WALLINGFORD.

(Special Journal-Courier News Service.)

Wallingford, Dec. 15.—Choate sent both their varsity and scrub teams, despite the snow storm, to Stamford Saturday, where they played the Manor school at basketball and were defeated by a score of 42 to 18, in a fast and exciting contest. Both games were well played and Choate showed the result of last week's vigorous training under Coach Brown. The first half of the varsity game was full of hard fighting on both sides and Choate got in some fine team work which had its effect. The half ended with the score, Manor 18, Choate 18. In the next half Choate was unable to keep up the pace, and failed to score once. Brooks and Swenson played a great game for Choate, and had their best supported during the last 15 minutes. Choate's victory was made the score much closer. Manor scored thirteen times in this half. The freshman game was even closer than the varsity, and the score at the end of the first half stood, Choate 16, Manor 7. The scrub team is made up of a plucky lot of fellows who understand the game and will surely give a good account of themselves before the season is over. The second half was very close and was won in the last few minutes of play. The final score was: Manor 19, Choate 16. Coffin and Keith did good work for Choate. No more contests will be played until the Christmas vacation is over.

At a meeting of the Baptist Young People's union held this evening at the First Baptist church the following officers and committees were elected: Pastor, W. A. Sweeney; president, Mrs. M. E. Schell; vice president, Ralph R. Unicker; secretary, Ida Lewis; treasurer, Stewart W. Hall; prayer meeting committee, Miss Ethel May Norton, Miss Stella G. Untack, and Miss Helen G. Spinney; social committee, Miss Edna E. Church, Miss Esther Hall, Miss Irene Doolittle, Miss Mildred Page, and Harold Whitworth; floral committee, Mrs. Gertrude Hunt, Nathan A. Curtis, Ronald Hall, M. E. Leete; lookout committee, B. H. Wooding, Mrs. Burton Hall, Miss Alice Cushman, Miss Olive Post; missionary committee, Mrs. W. A. Spin-

ney, Miss Eva Booth, Harold Porter, J. W. McIntroy; music committee, William S. Warren, Ralph Unick, Theo. Yass, Miss Rena Barber.

Wallingford's lack of trolley service was clearly shown when the miniature blizzard of Saturday left the borough without cars on the principal street. No cars reached Wallingford on the New Haven line from 3 o'clock in the afternoon until 1:30 in the evening. During this time more than one Christmas shopper and citizen stood on the corner of Main and Center streets in the blinding snowstorm and was finally forced to make his way home with the slush up to the tops of his shoes and arriving at his destination in no good temper. The single track cars which have always been run on this line could easily make their way with a small amount of power together with the help of the local snow plow, while the big double truckers on the New Haven line were without sufficient power Saturday, and the long bleak stretch of road between North Haven and this place was covered with drifts which seriously impeded the progress of the cars. Traffic Manager Smith of the Connecticut company should have been here Saturday and there is no doubt what his decision would have been in regard to the restoration of the Main street line.

The train service was kept in line shape, all of the trains being on time. The Meriden-Wallingford line ran about an hour behind its schedule during the day, but in the evening schedule time was resumed.

The Holy Trinity Sunday School association held a meeting this afternoon at the church at 2:20 o'clock and it was voted to give another performance of "Ye Desirable School" on Monday evening, December 30, for the boys and girls of the church. Admission will be free and the annual Christmas donation of candy, fruit and presents to the Sunday school will be held immediately after the "Desire School." The production of the old time school as given in the Temperance hall a short time ago was a grand success, and the boys and girls of the Holy Trinity Sunday school have a great treat in store for them on the Monday after Christmas through the kindness of the association.

Wallingford should rejoice over the fact that her most dangerous character is safely lodged behind the bars in the New Haven jail awaiting trial in the January term of the superior court under \$2,000 bonds. This person is John Bruton, who has a bad police record. Early Saturday morning he broke into Patrick McLaughlin's store at 23 South Colony street, the residence of Samuel Markovitz on Prince street, and the grocery store of Louis Caserio, 40 Prince street. At the two first named he obtained nothing, and at the Caserio place stole some valuable papers and threatened to kill Mrs. Caserio with a knife which he carried. The papers, knife and one or two other articles were found on him and were shown in court Saturday. Bruton was arrested at the Caserio house by Officers White and O'Reilly, who had been summoned by Mr. McLaughlin. Attorney Ernest L. Averill was counsel for the accused and Attorney O. H. D. Fowler represented the state. The following were witnesses for the state: Officers White and O'Reilly, Mr. and Mrs. Louis Caserio, Mr. and Mrs. Frank Fritz, Samuel Markovitz and William McLaughlin. Bruton was arrested some time ago for assault on Lizzie Reicher with intent to kill, but was released on account of lack of evidence.

Mr. Chamberlain was 76 years old. He to eight years ago when he removed to this city. Mr. Chamberlain was a prominent citizen of Middletown, where he had held the offices of tax collector and police commissioner. He was an active member of the Masons, the Odd Fellows and the Knights of Honor in that city.

DERBY.

(Special Journal-Courier News Service.) Rev. W. H. Alexander, of the Second Congregational church gave an interesting and instructive lecture last evening on "Whittier, the Poet."

The second annual concert and dance of Camp Henry W. Lawton, Spanish-American War Veterans, was held in Gould armory. Although the attendance was small, on account of the storm, still the advance sale of tickets was a very large one, the camp realized a small sum on the event. Ziegler's orchestra furnished the music for dancing.

The committee in charge of the concert comprised the following: G. W. Piper, chairman; Charles H. Conine, secretary; James Dykes, treasurer; John L. Larkin, and Edward Lyons. The members on the floor committee were Edward Lyons, chairman; John P. McCarthy, Joseph Ziff, Thomas McMahon and George Nolan.

The quarterly meeting of the St. Alvedon T. A. & B. society will be held in St. Alvedon hall this evening. The officers for the ensuing year will be elected and the full attendance of members is desired.

Despite the stormy weather prevailing Saturday afternoon and evening, the fair and sale given in the parlors of the Unitarian church by the Women's Alliance was attended by a fair sized crowd and the affair came to a successful ending. The entertainment presented in the evening by the young people of the church pleased those present. The proceeds, it is thought by the committee in charge, will be quite large.

The members of the Derby Aeris of Eagles enjoyed a turkey supper at their nest on Main street last evening. About sixty were present and all enjoyed the supper served. Following the serving of the supper a musical entertainment was finely rendered by the best of local talent.

WINTER IS COMING ON. HERE'S SOMETHING YOU WANT TO READ Keeps Heat "Just Right" Both Day and Night

This "boss" of the heating plant looks after your comfort, stands guard over your coal bin and safeguards the family from colds due to uneven temperature in the home.

The Jewell Controller with Time Clock attachment

Is the only device that automatically provides for a higher temperature in the morning without losing thermostat control through the night.

For example: Suppose you want to reduce the temperature of the house to 60 degrees during the night, but would like to have it at 70 degrees by the time the family arises.

Before retiring, you set back the controller to 60 degrees. Then you set the time clock attachment to bring the temperature up to 70 at seven o'clock.

In spite of any sudden changes out-doors during the night, the Controller will maintain the temperature you wish, and the faithful clock will open the drafts in time to give you the desired warmth in the morning.

And then all day the Controller goes right on keeping your house warmed "just right."

It is adapted for use with steam, hot water or hot air. Why not unload your heating worries on the "Jewell" and save money too?

Investigate this wonderful device. Shown and sold by THE BUCKINGHAM-ROUTH COMPANY, 151 Court Street.
