WELL REMEMBERED HERE

By Many Prominent New Haven Republicans—The New Governor of Pennsylvania—His Tremendous Majority.

It will interest many who heard the eloquent campaign address of General D. H. Hastings of Pennsylvania at the Hyperion two years ago to recall the fact that this same eloquent gentleman was elected governor of Pennsylvania the other day during a certain big republican landslide, of which about 60,000,000 people in this country at least are fully aware.

The republican state ticket in Pennsylvania is elected by a plurality which will not, when the whole vote is counted, fall far short of 200,000.

The republican state ticket in Pennsylvania is elected by a plurality which will not, when the whole vote is counted, fall far short of 200,000. The successful candidate for governor is General Daniel Hartman Hastings, a native of the state and now in his forty-sixth year.

A Cranberry Bog.

(From Harper's Young People.) The men, women and children of Cape Cod earn considerable money every autumn by picking cranberries in the bogs.

There is now a cranberry belt extending along the north shore of Buzzards Bay and the southern part of Cape Cod.

The cranberry-growers make great preparations for the small army of people which must be housed and fed during the picking season.

The cranberry-pickers are out in the bogs soon after daylight, and they remain as long as they can see a berry. In large cranberry bogs, where several hundred people are at work, the pickers are divided into companies, each company consisting of one hundred and twenty persons.

WORK OF THE CHARITIES.

AGENT PRESTON'S INTERESTING REPORT OF WORK DONE.

Quarterly Meeting of the Organized Charities—Two New Directors Elected—The Number of Applicants for Assistance is on the Decrease.

At the quarterly meeting of the Organized Charities yesterday afternoon Agent S. O. Preston made an exceedingly interesting report of the work accomplished by the association during the months of August, September and October.

The report further shows the disposition made of the cases as follows: Temporary or permanent work was provided for 20 residents and 688 non-residents; there was relief afforded or obtained through societies, individuals or the town for 68 residents and 205 non-residents.

There were 30 residents employed in the woodyard and 35 employed in the laundry, all of whom were paid in cash by the association.

Under the heading of temporary care of transients during the quarter the following figures are given: Different men and boys dealt with, 948; women and children, 24. Total, 972. There were lodgings provided for 1,391 and meals for 456.

The balance of the expenditure, \$123.74, was worked out in woodyard, laundry or house about 80 per cent. During the quarter there were 8,468 barrels, about 17 1/2 cords of wood, sold, thirty cords less than last year's sales.

The following is the cash statement for the quarter ending October 31:

Table with financial data: To balance August 1, \$63.80; To receipts three months, 4821.09; To loan to meet deficit, 600.00; Total, 5484.89.

By expenses three months, \$5460.12; By balance November 1, 24.77; Total, \$5484.89.

The meeting of the directors was held at 5 o'clock, an unusually large number of the directors being present. Dean Wayland presided. The report was read and accepted, and great satisfaction expressed at the decrease shown in the number of applicants for assistance.
