THE WEATHER

Fair tonight; fair, warmer tomorrow

VOL. 49—NO. 160

BRIDGEPORT, CONN., TUESDAY, JULY 8, 1913

PRICE TWO CENTS

O'BRIEN TO WAGE DAIRYMEN'S BATTLE THROUGHOUT NATION

Former Bridgeporter Retained to Lead Battle Against Alleged Scheme of Milk Syndicate

Cigar Makers Interested in Reilly's Visit to McAdoo—Donovan and the Senators—Newsy Notes of the Capital

(By Our Special Corres.) Washington, July 8—Attorney M. E. O'Brien, formerly of Bridgeport, Conn., is laying the foundation for a fight that the National Dairymen's Association will make in every part of the country to prove, if possible, that the entire country is being victimized by a syndicate which controls the law and enforcement of various rules which make it impossible to sell raw sweet milk of any standard.

Associated with Attorney O'Brien is Attorney Hill, a former classmate of President Wilson. The milk dealers hope to prove that there is an invisible lobby working against them, and that articles being published in many of the health journals against raw sweet milk, that come from the pen of physicians who are in the pay of the milk trust.

On July 5, the Washington Health authorities caused 100 milk dealers to be arraigned before Judge Pugh in the District court. They were charged with selling milk and cream which contained putrid animal or vegetable matter. Attorney O'Brien filed a motion to require the prosecution to furnish a bill of particulars, adding that the government was laying out particular the milk sold was adulterated, and what particular kind of foreign substances is alleged to have been contained in the milk.

On next Sunday afternoon, July 12, at 3 o'clock, the cornerstone of the new St. James' R. C. church situated at the corner of Main and Broad streets, Stratford, will be laid with all the impressive pomp and ceremony of the Roman Catholic church. Bishop John J. Nolan of the diocese of Hartford will officiate at the ceremony.

The different marriage bodes will form on the side streets near Hard's corner being in their places at 2 o'clock. The Knights of Columbus will march at their hall in Bridgeport at 2 o'clock and march to the Congress street car barn where special cars will be waiting to convey them to Stratford. They will form into line by the grand marshal of the parade, Mr. O'Connor, immediately on arriving in Stratford.

The new St. James church when completed will be without question the prettiest church in the town of Stratford. It is Gothic in style of architecture in dimensions, 108 feet by 58 feet. Yellow tapestry brick is being used in its construction and all trimmings are of Indiana limestone. Architect Jackson of New York designed the building and when completed it will be a monument to his craftsmanship.

The cornerstone, donated by James Seton & Sons, comes from the Railway Granite Co.'s quarry in Quincy, Mass., the same quarry out of which the dome used in the Bunker Hill monument was cut. The site of the church, windows, chancel lamp, and in fact almost all of the fittings of the church have already been promised. Rev. M. J. O'Connor will be in charge of the church and the appointment of several Father O'Connor has been doing splendid work in Stratford ever since he was transferred to that town from Stratford, Conn. He not only conducted the fine rectory and the land adjoining the church lot on the corner of Main and Broad streets, but by his hard work and business ability has paid all the running expenses of the parish and laid by a fund for building the new church. Considering the short time Father O'Connor has been in Stratford, but at neither has done very much.

If the weather is propitious next Sunday afternoon there is no doubt but that the day will be the greatest in the history of St. James' parish and one which the people of Stratford will remember for days to come.

Numerous protests have been made in the past against the firing of the big guns at Indian Head. River captains declare the lives of their passengers and crews are endangered by the trials and, although no accidents have yet occurred, contend that there have been many narrow escapes from disaster.

President Wilson GOLF AT HANOVER Hanover, N. H., July 8.—President Wilson, together with his family, today, this time the nine hole course at Dartmouth College. He left Cornish early and motoring thirty miles over Green Hills and valleys, arrived here before noon.

SHEPHERD SUES PITZPIO FOR \$25,000 FOR INJURIES IN AUTOMOBILE ACCIDENT

New York Man In Custody of Sheriff In Default of \$20,000 Bonds—Pitzpio Fined \$100 for Reckless Driving—Williams Brothers and McCormack to Sue

Immediately after his conviction in the Fairfield town court this forenoon of reckless driving, in connection with the automobile accident so nearly fatal to John B. Shepherd of this city, George Pitzpio, driver of the Pierce-Arrow car with which Shepherd's car collided, was arrested on a body writ in a suit for \$25,000 damages brought in Shepherd's behalf through Judge Elmore S. Banks.

Pitzpio was required to furnish bail of \$20,000, and that he had been unable to do for several hours. At a late hour Sheriff Ezekiah Elwood was his constant companion. If he is unable to furnish bail by nightfall, he may be forced to spend the night at the county jail.

Pitzpio's troubles came thick and fast this forenoon. His counsel, Attorney George E. Hill filed a formal demand with his case called before the court, and when this was overruled, Attorney Hill asked for a small fine. Justice Bacon Wakeman imposed the maximum fine provided in the automobile law, \$100, with costs. There is a jail sentence provided in the law, but this was not imposed.

Attorney Hill at once took an appeal, and bail was fixed at \$600. Pending arrangements for the posting of a real estate bond for this amount.

THOUSANDS WILL MARCH AT CORNERSTONE LAYING OF ST. JAMES' CHURCH SUNDAY

On next Sunday afternoon, July 12, at 3 o'clock, the cornerstone of the new St. James' R. C. church situated at the corner of Main and Broad streets, Stratford, will be laid with all the impressive pomp and ceremony of the Roman Catholic church. Bishop John J. Nolan of the diocese of Hartford will officiate at the ceremony.

The different marriage bodes will form on the side streets near Hard's corner being in their places at 2 o'clock. The Knights of Columbus will march at their hall in Bridgeport at 2 o'clock and march to the Congress street car barn where special cars will be waiting to convey them to Stratford. They will form into line by the grand marshal of the parade, Mr. O'Connor, immediately on arriving in Stratford.

MODEL MILITARY CAMP IN TEXAS FOR U. S. TROOPS

Texas City, Tex., July 8—What army officers say is the best organized and healthiest military camp in the world today stretches for two miles along the shore of the Mexican Gulf here. Four months ago the site of this camp was virtually a swamp. The transformation is one of several big achievements of the American soldiers sent here last February for mobilization of the Second Division now the United States Army.

Major General William H. Carter, commanding the Second Division, U. S. A., said of the camp today: "Probably the most important thing bringing the division together has taught the officers and men the intimate needs of a big organization as to its equipment and has weeded out unnecessary details and under-standard animals. When the commands comprising the divisions go back to the various posts and are ordered to reassemble for any service whatever, the commanding general can issue a single order which will cover the entire equipment."

"The second division is now in excellent shape. The soldiers are equal to any in the world. The whole division with baggage could be ready to go aboard trains or transports before the cars could be sidetracked or the transports ready to cast by. This is an accomplishment here for the American people has been the demonstration of sanitary standards. It has verified methods tested at San Antonio in 1911, methods tested at Texas City without an increase of officers."

"We have now been here four months and not one case of typhoid has developed. When we came we were told this state was a swamp."

Major General Carter said double the number of soldiers could have been trained at Texas City without an increase of officers.

JOHN F. CLANCY GETS DAMAGES OF \$222.75

North End Resident Wins Action Against Administrator of Luke Clancy Estate.

John F. Clancy, a well known North End resident, has won his suit against the Luke Clancy estate. In a decision handed down by Acting Judge Joseph J. Conroy, the court has awarded Clancy damages of \$222.75. He is also given costs.

POISON PLAGUE KILLS 25,000 KANSAS ANIMALS

Topeka, Kas., July 8.—That the plague which killed more than 25,000 Kansas animals was not an infectious disease, but due to a poison, is the report of the special commission of the University of Kansas appointed by the governor to investigate the matter.

PROGRESSIVES TO CONSIDER PLATFORM THURSDAY NIGHT

The Town committee of the Progressive party held an enthusiastic meeting last night in their Plaza headquarters with the newly elected town chairman, George Zink, presiding. The town chairman will be aided in his duties by the appointment of several executive committees selected by him.

INSANITY INCREASING

Insanity is upon the increase in this city. It was said at Charities headquarters today that many cases are being shipped from this city, more than heretofore. Investigator Morrissey during the past week has been conveying to Norwich on Saturday and another triple shipment is today being made to Middletown.

SYLVIA STARTS THREE MONTHS' HUNGER STRIKE

London, July 8—Miss Sylvia Pankhurst, leader of the suffragette movement, was brought up at Bow street Police court today and found guilty of inciting to disorders on June 29, when she led a mob to Downing street to raise the official residence of the Premier and the Chancellor of the Exchequer.

She was ordered by the magistrate to find sureties in \$5,000 to be of good behavior for a year with the alternative of three months imprisonment. Miss Pankhurst elected to go to Holloway jail, declaring she would at once start a hunger strike and also go without water.

Archibald Bodkin, prosecuting for the treasury, said the authorities did not desire to punish her, but merely to prevent her making inflammatory speeches.

Probers Almost Through With Wall Street

Washington, July 8.—An end to the Wall street features of the lobby investigation was in sight when the Senate committee resumed its hearing today. David Lamar had asked permission to make a final statement, explaining Edward Lauterbach's charges yesterday, that Lamar had assured Senator Stephen M. McKelvey, who was anxious for a "peaceful understanding" with Morgan and the Steel Corporation interests.

RECORD YEAR FOR FISH EGGS

Washington, July 8.—The year just closed established a record for the United States bureau of fisheries in the number of fish eggs taken and hatched. It ran the enormous total of 8,640,000 which broke the record made in the previous year by 173,000,000. The largest number of any one kind was in flat fish, of which 800,000,000 eggs were planted.

VOCATIONAL TRAINING IN PUBLIC SCHOOLS

Washington, July 8.—Commendation of the work of the vocational guidance survey of New York city is contained in a statement issued today by the United States Bureau of Education. The bureau is in sympathy with the vocational training program for young America and has advocated the establishment of Vocational Training in the public school system of the country.

HEALTH BOARD TO MEET

A meeting of the local board of health is scheduled for tonight. It is believed that matters of considerable importance to the sanitary conditions of this city will arise. From the number of garbage complaints entered in the complaint book and the activities of the various inspectors who have recently found that garbage collections have not been prompt or frequent those matters may be laid before the board.

ADMITTED TO PROBATE

The estate of the late Dennis Kelly was admitted to probate this morning with Ellen Kelly as administratrix.

Whitcomb Says He'll Enjoin Paving Bill

Will Prevent Any Attempt to Work Under the Act Which He Claims Is Not Measure Passed by the Legislature

Investigation by Farmer Representative in Hartford Discloses Strange Mix-up Between Offices of Engraving Clerk and Secretary of State

If any attempt is made to borrow money or perform any other acts which are apparently authorized by the paving bill sent to City Auditor Keating, Senator Joseph H. Whitcomb will ask an injunction to prevent work being done under the provisions of the bill. An injunction to prevent work being done under the provisions of the bill. An injunction to prevent work being done under the provisions of the bill.

Senator Whitcomb said today: "I watched this paving bill very closely and I am certain the bill returned to City Auditor Keating was not the bill for which we voted in the Legislature. I and other members of the delegation from Bridgeport were unwilling that the Common Council through the members of the Board of Charities and the committee should be \$100,000 to spend for pavement in one year. We were also unwilling that such a large sum should be spent for pavement not permanent."

The original Senate bill on the matter was numbered 211, while Senate Bill 231 as passed by the General Assembly is an act relating to the State Board of Charities. The bill as amended was printed but cannot be found. The original bill has been stamped as passed. The committee's report on the bill accompanied the bill and the letters "H. S. accepted" written in, which is taken to mean that the report on the substitute bill had been accepted.

The bill which was signed by the governor and sent to City Auditor Keating is the original measure which the Bridgeport delegation in the General Assembly insisted should be amended, with the amendment as attested by Mr. Wilson of Bridgeport attached. But Mr. Wilson's amendment had no application on the original bill as the amendment was framed for the substitute bill.

"I have no idea how this bill, which is the original bill, that was amended, came to be signed by the governor. I do not think there has been any trickery. I am rather inclined to believe that the original bill of the matter that with much backing and filling over the original bill the clerks were confused and they stamped the wrong bill as the one which the legislature passed."

"DR." A. G. JONES TO BE ENJOINED FROM FURTHER PRACTICE OF DENTISTRY

local papers tending to mislead the public as to his true status. Other allegations of a minor character are said to be contained in the complaint, with the result that the board unanimously decided to prevent Jones from further practicing in the state.

When seen by a reporter for The Farmer today an eminent member of the dental profession consented to discuss the affair in detail. He said in substance that the young dentist had come from another state about five years ago. He had for a time worked in the laboratory and as an assistant to another dentist locally until he had been able to operate under the personal supervision of a licensed graduate dentist. This however did not permit him either to work alone or to use the title he had assumed. Such permission could only be obtained from the examining board and had not so been done in Jones' case.

Early in the spring Jones had decided to equip an office for himself and while warned by the society that he should not advertise himself as a dental surgeon until he had received his full degree from the board he persisted. (Continued on Page Two)

Congressman Jeremiah Donovan is not worrying much because a part of (Continued on Page Two)
