

IT WILL BE A BATTLE ROYAL

THE RAILROAD STRIKE ASSUMES ALARMING PROPORTIONS.

Many Roads Are Tied Up—One Train Stopped, the Pullman Sleepers Detached and Abandoned—Meeting of Trainmen—Sympathy for Strikers.

Chicago, June 29.—President Debs and his associates of the American Railway union played a high card to-day and made a radical move when they boycotted every road represented in the general managers' association.

Chicago, R. I. and Pacific, Illinois Central, Chicago and Grand Trunk, Santa Fe, Chicago and Alton, Chicago and Erie, Chicago and Eastern Illinois, C. & N. W., Western Indiana, C. B. & Q., Chicago, Milwaukee and St. Paul, Chicago, Great Western, Louisville, N. & O. and Chicago, Chicago and Northern Pacific, Lake Shore, Michigan Central, F. Y. C. and St. P., Pan Handle, Pittsburg, Fort Wayne and Chicago, Wabash, Wisconsin Central and Baltimore and Ohio.

As rapidly as possible the men will be ordered out on the roads named, and it is the intention of the union officials to inaugurate strikes on the lines mentioned in preference to roads throughout which haul Pullman cars.

The contest between the Chicago and Northwestern and union is developing into a battle-royal. The company has removed the black-list placed upon the strikers of 1891 and so far has secured two of the old men who are now at work.

The greatest enthusiasm was created among the strikers to-day when the announcement was made that the Missouri & Ohio Central and Eastern Illinois, General Manager Seal telegraphed President Debs that his road had cut off all Pullman cars and requested a lease of the line.

Two hundred engineers on the Illinois Central roads and engineers at Grand Crossing, have agreed to stand by the men. All the men on the Illinois Central pledged themselves to obey a call to strike whenever issued.

A mob of 1,000 strikers and their sympathizers stopped the Chicago Limited on the Chicago and Erie line at Hammond, Ind., at 5:40 p. m. and compelled the crew to side-track two Pullman sleepers attached to the train.

An order to strike was received to-night by the switchmen, switch tenders, lower men and crews of the switch engines on the Wabash road in Chicago. At 7 o'clock every man went out.

Five hundred delegates representing eleven lodges of the International Switchmen's Aid association, these lodges representing the employes of twenty-two lines, met to-night. The conference considered a resolution that the members of the Switchmen's Mutual Aid association recognize the strike begun by the American Railway union to the extent of calling out all the members of the Switchmen's union.
