The greatest financial genius of the Rothschild family, though there have been many of great talent, was Nathan Mayer, of the second generation, who established the house of N. M. Rothschild & Co., in 1788, in London.

The standard maxim of the electrician, "never touch a wire; it may be dead, but if it ain't, you may be," is generally followed, so far as actually touching the wire with the hand is concerned.

He Escaped. A bishop of the Methodist church was preaching a sermon on the vanity of dress, and incidentally alluded to people who wore velvet and gold ornaments.

After the sermon a distinguished member of his conference approached him and said: "Now bishop, I know you were striking at me, for I have a velvet vest and a heavy watch chain."

No need to fear the approach of croup if you have Dr. Thomas' Electric Oil in the house. Never was a case that it wouldn't cure if used at the outset.

"I have nothing in the store that sells so well or gives such general satisfaction as Dr. Fowler's Extract of Wild Strawberry. I always recommend it in cases of summer complaint or bowel trouble of any kind."

The secret of happiness, "Keep your liver right." Burdock Blood Bitters is nature's remedy for complaints of the liver or bowels.

All those creeping, crawling, stinging sensations that combine to make up the tortures of any itching disease of the skin are instantly relieved and permanently cured by Doan's Ointment. Take no substitutes. Doan's never fails.

DIFFERENCE IN EGGS.

It is Mostly Found in the Whites Which are Watery.

There are rich eggs and poor eggs, though many do not recognize the fact, and think the question of quality depends only on whether an egg is fresh or stale.

Philadelphia has a greater mileage of electric railways than the whole of Germany, according to the Electrical World.

The temperance society of an Ohio town recently purchased the only saloon in the town limits and burned all of the fixtures with appropriate ceremonies.

The man who invented the cone-shaped glass lemon squeezer made 50,000 out of it, and was lately offered \$100,000 for four other inventions of the same simple and practical kind.

When a person falls into the water a common felt hat may be made use of as a life preserver. By placing the hat upon the water, rim down, with the arm around it, pressing it slightly to the breast, it will bear a man up for hours.

The author of "The Fall of the Congo" declares that, in spite of the Belgian successes, civilization on the Congo has scarcely made the faintest beginning.

When the sultan wants to see a play he sends out for a company and attends the representation in his dining room.

Of all the athletic exercises, with perhaps the single exception of football, the very best is digging, says a doctor. Every muscle, vein, artery and nerve in the body is worked in the process.

A curious plan for catching fish is used on the Columbia river out west. A number of wheels are set up in the middle of the stream, which, as they turn round, catch up the fish and cast them into troughs by the river banks.

Santa Rosa, capital of Santa Rosa county, Cal., has a Baptist church, which holds over 200 people, built entirely from timber sawn out of a single redwood.
