Town School Pupils Give Successful Musical Festival—Twenty-two Cases in City Court in Eleven Days—Embroidery Club Gives Whist—Red Cross Notified From Washington of Financial Campaign.

Scores of children, representing the graded schools in the town, participated in a musical festival held in the town hall Friday afternoon. The festival, an innovation in school affairs in town, demonstrated conclusively the value of the town's policy in providing instruction along musical lines and in developing something of the artistic in the pupils. The choruses, solos, folk dances, etc., all contributed to the making of a very interesting and entertaining affair. The musical was arranged under the direction of Miss Frances Cogswell, supervisor of music in the schools of Killingly. The representatives of each school contributed something to the program that won for the festival a high degree of distinction, indicative of the fact that the instruction is an invaluable asset to the pupils. RED CROSS NOTIFIED. Instructions From Washington Regarding Financial Campaign. From Red Cross headquarters at Washington Mrs. Alfred L. Reed of the local chapter of the Red Cross received Friday morning telegraph instructions relative to inaugurating a financial campaign as will be done throughout the country under the direction of the War Council. The organization, Clarence A. Foster is chairman of the finance committee of the local chapter. The urgent call for raising a big fund is necessitated by the increased demands for such supplies as to the allies through the Red Cross and to the extraordinarily increased demand for similar supplies in this country incident to the mobilization of hundreds of thousands of men who are to

Parents' Sunday. Tomorrow will be observed as Parents' Sunday at the Methodist church, beginning with the service at 10:30. E. A. Lege will address his sermon particularly to parents. To Boost the Garden Project. Beginning with the coming week there is to be a special campaign conducted in Danielson and vicinity, as well as throughout the state, to drive home the fact that every man, woman or child who plants a garden this spring is doing a patriotic act, and adding to the national resources that is absolutely among the first of the important factors that may decide the outcome of a war. Potatoes and other foodstuffs have been taken their places among the vital essentials to success of the allies in the war. The drive here will be made under the direction of a county committee. Thousands have not waked up to the fact that ships and food in sufficient quantities are absolutely certain the winning of the war by the countries with which the United States is allied, and that failure to provide sufficient ships and food may mean the loss of the war, within a surprisingly short space of time, and a triumphant Prussianism that will eventually lay its mailed fist with crushing force upon the United States, and particularly Connecticut, which is the arsenal of the nation. Men here who are in close touch with men who know inside facts are almost prayerful in their entreaties to the people to plant gardens and produce things to eat. This war in which the United States is now engaged can not be won unless the fields are made to yield as they have never before yielded.

Committee Appointed for Y. M. C. A. War Work—High School Students Ardent for Farm Work—Bradshaw-Fragano Marriage—Officers of Chamber of Commerce—Invitation to Attend Plainfield Flag Raising Accepted. Seventeen were present Friday noon at a conference dinner held at Putnam in the interest of a Y. M. C. A. war work organization. The meeting was addressed by S. B. Doolittle, secretary of the Y. M. C. A., who is a resident of this city, and the only branch of the organization in the county. By Robert's Moore, pastor of the Methodist church at Plainfield, and by Lieutenant J. B. Fullerton, Williamman.

It was explained that the Y. M. C. A. purposes to raise a fund of \$3,000.00, which is to be used for the purpose of constructing and equipping 200 "shacks" at camp sites. Windham county's share of this fund is to be \$1,000.00, and the apportionment of the county's part for the Putnam is \$100.00. It is hoped for \$200.00, although it is hoped for to surpass this amount in the towns of Putnam, Thompson, Woodstock and Pomfret. In the evening a meeting similar to the one held here was held at Danielson. The local committee appointed to have charge of the campaign to raise the fund is composed of Rev. A. E. Stone, Rev. C. J. Harriman, Silas M. Wheelock, John A. Dady and Chester M. Bennett. The committee is to be organized as a Y. M. C. A. station at war camps. The work of the committee is to be completed by June 1. Those who make pledges may pay the full amount at once, or under the optional arrangement of \$9 per cent in 30 days, 25 per cent Aug. 1, and 25 per cent October 1. That the fund raised here and elsewhere throughout the county will support a great work was fully explained by the speakers at Friday's meeting. Secretary Doolittle had experience in Y. M. C. A. army camps in 1898, and is well versed in the great benefits that such camps afford the soldiers.

The "Millionaire Regiment" and Fatimas. Last summer while New York City's famous 7th Regiment (sometimes called the "Millionaire Regiment") was encamped on the border at McAllen, Texas, a record was kept of all cigarettes sold. Fatima's sales averaged 42,680 per month; the next most popular cigarette averaged 17,600. This big preference for Fatimas is simply one of the many indications that more and more men, every day, are finding that Fatima's delicately balanced Turkish blend is not only more pleasing in taste, but is far more comfortable too. More comfort while you're smoking and also afterwards. For, even though you may smoke more than usual, Fatimas never remind you of it. They're a sensible smoke. The next package you buy—get Fatimas.
