

## RUTHERFORD ASKS BUILDER'S ARREST

Says Haberski Is Doing Work  
Without City Permit

A warrant was requested today for the arrest of Leo Haberski of 44 Cabot street, a contractor who has neglected to comply with orders issued by Inspector A. N. Rutherford that he discontinue operations on a building at 62 Silver street.

Haberski applied for a permit April 11, and without waiting for permission to proceed, removed partitions and began construction of two stores in the Silver street building. Because the structure is a six tenement frame house, stores are not allowed, and it will be necessary for Haberski to reconstruct the house for dwelling purposes.

Damages of more than \$1,000 were estimated by Inspector Rutherford today as a probable result of Haberski's action. It is expected that a warrant will be served this afternoon.

## SEARCH FOR LOST MEN IS TO BE DISCUSSED

Conference Today to Talk Over  
Nungesser-Coll Case, Halted  
By Arguments.

St. John's, N. F., July 14 (AP)—Upon the outcome of a scheduled conference in New York city some time this week rested today the future of the Guggenheim airplane search for the missing French transatlantic fliers, Nungesser and Coll, which has been carried on here for the past month by Major F. Sidney Cotton.

Dissension in Major Cotton's party was admittedly responsible for the termination, at least temporarily, of the work.

Charges by James McPhail, Cotton's former mechanic, who came here two weeks ago, that Cotton had utilized the expedition to photograph forest country for possible use by lumber companies rather than to hunt for the fliers were answered today by the aviator's friends, who declared them untrue.

McPhail was reported to have been backed in his version of affairs by the third member of the party, Captain Cyrus Caldwell, Cotton's first assistant. Caldwell has not been here.

Major Cotton is at St. George's on the west coast where his contemplated hop to New York has been delayed by the necessity of

overhauling his plane and by poor flying conditions. He hoped, however, to be able to get away today.

In New York he is to confer with Daniel Guggenheim and others, backers of the expedition, who are reported willing to send a second plane here to continue the work.

To refute the charges of McPhail and the reported criticism of Caldwell, friends of the aviator today pointed out that the camera with which the photography was done had been presented to Major Cotton for the express purpose by Mr. Guggenheim.

## Continue Case of Father Who Wants to See Boy

The hearing on a habeas corpus writ sought by David Benjamin of this city, through Attorney Thomas F. McDonough before Judge Thomas F. Malloy in the common pleas court, was continued this morning until Thursday, July 21.

Benjamin alleged that he was unlawfully deprived of right to see his son and the writ commanded the mother of the child, Mouraasa Benjamin and her mother, Mrs. George Sargis, to bring the boy before the court at 9 o'clock this morning to show cause why the boy has been detained.

Mr. and Mrs. Benjamin were married about a year ago. About three months ago they separated. It is understood, with the understanding that the boy should be allowed to see each parent for a certain length of time. Benjamin alleges that both women are confining the boy and depriving him of his liberty.

## Bertaud Will Take Hill With Him on His Trip

New York, July 14 (AP)—Lloyd Bertaud announces that his companion on the proposed non-stop flight to Rome will be John DeWitt Hill, a comrade of the night airmail between New York and Cleveland.

Bertaud and Hill will take turns piloting and navigating and Bertaud will have complete charge of the radio.

Hill is 42 years old, six feet tall, weighs 155 pounds and is unmarried. He has had 6,000 hours in the air and has the reputation of never having left his ship although he has been forced down by snow and wind more than half a dozen times.

## OLD REPAIRMAN DIES

Worcester, Mass., July 14 (AP)—Charles Henry Ford, 79, more than 20 years master mechanic at the Boston and Maine repair shops in this city, died today at his home here following a long illness. Burial will be in Forest Hills cemetery, Boston.

## BODY OF DROWNED MAN FOUND OFF BLACK ROCK

Remains of Peter Parvych of This  
City Discovered On  
Sand Bar

New Haven, July 14 (AP)—The body of Peter Parvych, 36, of 65 Franklin street, New Britain, who was drowned Sunday while swimming off Sawn Rock, West Haven, has been recovered.

John Delahant of Ocean avenue,

West Haven, found the body on a sand bar while paddling in the vicinity of Black Rock. The body had been drifting with the tide and had been carried up on the sand bar where it remained.

Medical Examiner Victor Kowalewski was notified and after examining the body gave permission for its removal to a New Haven undertaking parlor from where it will be taken to New Britain for burial.

The funeral will be held tomorrow morning at 8 o'clock at All-Saints church. Burial will be in St. Mary's cemetery.

## Hartford Man Is Held On Bad Check Charges

Meriden, Conn., July 14 (AP)—A continuance until Tuesday was granted by Judge Thomas P. Dunne in police court today in the case of John B. Gurity, of 23 Owen street, Hartford.

The excused is charged with passing checks, without sufficient funds on deposit to meet them. A local manufacturing company and E. G. Knell of Meriden, are the complainants. Attorney Daniel J. Danaher fought hard to prevent a continuance but was unsuccessful. He claimed an attempt was being made

to use the court as a collecting agency. The court was informed that Gurity will be forced to remain in jail until the trial as he cannot procure bonds.

## Price of Gasoline in Hartford Is Lowered

Hartford, July 14 (AP)—Reduction in the price of gasoline at twenty-five service stations in the city was announced today, and it was expected that many of the other service stations would fall into line after they had received advices from their home offices. The reduction was two cents a gallon in the re-

tail price which established the cost of the gasoline to the consumer at 22 cents a gallon, including the state tax.

## Fierce Fire in Maine Still Burning Today

Bangor, Maine, July 14 (AP)—Fire which started in the lath mill of Arthur W. Turner of Frankfort near Dixmont Village late yesterday and spread to the woods burned over 100 acres during the night and was still burning today. The damage already occasioned is estimated in excess of \$50,000. In addition to timberland and wood lots burned over several

hundred cords of prepared wood was destroyed.

A crew of several hundred men fought fire all night and succeeded in confining the flames to an area between Martin's stream and the East Newport road.

**WIFE MAKES COMPLAINT**  
Hartford, Conn., July 14 (AP)—Warren C. Ailing of New Haven, a clerk, was arrested here by Detective Sergeant Charles J. Keefe for the New Haven police who want him on the charge of failing to support his minor children.
