MOOSUP

High School Seniors Give Varied and Pleasing Program—Dance of Jolly Four — Stars Win in Wauregan Game.

An entertainment and social was given in the town hall, Central Village, Friday evening, under the auspices of the Senior class of Plainfield High School, before a large audience whose appreciation was evidenced by the generous applause.

The farce, Double Crossed, was presented by the following, in a most pleasing manner:

Irene Nightingale, Beatrice Lafrance, Eunice Novak, Lawrence Burby and Roger Salisbury. A duet was finely rendered by Helen Gallup and Augusta Erdonk. The concluding portion of the entertainment, Living Songs in Living Pictures, was very tastefully arranged and given. The songs and parts were as follows:

Helen Phillips as Alice Ben Bolt; Arline Potvin as Baby Stuart; Miss Onderdonk as Mother Machree. The song was beautifully sung by Miss Beatrice Seguin.

Cecile Ouinette as Age of Innocense, Miss Lafrance as the Rosary and sung by Miss Seguin. Miss H. Burby as the Camp Fire Girl; Ruth Potvin as Mammy's Little Coal Black Rose, sung by Miss Seguin. Eunice Cook as Olivine, Miss Willias as America, sung by all. The entire performance won many compliments for the work of all who took part and for Miss Bartlett who had charge of the coaching.

Dance Well Attended.

The dance given in Milner hall Saturday evening under the auspices of the Jolly Four, was a big success. Music was furnished by the Ideal Singing orchestra of Webster. During the short intermission ice cream and soda was sold. A number of out of town people attended this dance.

Defeated Wauregan.

The Moosup Stars base ball team met the Wauregan nine on the latter's grounds Saturday afternoon. Wauregan has a good team but failed to handle heavy hitting made by the Moosup boys. Because of the rainy weather the umpire shortened the game to six innings, the score being 16 to 5 in the Stars' favor.

Brevities.

Rev. W. C. Darby was in Boston on Saturday.

Mrs. Pauline Chase and son, Kenneth, were in Norwich Saturday.

John Sullivan was a Danielson caller Saturday afternoon.

Miss Nettie Hall remains critically ill at her home on the Moosup Lake road.

WESTERLY READY FOR DRAFT

Town's Quota Under Probable Conditions—State to Change Auto Registration Plates Annually—High School Loses to Peace Dale, 7 to 8—John Cleary Drowned at Stonington.

Under the provisions of the selective draft act approximately 59,599 men residents of Rhode Island, between the ages of 21 to 30, inclusive, will enroll in accordance with the act. In order to simplify the task of the men who are to have charge of the actual enrollment Governor Beekman will proclaim a school holiday on the day when the young men must register, and the schoolhouses will be used as centres for the work. A large percentage of those who are enrolled will not be subject to the draft on account of the exemptions for married men, those with dependent families or engaged in occupations vital to the sustenance or military efficiency of the army and navy.

The details for filling the state's quota has not been worked out, but it is quite probable that each city and town will be called upon for a number equivalent to the percentage that the population bears to the population of the state, and that Rhode Island's quota will be from 3,000 to 5,000 men. In order to obtain the percentage the population of the city or town is divided by the total population of the state which was 595,386 in 1915. With the percentage fixed it is a comparatively simple matter to figure out the number of men from each city or town for any definite quota. Thus, if 3,000 men are called for multiply the percentage by 50 (one per cent. of the total quota) to find the number of men to be drafted. If 5,000 men are called multiply by 50.

Under this plan Westerly with a population of 10,175, would have an enrollment of 1018, and under a 3,000 quota would furnish 51 men, and under a 5,000 call 85 men. Hopkinton's call would be 12 and 21, Charlestown 4 and 7, Narragansett 7 and 12, North Kingstown 20 and 33, Richmond 7 and 12, South Kingstown 27 and 46. The quota of Providence would be 1250 and 2089, Pawtucket 276 and 461, Newport 152 and 264, Central Falls 118 and 197, Cranston 135 and 225, Woonsocket 200 and 334, West Greenwich 3 and 4, and so on throughout the state on the same basis.

After many years Rhode Island is to fall into line and have changed automobile registration plates annually and along the progressive lines, the plates bearing the year numerals. Heretofore the plates bore the registration number and the initials R. I. and were of the same type year in and out. These new plates will be required on and after January 1, 1918. They will be made of open hearth steel and coated with elastic bicycle enamel thoroughly baked. The background will be black with figures and letters white.

The plates will be made in four sizes, automobile, truck, dealers and trailer being 6x12, 6x10 and 6x8 inches, depending upon the number of numerals and letters to be carried. All motorcycles and motorcycle side-car plates will be 4 1-2x8 inches.

The registration numerals and letters on the plates of 6-inch height will be 3 1-2 inches high and have a stroke of one-half inch. The "R. I." and numerals in the year date will be 1 1-4 inches high and will have a stroke of one-quarter inch.

The larger numerals and letters on the motorcycle and the side-car plates will be 2 1-2 inches high and will have a stroke of one-quarter inch. The "R. I." and year numerals will be 1 inch high with a one-eighth inch stroke.

The pleasure car plates will carry only numerals to designate the registration number. Trucks, as at present, will have the prefix "x" as now. Each dealer will have numbers with letter affixes for the drivers. The motorcycle plate will be distinguished by a prefix "D" and the motorcycle sidecars will have the prefix "N."

The contract provides that the several sizes of plates shall be furnished at the following prices: 6x12 inches at 10 1-2 cents a plate; 6x10 inches at 10 cents a plate; 6x8 inches at 9 1-2 cents a plate, and the 4 1-2x8 inches at 8.8 cents a plate. Miscelaineous plates, that is, duplicates and extra plates, will cost 50 cents each.

The first plates will be furnished to motorists free, but all replacements will be charged for at the rate of 50 cents per plate.

Owing to the increase in the cost of road construction, materials and labor, the state board of public roads for Rhode Island has rejected all bids for reconstruction work, the price of such work having increased $10,000 a mile over last year. The board will maintain the existing system of highways in the best manner possible. General repair work will be carried out during the working season. It is the opinion of the board, that the roads of bituminous macadam construction and the best roads of waterbound macadam construction will be prevented from deterioration appreciably during the year.

Orders have not been received as yet by the Rhode Island physicans who have received commission in the United States Medical Reserve Corps to report at the posts designated by the war department two weeks ago. The physicians awaiting orders are Drs. John Champlin of Westerly, Ira Hart Noyes, Harmon P. B. Jordan of Providence, Peter L. Keouth, Charles H. Holt of Pawtucket and Charles S. Christie of Riverpoint. It is probable that these physicians will not be ordered into service until the selective draft is in operation, and it will be several months before they are ordered into actual service.

In a baseball game of eleven innings the Westerly High school team was defeated Saturday afternon at Peace Dale, by the team of the South Kingston High school, by a score of 8 to 7, the winning run being made by Wright on Tyler's hit to centre. The score:

PAINS SHARP AND STABBING

Woman Thought She Would Die. Cured by Lydia E. Pinkham's Vegetable Compound.

Ogdensburg, Wis.—"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."—Mrs. ETTA DORION, Ogdensburg, Wis.

Physicians undoubtedly did their best battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.
