board of aldermen adopted the report, except the first order, appropriating \$5,000 out of the unexpended balance, which was amended so as to provide for the transfer of money from the unexpended balance to the board of public works, no sum, however, being named. It developed, though, during the debate, that the amount would probably not exceed \$1,000.

Councilman Pickett asked that the report be taken up by division and moved the adoption of the order as amended by the board of aldermen in concurrence, and this action was taken. Then Judge Pickett criticized the committee's report, which, he said, reflected on the board of public works, and he read paragraphs in the report including that which stated that "the effect of the delays on the part of the board of public works in sprinkling during the windy weather of March, and the dry portion of April, and to force abutting property owners to contract with and to pay Messrs. Munson and Blakeslee for sprinkling the street in front of their property."

He said the other orders of the report would run the city into debt and bind the city to do what it had not got money to do. He moved that the remainder of the report be referred to the committee on ordinances with instructions to draft an ordinance in conformity with the act passed by the general assembly regarding street sprinkling in New Haven.

Councilman Grinnell favored the adoption of the report, and so did Councilman Chillingworth. Mr. Grinnell said no ordinance was needed; the legislative act was sufficient. He moved

THE LETTER MADE PUBLIC

SENATOR HOAR MAKES A SHARP REPLY TO J. C. EVANS' LETTERS.

He Says That He Never Thought, Dreamed or Said Any of the Remarks That Have Been Imputed to Him—He Furthermore Never Said Anything Against the Catholics.

Worcester, Aug. 12.—Senator George F. Hoar to-day makes public a letter sent to T. C. Evans of Boston in reply to two letters sent him by Mr. Evans July 30 and August 3, in which Mr. Evans takes exceptions to certain statements alleged to have been made by Senator Hoar in his address at the opening of the summer school at Clarke university, July 15. The letters of Mr. Evans say that the course the senator is pursuing tends to the breaking up of the republican party and Daniel Webster's speech did toward the breaking up of the old whig party.

Mr. Evans says he is not an A. P. A., though he says he is very much in sympathy with it. The particular statement to which Mr. Evans takes exceptions to is this: "Then, there is need for a father confessor. I want to see something in our Protestant churches like the father confessor in the Catholic."

Senator Hoar says he never said, thought or dreamed what Mr. Evans imputes to him. He says there is no such report in any Worcester paper. Senator Hoar says that he never anywhere expressed the idea that there should be a confessional or that there were any need of a father confessor, or that he wanted to see something in the Protestant church like the father confessor in the Catholic.

It Was a Surprise. Long Branch, Aug. 12.—The tie between Wrenn and Larned was decided to-day before a large and fashionable gathering of spectators. The result was a surprise. Wrenn was defeated in three straight sets, 6-3, 6-1, 12-10. Wrenn has now been defeated this season by four leading cricketers—Hovey, Foote, Chase and Larned. Wrenn played very poorly to-day, allowing Larned to pass him continually at the net and missing a number of easy shots. His back-hand strokes were particularly weak, and Larned had only to hammer at them to win his points. Larned played a magnificent game. The summary of points gives Larned 127 and Wrenn 105.

Tennis Games Postponed. Narragansett Pier, R. I., Aug. 12.—On account of the wet condition of the courts the beginning of the doubles championship was postponed until to-morrow morning.

Rattling Glove Contest. Providence, Aug. 12.—At the King Phillip club to-night there was a rattling glove contest between Marty McCue of New York and Joe Mullen of South Boston. A fifteen-round go for a decision was advertised, but the fight wound up in the sixth round, when Referee McCarthy of the Boston Club gave a decision to Mullen on a foul. Up to this time McCue, while slightly the better man, had been able to do but little with men and both men had received equal punishment. Both were constantly clinching and just before the battle concluded they had their arms about each other's necks. McCue was very angry at Mullen's hold and kicked him. This lost him the decision and nearly precipitated a fight between him and Frank Steele. Before this bout there was a bantam contest between young Peck of this city and an Italian boy. The latter was getting the better of it when he accidentally struck Peck on the leg in the fifth round and the decision went to Peck.

Many May Be Lost. New York, Aug. 12.—A small sloop yacht named Christine Yam, which sailed from Ulmer Park, Gravesend Bay, with a pleasure party on board, has not yet been heard of and grave fears are entertained that she has gone down in last night's storm. The party on board consisted of Edward Baker of Hoboken, N. J., Mrs. Hannan of New York, Miss Provost of Brooklyn and John Brown, the skipper.

Killed Wife and Self. Wilmot, S. D., Aug. 12.—Dr. S. H. Whitford of this city while temporarily insane yesterday shot and killed his wife and then shot himself.

SEYMOUR FOR GOOD ROADS. The Special Town Meeting, Yesterday Afternoon, Votes \$3,000 for That Purpose. Seymour, Aug. 12.—The town of Seymour, at a special town meeting this afternoon in the town court room, voted unanimously to make an appropriation to secure the state and county funds to be used in the improvement of roads. The roads which they intend to improve are Main street, from the lower bridge to the Naugatuck railroad crossing, a distance of about 1,600 feet, and Bank street, from Main street to the covered bridge, a distance of about 742 feet. The meeting was a very harmonious one and adjourned after a twenty minutes' session. There were about forty voters who attended the meeting.

Dislocated His Hip. Frank Dillon of 122 Mill River street, a plumber in the employ of John H. Beegan, fell from a veranda at 29 Redfield street yesterday afternoon. At the general hospital it was found that his hip was dislocated.

LINEMAN FATALLY SHOCKED.

An Employee of the Southern New England Telephone Company Killed in Meriden.

Meriden, Aug. 12.—Timothy Delaney, a lineman employed by the Southern New England Telephone company, was killed this afternoon on East Main street by a shock from a wire coming in contact with a wire called a "hanger," which was strung over the current wire of the trolley road. Delaney was engaged in rolling up an iron wire on a reel, which was being replaced by the telephone company by a copper wire. He was perspiring, and when the iron wire fell one end dropped on the hanger. It is supposed that the insulation was not good and that the current followed the telephone wire, which Delaney was holding, and killed him.

The telephone company summoned a physician, but life was extinct when the doctor arrived. Delaney had been in the employ of the Southern New England Telephone company for about five years. He first went to work for the company in Ansonia, but was afterwards transferred to another division. The officials of the telephone company are making a search for his relatives. It was said that he had an uncle living on Meadow street in New Haven, but no relative of the deceased lineman can be found on that street.

A cousin of Delaney, John Bergin, jr., was found in this city to-night. He lives at 35 St. John street. Delaney has an uncle, a Roman Catholic priest, in Pawtucket, R. I., and also relatives in New York.

Her Suffering Ended. Lizzie Ehrenberger, fourteen years old, for a long time an inmate of the Home for the Friendless, died at the general hospital last evening. She had long been afflicted with Potts' disease of the spine and hip joint, and was a great sufferer. She was taken from the home to the hospital June 4.

Anthony Carroll Hit. Anthony Carroll, the sewer contractor, was stricken with stomach trouble in the city hall yesterday. Lamp Inspector Hopkins found him on the roof of police headquarters building near the bridge leading from city hall to the police building. He helped him into the hall and he was taken to his home, 21 Baldwin street, in a hack. His physician, Dr. W. G. Daggett, said last evening that his illness was not serious.

Rogers Is Indicted. New York, Aug. 12.—The grand jury this afternoon indicted George R. Rogers, who was arrested at Morristown, N. J., last week on a charge of abandoning his five-year-old boy, James Milton Rogers, in the Continental hotel, this city. An agent of the Gerry society obtained a bench warrant and Detective Sergeant Pruzzo started to-day for Albany to ask Governor Morton for requisition papers for Rogers' extradition.
