**THE WEATHER**  
 New Haven, March 7.—For Bridgeport and vicinity: Generally fair tonight and Friday. Connecticut: Cloudy tonight; Friday fair and slightly warmer in the interior; fresh to strong north winds, diminishing by Friday morning.  
 The eastern depression has moved southeastward to the middle Atlantic coast. There has been general precipitation east of the Mississippi river during last 24 hours. A moderate low area is central north of Minnesota and the pressure is also below normal in the southwest. Temperatures are generally somewhat lower this morning in the eastern districts.  
 Conditions favor for this vicinity unsettled weather, followed by fair and slightly colder.

In a recent bulletin issued by the United States Bureau of Fisheries the Department urges a more extensive use of the EULACHON (Pacific Coast Smelt) as a food fish. To quote from their bulletin, the EULACHON is described as "the finest food fish in the World—tender, fragrant, digestible."  
 On Tuesday we will have a quantity of these fish on sale at the low price of 12 1/2c a lb. to introduce them.  
 We expect a heavy demand for these fish, which in some sections are already favorably known. We urge you, if you want to co-operate with us in their distribution, to send your orders in early, as with the limited quantity we will have, it will be a case of "First come, first served."

These million boys wanted for the farms should take right hold, as they will thereby attain muscular vigor that will help them play football a lot better next fall.  
 It is denied that the Russians aren't doing anything to help the allies, as they are at least willing to eat up a good deal of the food so the Germans won't get it all.
