

VOL. LXXI NO. 147.

PRICE TWO CENTS.

NEW HAVEN, CONN., SATURDAY JUNE 24, 1905.

THE CARRINGTON PUBLISHING CO.

FIFTY PERSONS KILLED, TWO HUNDRED WOUNDED

TROOPS STORM THE BARRICADES ERECTED BY LODZ STRIKERS.

Martial Law to be Declared—Situation Throughout Poland Again Very Serious—Lodz in Turmoil for Last Three Days—Strike in Warsaw Commenced and Disorders Are Looked For During the Trial of Man Who Threw Bomb at Police Station March 26.

Lodz, Russian Poland, June 23.—Troops have stormed the barricades erected in the streets by the strikers. Fifty persons have been killed and 200 wounded. Martial law will be declared. Since early this morning this city has been in a state of panic. The strike is general at all the factories and the shops are closed. Barricades were erected at many points.

Rifle volleys and revolver shots are heard continuously.

Many persons have been killed or wounded but it is impossible at present to ascertain the number with any exactitude owing to the general character of the disturbances.

The mob sacked a number of liquor stores and broke the street lamps. Street railroad traffic is interrupted.

St. Petersburg, June 24.—3:15 a. m.—According to advices received here the situation in Poland is again exceedingly serious. Censored dispatches from Lodz, though giving few details, indicate that fierce street fighting was in progress yesterday between the military and the striking workmen, who barricaded the thoroughfares in various quarters of the city and offered resistance which the troops met with volleys. The list of the dead and wounded presumably is heavy but not even an estimate has been received here.

Russian correspondents telegraphing that the streets are entirely in the hands of the military and the mob and that it is unsafe to venture out to obtain details.

It is not known whether the fighting was continued late night, but it is feared that order can be restored only at heavy sacrifice.

Lodz has been in a turmoil for the past three days. The strike, which embraces 80,000 workers, appears to have entirely lost its economic nature, and is now a vast political manifestation. All forms of public business activity have been suspended, the peaceful inhabitants remaining indoors for fear of their lives. The political zeal of the manifestants has become inflamed by intoxicants from the vodka shops, which were broken into and pillaged yesterday. In Warsaw a strike has commenced and disorders are looked for during the trial of Okryk, who threw a bomb at a police station March 26, and will probably result in other bomb outrages. A man was arrested yesterday morning armed with a bomb, which was evidently intended to be used in the court during the trial yesterday.

In the meantime the government has publicly disclaimed all designs as to the Russification of Poland, the committee of ministers in its deliberations on the school question, which were published yesterday, saying: "The committee considers it absolutely necessary to establish the fact that the Russification and denationalism of the Poles cannot possibly lie within the intent of the Russian government. The aim must rather be the amalgamation of the Polish government with the Russian administration, and the welding of the Polish people with the general body politic of Russia by peaceful ties, which will preserve Polish individuality, culture and language."

SETTLEMENT AGAIN NEAR.

Looks as if Chicago Strike Will Soon End.

Chicago, June 23.—All the obstacles which have prevented an ending of the steamers' strike to-night appear to have been eliminated, and indications are that unless something unforeseen develops the strike will cease within a short time. At a meeting to-day between a committee of strikers and J. V. Farwell, Jr., for the employers' association, the question of a conspicuous display of the union button, which has been opposed by the employers, was settled. This question is to be left to the employers individually, the association agreeing to withdraw its demand for the elimination of the union emblem. The details of settlement must yet be agreed to by the general committee of the strikers and finally submitted to a vote of all strikers. President Shea says he is satisfied with the present terms of settlement.

ARMY AND NAVY CLUB.

Annual Reunion and Banquet—Election of Officers.

New London, June 23.—The annual reunion and banquet of the Army and Navy club was held at the Pequot house this evening. At the business session the following officers were chosen: President, Charles F. Lindsley, of Meriden; vice-presidents, Thomas B. Bradstreet, of Thomaston; Henry I. Hayden, of Brooklyn, N. Y.; Edward V. Preston, of Hartford, and Elisha L. Palmer, of New London; secretary, Julius W. Knowlton, of Bridgeport; treasurer, Sidney M. Gladwin, of Hartford; executive committee, D. W. C. Skilton, of Hartford, and James N. Coe, of Noroton. There was an attendance of 125 at the annual banquet.

GOVERNOR CARTER RESIGNS.

Head of Hawaiian Territory Tired of His Job.

Honolulu, June 23.—Governor Carter mailed his resignation to President Roosevelt on Wednesday. He will leave on June 25 from Washington to discuss the matter of his retirement from the governorship. He has been in cable correspondence with the president regarding it, and has received permission to go to Washington for a personal interview.

Governor Carter says he has urged President Roosevelt to accept his resignation and appoint a successor. His action, it is declared, was not due to the election of E. M. Brown as high sheriff, but had been under consideration for some time. It was first written on June 6, but was withheld on the advice of friends, who asked him not to send it to Washington.

The resignation was the culmination of a long series of events which led Governor Carter to the conclusion that he could be of more service to the territory of Hawaii outside the gubernatorial chair than in that position.

FATAL FALL.

Sustained by Man While Removing Roosevelt Decorations.

Worcester, June 23.—Louis Dardson, of Springfield, while employed in removing bunting from the Franklin Square hotel put up in honor of the visit to this city of President Roosevelt, fell this afternoon from the second story of the hotel and when picked up on the pavement he was unconscious. He was moved to the city hospital, where it was found that he had a fractured skull and concussion of the brain. It is not expected that he will live.

AMERICANS WIN AT KIEL.

TAKE ALL EVENTS IN WHICH THEY ARE ENTERED.

Allis Gives Judges a Scare at the Start by a Clever Trick That is Common in America—Emperor William Sails the Meteor III. to Victory—His Ambassador Tower and Other Guests Help Him in Trimming Ship.

Imperial Yacht Club, Kiel, Germany, June 23.—American yachts, either American owned or American built, made a fine showing to-day. There were four of them and each won the race in her class.

R. W. Goelt's Swan made a bad start and was last over the line but she went straight through the fleet, gave a beautiful example of seamanship and got right up to windward and returning away from the whole fleet, finished 4 minutes 45 seconds ahead of the Thyra, which was second, the Capt came in third. Time 4:15:45. Course, 22 miles. A good strong breeze was blowing and most of the boats put in at least one reef.

Prince Henry of Prussia was to have sailed the Orion, with Allison V. Armour on board, over a 33-mile course with no competitor in her class. The Allis, although not regularly entered, was invited to sail against the Orion and the representative of the Allis's owner did so. The Allis crossed the line too soon, had to come back and did something frequent enough in America, but which gave the judges a scare. She made a turn around the starter's boat almost touching her spars and came up to windward. In this meantime the Orion was going away fast. The Allis at the first turn was 2 minutes behind; at the second turn was about even and at the third turn was 50 seconds ahead. She finished one minute and ten seconds ahead of the Orion.

The emperor's Meteor III was a minute behind the Hamburg at the start and was thirty-four seconds behind at the first stakeboat. She passed the Hamburg near the second turn, was one minute and fifty-four seconds ahead at the last turn and finished something over three minutes ahead, or a minute and two seconds corrected time.

Emperor William was at the wheel of Meteor III, most of the time and was in very good humor and had Ambassador Tower, Wilson Marshall, owner of the yacht Atlantic, and George Lauter, owner of the Endymion, who were among his guests on board the yacht, hauling on ropes and assisting in trimming ship.

The Meteor III has been sharpened at both ends and her keel has been deepened since last season with the object of increasing her speed. Some of the English crew who have sailed in her both before and since said they did not believe the alterations had helped her, and that it was understood to be Skipper Becker's opinion. But others regarded the Meteor III's performance to-day as rather better than her previous work.

The American built Navahoe beat the Comet over the same thirty-three-mile course by thirty-one minutes. The schooner yachts Suzanne and Clara, owned respectively by O. Huld-schinsky and Max Guillaume, had a luffing match all the way. They were practically even all the time, the Suzanne winning by scarcely more than ten feet.

New Russian Loan.

St. Petersburg, June 23.—At the ministry of finance to-day the Associated Press learned that a new internal loan of \$100,000,000 will probably be floated next fall. Finance Minister Kokovoff is quite confident that there will be little difficulty in floating it then. The minister of finance adds that Russia is in possession of ample funds at pres-

AUTO BACKS OFF DOCK WITH FATAL RESULTS

ONE KILLED AND THREE INJURED AT MARBLEHEAD.

Two of the Latter Young Women—Driver Grasped the Wrong Lever—Auto and Street Car in Collision in Chicago—One Woman Seriously Injured and Four Others Hurt—Machine Had Forty Passengers in It Who Were Out Sightseeing.

Marblehead, Mass., June 23.—Charles T. Estabrook, a bookkeeper employed by a Boston trust company, was killed and three others were injured in an automobile accident here to-night. A heavy touring car containing Estabrook, T. P. Rhoades, Miss B. Bassett and Miss Rose Lainoreaux, all of Newton, was accidentally backed over the edge of the dock at the Boston Yacht club house, and fell to the beach, fifteen feet below. In its fall the automobile turned over and struck the rocks, with the wheels in the air. Estabrook was caught under the steering wheel and was badly crushed. He died half an hour after the accident. The other occupants were bruised and severely shaken up, but were not seriously hurt.

Estabrook was in charge of the machine, and in endeavoring to turn the narrow pier it is supposed that he grasped the wrong lever, which caused the car to shoot backwards over the edge, instead of going forward. Estabrook was thirty-three years of age, the son of C. A. Estabrook, a prominent resident of Newton, and was unmarried.

INNOCENT JOHN W. HILL ARRESTED SECOND TIME

FORMER CHIEF OF QUAKER CITY FILTRATION BUREAU.

Surprise Caused as the Action Follows Close Upon His Declaration of Innocence—Evidence to Show That Estimates of Work Done by Contractor McNichel Were Padded—City Decried Out of \$40,000 by This Transaction Alone.

Philadelphia, June 23.—For the second time this week John W. Hill, former chief of the bureau of filtration, was arrested to-day on charges of forgery and falsifying certain books and papers for the purpose of defrauding the city of Philadelphia. After a hearing lasting nearly six hours he was held in \$2,000 bail for trial. His arrest to-day was a great surprise, coming so close on his statement of innocence of forgery and falsification of records, on which charges he was held in \$5,000 on Wednesday.

The principal witness against Mr. Hill to-day was H. G. Garrett, a former employe of the filtration bureau. Evidence was produced tending to show that estimates of the work done by Daniel J. McNichel, a contractor, were padded, and that the city was defrauded out of about \$40,000. Counsel for the defense claimed that the evidence produced did not prove Mr. Hill guilty of the offenses charged.

There were many rumors afloat to-day that as a result of the arrest of Mr. Hill other persons of prominence in municipal affairs will be arrested, but up to late to-night nothing developed.

Mayor Weaver to-day decided on a special session of the city council to take up the matter of city finances and to consider propositions for the removal of dangerous railroad grade crossings.

AMERICANS SWEEP EVERYTHING

Defeat Australian and English Tennis Cracks in London.

London, June 23.—The American tennis players swept everything before them at the Queen's club to-day, defeating the Englishmen in the singles and the Australians in the doubles in the semi-final rounds. Wright scratched to Ward for the finals in the singles, thus creating Ward champion of the city of London. In the doubles Larned and Clothier secured three sets to their opponents one, while Wright had won three straight sets, one of which went to Deuce, the Australian pair, Brooks and Dunlap making a desperate fight for at least one set. International teams are represented on the first big tournament in which in this leaves nothing but Americans in this side of the water.

Ward is playing an especially fine game, his very screw service being particularly puzzling, while the careful placing of volleys by both Wright and Ward elicited continuous applause from the galleries, notwithstanding the fact that the flower of England's tennis playing talent was going down in defeat.

The perfect weather favored the Americans because it approached nearer to that to which they are accustomed. It also brought out a brilliant attendance at Queen's club.

Ward and Wright will be partners in the all-England tournament at Wimbledon next week, in which Larned and Clothier are also entered. Wright and Ward will compete in the singles.

George Fred Williams Improving. Havana, June 23.—Former Congressman George Frederick Williams of Boston, who is at the Animas Fever hospital suffering with erysipelas of the right leg and inflammation of the veins, though experiencing much pain, continues to improve. He said to the Associated Press correspondent to-day that he would remain in the hospital until completely cured.

Lynching in Mississippi. Meridian, Miss., June 23.—Pierce Moberly, the negro who killed E. C. Jones near this city last Saturday, has been captured near Roberts Mill, west of this place, and lynched. The body, riddled with bullets, was found to-day swinging to a limb of a tree.

RECEIVED INTO B. C. CHURCH.

Mrs. Rutherford, Fourth Daughter of Levi P. Morton.

New York, June 23.—Mrs. Winthrop Rutherford, fourth daughter of Levi P. Morton, former vice president of the United States, was last Saturday noon received into the Roman Catholic church. She had been considering the step for the last two years and had been giving much attention to reading on religious subjects.

Mrs. Rutherford was, and her parents are, members of the Protestant Episcopal church, as is also her husband. As far as could be learned to-day, no opposition to Mrs. Rutherford's change of faith was made by any of her family. Mr. and Mrs. Morton were passengers on the steamship Celtic, which arrived here to-day.

ENGINEER PRUITT RALLIES.

Doctors Think He Now Has Chance for Recovery.

Hartford, June 23.—Engineer George Pruitt, who was so terribly injured in the railroad wreck at Newington Tuesday morning, was reported to be resting more comfortably at the Hartford hospital this afternoon than at any time since the accident. Pruitt's right leg was amputated above the knee yesterday and it was thought he would die before night, but he has rallied and the doctors think he has a slight chance of recovery.

AMERICAN AMBASSADOR HONORED IN LONDON

GIVEN DINNER BY PILGRIMS SOCIETY IN THAT CITY.

Notable Gathering Including Many of England's Most Famous Men and American Residents—Field Marshal Lord Roberts Presides—King Edward and President Roosevelt Toasted—Growth of the Anglo-American Friendship.

London, June 23.—Whitelaw Reid, the American ambassador, who has been officially received by King Edward and the members of the cabinet and entertained socially by royalty and the leaders of English society, made his first public appearance as ambassador to-night at a dinner given in his honor by the Pilgrims society of London. The gathering was most notable and included many of England's most famous men with a sprinkling of American residents of London, all of whom gave the warmest welcome to the American representative.

The large banquet hall in Claridge's was crowded and presented a brilliant scene. The hall was plainly but daintily decked with the entwined American and British flags, huge bells of American Beauty roses and clusters of other flowers while the numerous round tables at which the company dined were decorated with red and pink roses and green climbers.

Field Marshal Lord Roberts presided. Letters and cablegrams expressing regret at inability to attend and sending greetings to the ambassador and the society were received from Bishop Potter of New York, Joseph Chamberlain, Foreign Minister Lansdowne, Sir Mortimer Durand, the British ambassador at Washington, former Ambassador Choate and Vice Admiral Lord Charles Boscawen.

Lord Roberts in proposing a toast to King Edward and President Roosevelt said: "The first toast on this vast programme is one which cannot but appeal to every one in this room. It is that of King Edward and President Roosevelt. I thought that on an occasion such as this when we pilgrims of this country assembled to do honor to a brother pilgrim in the person of the eminent gentleman who has come to this country to represent America at the Court of St. James that it would be appropriate to bracket the names of the rulers of the respective countries not only because they are our rulers but because in their persons we have two of the greatest peace-makers of the present time. When we reflect on the happy results of King Edward's continental journeys, upon the friendly relations of Great Britain with other powers and indeed on all and every phase of the king's reign, King Edward's success as a promoter of peace and good feeling stands out pre-eminent. The same might be said of President Roosevelt, who even now is giving the world the strongest proof of his love of peace and who may be considered to be one of civilization's truest friends."

"I ask you all to drink to the health, long life and prosperity of the king and of that distinguished American gentleman, President Roosevelt."

Lord Roberts's reference to President Roosevelt's efforts to end the war was received with cheers.

Premier Balfour fell the task of proposing the toast to the guest of the evening. Mr. Balfour said that the sentiment with which they regarded the (Continued on Eighth Page.)

YALE AND HARVARD DISAGREE.

Crimson Wants Another Game Played at Cambridge.

A serious disagreement between Yale and Harvard developed yesterday over the baseball series that is now raging between the big universities, and it is believed by those connected with the management of both teams that the trouble can only be straightened out with the greatest difficulty.

It was thought at first that the possibility of a dispute caused by the tie game played at Cambridge Thursday was somewhat diminished by the captains and managers of the two teams getting together and practically deciding that the Yale game Tuesday should be counted as the first game. Yesterday, however, Harvard switched around and now comes out strongly for another game to be played at Cambridge, and then providing that if each team wins a game the final game should be played in New York. Yale naturally objects to this, and yesterday informed the Harvard managers that such an arrangement would be impossible.

It is not known what the final outcome will be, but for the next two days some warm messages will probably be exchanged between Cambridge and New Haven.

REWARD OF \$2,000.

Offered for Arrest of Person Responsible for Twentieth Century Wreck.

Cleveland, June 23.—The Lake Shore Railroad company to-night offered a reward of \$2,000 for the arrest or for information leading to the arrest of the person or persons responsible for the wreck of the Twentieth Century limited at Mentor, O., Wednesday night.

BRIDGEPORT LAD DROWNED.

Bridgeport, June 23.—William McCarthy, Jr., the eight-year-old son of William McCarthy, of 1071 Maplewood avenue, was drowned in the pond of the old Southey quarry, near the General Chemical works, Black Rock, this afternoon. The boy fell in while trying to pull out a companion, the rock edge on which he was standing giving way. He was struck by falling rocks from above and stunned before he went into the water. The body was recovered.

HAY LEAVES WASHINGTON.

Washington, June 23.—Secretary Hay left Washington late this afternoon for his summer home at Lake Sunapee, N. H., where he will remain, probably until the autumn.

ARMISTICE IN THE WAR NOT YET DECIDED UPON

JAPANESE MINISTER HAS LONG CONFERENCE WITH PRESIDENT ROOSEVELT.

Former Declines to Throw Any Light on the Situation Beyond Remarking That "Some Matters Must be Settled First"—Belief in Official Circles That President Has Made Little Progress in This Direction—Russian Reply to His Suggestion of an Armistice Not Yet Received.

Washington, June 23.—Mr. Takahira, the Japanese minister, returned to Washington this afternoon from a visit of several days in New England and called at the White house to-night, where he was received by the president and remained for three-quarters of an hour. The minister would have nothing to say about his conference or the situation at this time, beyond remarking that "some matters must be settled first," when asked about an armistice. The fact that the minister could give no assurances regarding an armistice prior to the convening of the Washington conference tends to confirm the belief in official circles here that little headway has yet been made by the president in this direction. Up to a late hour this afternoon the Russian reply to the president's suggestion regarding an armistice had not been received and until this reply is received the result of this phase of the negotiations cannot be known. In view of the fact that the president has thus far addressed himself simultaneously to both belligerent powers, there is a disposition to believe that Mr. Takahira may have brought to the White house to-night an expression of Japan's views upon an armistice, in response to the president's well known hope that a clash would not precede the conference. It has all along been understood that Japan would be unwilling to grant an armistice at this time unless thoroughly assured that Russia was seriously desirous of peace. Whether such assurances have been forthcoming is not known.

CRITICISM OF HENDRICKS.

Ready to Make Answer and Will Do So Next Week.

Syracuse, N. Y., June 23.—Superintendent of Insurance Francis Hendricks said to-day regarding comment that his department should have earlier ascertained irregularities in the conduct of the Equitable society, that he had anticipated such criticism and that he would give an answer for publication that he will give out next week. He believes his answer will be satisfactory to the public.

ORTMAYER IN DALY'S PLACE

TAKEN FROM FOUR-OAR AND PUT IN 'VARSITY BOAT.'

Only Routine Practice Owing to the Change—Racing Starts Held With the Freshmen—Light Work by Harvard—Race Between the 'Varsity and Freshman Four-Oars—Former Wins—Scrubs to Have a Race.

Yale Quarters, Gales Ferry, June 23.—With Daly out of the boat because of the action of the faculty in regard to the charge that he "cribbed" in an examination, the Yale 'Varsity eight had only routine practice this afternoon. Ortmyer, who has rowed in the four-oar, was put in Daly's place in the big boat, and Hopkin was seated at No. 2 in the four-oar to replace Ortmyer. The crew paddled up-stream for a mile and a half, and then practiced racing starts with the freshmen. The four-oar had a mile row up-stream.

LIGHT PRACTICE BY HARVARD.

'Varsity and Freshmen Eight Go Out Together but Do Not Race.

Red Top, Gales Ferry, June 23.—The Harvard 'Varsity and freshman eights went out together for their afternoon practice to-day, rowing to the navy yard and back, but not racing. The 'Varsity stroke was kept down to 26 to the minute most of the time, and the form of the boat as a whole seemed to show improvement, though Tappan, at No. 2, was still inclined to catch a little ahead of the others, while Burdard, at bow, was a bit slow.

As soon as the two crews got back to the boathouse they hurried to change their clothes and went aboard the launch to watch a race between the 'Varsity and freshman four-oars. In this race the freshmen, by getting the jump on the 'Varsity at the start, went away at the pistol shot half a length ahead, but the bows were even again at the half-mile and at the finish of the mile the 'Varsity was a winner by two or three lengths. The time was 6:55—rather slow, despite the fact that there was a light favoring wind and scarcely any tide.

Arrangements were made to-day for a race next week between scrub crews in four-oars from the Harvard and Yale quarters. The Harvard four will include the following: Stroke, Wray; 3, Shepard; 2, Judd; bow, Pleasanton. The following will probably be the Yale crew: Stroke, Bogue; 4, Cross; 2, Hartwell; bow, Auchincloss.

Daly to be Dropped.

At a meeting of the Yale faculty yesterday afternoon it was voted not to allow Cornelius E. Daly, the oarsman, to represent the university in the crew which will row against Harvard next week. During the meeting Mr. Daly was called in, but what occurred was not made public. Afterwards Daly said that it was all a mistake and that he was sorry for the whole affair. It is understood that the faculty has decided that Daly will be dropped from the college roll.

BRIDGEPORT LAD DROWNED.

Bridgeport, June 23.—William McCarthy, Jr., the eight-year-old son of William McCarthy, of 1071 Maplewood avenue, was drowned in the pond of the old Southey quarry, near the General Chemical works, Black Rock, this afternoon. The boy fell in while trying to pull out a companion, the rock edge on which he was standing giving way. He was struck by falling rocks from above and stunned before he went into the water. The body was recovered.

HAY LEAVES WASHINGTON.

Washington, June 23.—Secretary Hay left Washington late this afternoon for his summer home at Lake Sunapee, N. H., where he will remain, probably until the autumn.

CHARGED WITH INSANITY.

Professor of Languages at Leland Stanford Arraigned in Court.

New York, June 23.—M. M. Ramsey, professor of languages of Leland Stanford, Jr., university of California, a graduate of Columbia, a fellow of the Johns Hopkins university, member of the American Philological association and the Modern Language association, was arraigned in a magistrate's court here to-day on a charge of "vagrancy."

Detective Sergeant Fogarty, who arrested Ramsey on Thursday, on the floor of the Produce exchange, quickly changed the complaint to that of insanity. Ramsey was taken to Bellevue to await the arrival of two physicians from Baltimore, who were interested in discovering his whereabouts in New York.

Ramsey left California three months ago. Since then his friends lost all trace of him. He had little money when he reached New York. Since he has been here he has worked in various small restaurants and cafes on the east side as a waiter.

CRITICISM OF HENDRICKS.

Ready to Make Answer and Will Do So Next Week.

Syracuse, N. Y., June 23.—Superintendent of Insurance Francis Hendricks said to-day regarding comment that his department should have earlier ascertained irregularities in the conduct of the Equitable society, that he had anticipated such criticism and that he would give an answer for publication that he will give out next week.
