AT POLI'S THEATER.

Sky Farm.

An audience of good proportion and
manifesting approval throughout the
four acts of Sky Farm at Poli's theater
Monday evening, gave evidence of the
thorough enjoyment of the presenta-
tion by the Poli Players. A rural play
always has a fascination and that is
true of Sky Farm, which has many
pretty settings, the scenery being
again being moved to applause by the
scenic features.

Tom Moore plays the part of War-
ren Breeze, the heir presumptive and
his work is cleverly done, while Hel-
aine Hadley, playing opposite him, in
the leading woman's part, won the
sympathy of the house by her grace-
ful manner and temperament in the
part of Marigold Towers. J. Francis
Kirk, in the character of Kirke, the
back driver, pleased, while John A.
Tooby, playing Stephen Fully, stepped
into the character successfully, and
created no end of fun. Kenneth Bis-
bee as the young farmer had a con-
genial role which he filled most cap-
ably throughout while Florence Dorset
and Fay Baker as the village tomboy
added materially to the success of the
production.

Henry Carleton played the role of
Benjamin Breeze with the proper de-
gree of severity, while John H. Booth
as an assistant in his villainy could
not miss being good.

Next week there is to be a matinee
each day and possibly a slight change
in the company.

superior court, by City Treasurer,
Charles S. Avery, a check for \$4,500 to
satisfy the judgment of the court in

by the board of water commissioners
against J. Raymond Palmer. The check
will remain in the possession of the
clerk where it can be obtained by Mr.
Palmer whenever he desires to accept
it. The check was offered Mr. Pal-
mer but he refused it from the city

APPLICATION TO DECLARE
LICENSE VOTE VOID

Petition Will Be Heard Here October
30 by Judge Greene--Brought for
M. T. Kelleher of Stonington.

An application has been made to
Judge Greene by Mayor Theobald, as
counsel for Michael T. Kelleher, in
which he asks that the court declare
the entire license vote in the town of
Stonington this year void. This is
brought under the same statute as
was the petition before Judge Reed,
that any elector can bring such a pe-
tition in case of a disputed election
if he finds that the statute has not
been complied with, and such being
proved the election shall be declared
void. This would keep in force the
vote of the previous year, which was
for license.

The petition was signed by Judge
Greene and will be heard in the su-
perior court room in this city at ten
o'clock next Monday morning.

STATE MENTAL
HYGIENE SOCIETY

Social Service Department Established
and Equipped to Give Advice.

Costello Lippitt was elected one of
the vice presidents and Dr. H. M.
Pollock one of the executive committee
of the Connecticut Society for Mental
Hygiene, which held its third annual
meeting recently in New Haven.

The society has established a so-
cial service department in charge of
Miss Jessie E. Beebe, which is equip-
ped to give advice, either verbal or
printed, for those who desire infor-
mation regarding the avoidable causes
of mental disorders and the general
principles of mental hygiene.

It summarizes the advice it gives
under the following heads:

1. Advice and assistance to indivi-
duals who fear nervous or mental
collapse, with a view to causing them
to seek treatment promptly.

2. Advice and assistance to rela-
tives and friends of patients suffering
from nervous or mental disorders,
whether under treatment in their own
homes or in public or private hospi-
tals.

3. Information regarding public
and private hospitals in which cases
of nervous and mental disorder are
treated.

4. Advice regarding commitment to
hospitals, viz., methods of procedure,
the mental examination of the patient,
voluntary commitment, commitment
by judges of probate, cost, etc.

5. Advice regarding the manage-
ment of the patient pending commit-
ment with a view to avoiding harm-
ful mismanagement at this critical
period.

6. Advice regarding the best meth-
ods of transferring the patient from
his home to the hospital.

7. Advice and assistance when nec-
essary for the family of the patient
while he is in the hospital, supplement-
ing the advice of the hospital
physicians who collaborate with the
social workers.

8. After care. Advice and assist-
ance to discharged patients (and those
who recover at home), not only at the
time of their recovery, but in the
future, with a view to preventing
relapse, and also in order that they
may the more easily re-establish
themselves in society and again be-
come self-supporting.

the Knoll reward case, which is the
oldest case on the docket, being No.
1. It has been in the court many
years and the number of years ago Mrs.
Ferrele died. It is known as the Knoll
Reward case, since it concerns the
purchase of a stallion by that name,
by Mr. Raymond and others in this
city.

FUNERALS.

Mrs. Leonard M. Beck.
At 1.30 o'clock Monday afternoon at
the rooms of Church & Allen the fu-
neral of Mrs. Leonard M. Beck was
held, the services being conducted by
Rev. Herbert J. Wyckoff. There were
many in attendance and handsome
funeral honors. The bearers were
John Joseph, Joseph Karol, John Trankla
and Edward Duro. Burial was in Yan-
kist cemetery where a committal ser-
vice was held.

Mrs. James Ferrie.
The funeral of Mrs. Mary Ferrie,
widow of James Ferrie, was held on
Saturday morning from the parlors of
Snea & Burke. The bearers were Jes-
se Stevens, Edward Rodden, James
Ward, Rev. Hugh Treason, officiated
at the services at St. Patrick's
church, and the singing was con-
ducted by the organist. Burial was

Mrs. Ferrie's death occurred after a
year's illness. She was born in Ire-
land 69 years ago, but had passed most
of her life in this town. Her husband
died in 1890. She is survived by a

family had lately resided at No. 69

daughter, Mary B. Ferrie, who lives

Embezzeleh Run Down.

New York, Oct. 23--A man who the
police say is Harry B. Clarke, who is
wanted in St. John, N. E., for the al-
leged embezzlement of a sum between
\$30,000 and \$50,000 from the Bank of
New Brunswick, was arrested here
tonight at the instance of detectives.
A letter which the police say they
found in his pocket contained the con-
fession. "The detectives have made a
puzzling job of this and I guess they
are tired of the chase I have given them."

Taft Reaffirms Intention.

Aberdeen, S. D., Oct. 23--In a speech
before the Aberdeen Commercial club
here tonight, President Taft answered
with feeling the charge that he made
supreme court appointments with the
idea that the court was to emasculate
the Sherman anti-trust law, and
declared anew his intention of hav-
ing that law enforced to the letter.

ASSESSORS HAVE RECEIVED
OVER HALF THE LISTS.

Names of Auto, Motorcycle and Launch
Owners Have Been Received by
Board for Purpose of Taxation.

The board of assessors is busy re-
ceiving property lists for the next
grand taxable list of the town, and
have received over half the entire num-
ber thus far. They receive about five
kicks, though a number of the tax-
payers insist upon placing their prop-
erty in the list at the same figure they
used to put it in at before they were
raided. The lists are coming in well,
and Saturday was the biggest day thus
far this year.

The board has received from the state
tax commissioner a list of the autos
and motorcycles owned here, and it will
be seen that all are included in the
list this year, the addition of 10 per
cent, being made to those who do not
hand them in. A list of the owners of
launches is also in the hands of the
board.

MONEY DEPOSITED
TO HOLSTLAW'S CREDIT

Further Testimony in the Lorimer In-
vestigation.

Chicago, Oct. 23--Jervis O. Newton,
chief clerk of the State Bank of Chi-
cago, in testifying today before the
committee of United States senators
investigating the Lorimer case, re-
vealed a new phase of ex-State Sen-
ator D. W. Holstlaw's connection with
alleged corruption in the Illinois legis-
lature. Newton disclosed that \$700
in cash was deposited in the State
Bank of Chicago to the credit of
Holstlaw's Iuka bank on August 28,
1909, which was the date on which
State Senator John Broderick arranged
to meet Holstlaw in Chicago, after a
meeting between the two on June 16.

Although Holstlaw has testified that
he had but one meeting with Broderick
in Chicago, Attorney Henry of
counsel for the committee, said the
\$700 deposit may have been made for
the Iuka men without the latter's
presence here.

ELEVEN BROTHERS TO
LEAD BETTER LIVES.

Take Pledge Over Bier of Their Two
Brothers.

Huntington, W. Va., Oct. 23--Eleven
stalwart sons of Anse Hatfield, the
elderly father, who professed religion
a short time ago, responded to his
pleadings today and pledged them-
selves to lead better lives. The pledge
was taken while they were standing
over the Bier of their two brothers,
Ella and Troy Hatfield, who were
shot and killed by an Italian in Pay-
ette county a few days ago.

The young women and both young
men are in the twenties, and their nat-
ural vitality has not been interfered
with sufficiently by factory work to
render such a strenuous task pa-
severe drain upon their systems.

HARTFORD POLICE
RECEIVE WARNING

Not to Sell Tickets for Ball While on
Duty.

Hartford, Oct. 23--The police com-
missioners, in granting the police
force permission tonight to hold this
month's performance for the benefit
of the Mutual Aid association, issued
orders that no tickets should be sold
or their sale solicited while the men
were on duty or in uniform during
the hours of duty. Tonight's action is
the indirect outcome of the sale a year
ago to Governor Baldwin of tickets by
a traffic officer who stopped the gov-
ernor's car as he was on his way to the
capitol from the station.

CONTEMPT PROCEEDINGS.

ACROSS THE CONTINENT.

Bridgeport Girl on Health-Seeking
Trip to California.

Miss May Warren of 56 Courtland
street, Bridgeport, will start to walk
across the continent, expecting to
reach San Francisco, Cal., in four
months' time.

Miss Warren is the first woman
who has ever attempted to accomplish
this feat and will claim the honor,
if she succeeds, of being the only
woman to have crossed the continent
on foot.

She will be accompanied by her
brother, Harry Warren, and also by a
factory acquaintance of the latter, Ole
Larsen, who has lived at the same
address as the others during his stay
in Bridgeport.

All are factory workers and are
making the unusual journey in search
of health. They have labored in the
restricting and confining limits of fa-
ctory life since they have been able to
do any day's work, and no find that
they are run down in health and with-
out proper care in life, the inalienable
right of every human being.

The young woman and both young
men are in the twenties, and their nat-
ural vitality has not been interfered
with sufficiently by factory work to
render such a strenuous task pa-
severe drain upon their systems.
