

# Chamber of Commerce Will Erect And Furnish Several Model Homes

## "Own Your Own Home" Campaign May Result In Formation Of A New Financing Corporation.

In a real constructive effort to encourage the building of private homes by New Britain people, the New Britain Chamber of Commerce has decided to erect and furnish somewhere in the city two or three model homes and it is altogether possible a plan for financing the erection of these homes will be evolved in a short time.

At a meeting held in the Chamber rooms, at which representatives of all lines of business were present, the real estate man who sells the lot, to the man who supplies the furniture it was decided most enthusiastically to go ahead with this project. The plan is in line with the "Own Your Own Home" campaign.

There is a shortage of homes in the city at the present time and if New Britain is to grow the Chamber feels it must spread out with its own family homes and cottages. As a result of the meeting, a committee was appointed to go further into the details of such a campaign, consisting of the following: Louis Jones, chairman; A. A. Mills, J. R. Andrews, Steve Robb, Bernard Stein, William H. Allen, W. L. Hatch, Isaac Black, Harold Shepard and R. O. Clark.

A committee was appointed last night to bring in plans for a brick house and plans for a frame house, together with the costs, these to be presented at a meeting of the committee to be held next week.

It was further decided at the committee meeting that a moving picture be taken of the homes at various stages of construction and arrangements be made to have the pictures shown in the local theaters during the campaign to arouse interest and encourage prospective home owners. The committee will meet again next Wednesday afternoon at 4 o'clock, at which time definite plans for the campaign will be outlined.

According to Mary E. Curtin, secretary, "The Chamber of Commerce, in launching such a campaign, feels that a family that owns its own home takes a pride in it, maintains it better, gets more pleasure out of it, and has a more wholesome and healthful atmosphere in which to bring up children. The home owner has a constructive aim in life. He works harder outside his home; he spends his leisure more profitably and he and his family live a finer life and enjoy more of the comforts of our modern civilization. As a direct taxpayer, he takes a more active part in local government. Home owners make better citizens and as a result, they are boosters for their own community. They are a part of it."

## CLOWNS AND ACROBATS SERVE AS PALL BEARERS

Funeral Services Held For "Happy-Go-Lucky-Billy" Showles—Old Friends Week

New York, April 3.—Six famous clowns and acrobats of the big top and the sawdust circle were pall bearers today for their old friend, William (Happy-go-lucky-Billy) Showles, the bareback rider, who died last Monday at Bellevue hospital, where he ran an elevator.

The funeral was held from an undertaker's establishment on lower Eighth Avenue, Rev. J. B. Wason of the Stranger's Welfare Fellowship, read a sermon. Scores of persons whose lives have been spent in making other folks laugh were there. Not a few of them wept.

They escorted the body to Pennsylvania station, whence Mrs. Showles and her 14-year-old son, Eddie, accompanied it to Long Branch, N. J., for burial.

Little Eddie, held the hand of a clown as he tip-toed up to the flower-filled casket for a last look at "Happy-go-lucky-Billy."

"You're going to be a bareback man, like your daddy, ain't you Eddie?" the clown asked.

"No sir," Eddie whispered. "I'm going to be a jockey. My father said it's more thrilling than the circus."

## Name of Street Changed Since Wilson Has Died

Bonarsvini, who established the Fascist section in Paris, was shot and killed February 26, 1924, by Ernesto Bonomi, a young anarchist.

# NATIONAL DAILY IS METHODISTS' PLAN

## Hope to Establish Great Protestant Newspaper

New York, April 3.—A movement to establish "a great national newspaper to be printed daily except Sunday in at least three great centers" which would provide "a suitable and satisfactory mouthpiece for the protestantism of our whole country," received support today at the New York Methodist conference.

A resolution by the Rev. James J. Henry of Poughkeepsie, offered on behalf of the pastors of the Poughkeepsie district, asked the conference to memorialize the general conference which meets in Springfield, Mass., next month for authorization of the paper.

"What should this undertaking seem to be of too great magnitude as a denominational enterprise, appropriate steps be taken to secure the cooperation of other denominations for the speedy consummation of the purpose of this memorial in providing a newspaper in every sense worthy of the great constituency it will at once command and seek to serve."

The resolution was referred to a committee.

The Poughkeepsie district delegates also suggested a memorial to the Springfield conference calling for the elimination of several secretarial positions under the general board, and for a general reorganization of the church department.
