DEMOCRATIC RALLY.

Speeches By the Candidates For Senator, Probate and Representative.

The democratic candidates for representatives and judge of probate, accompanied by Mayor Kilduff and other prominent men of the party, went to Brooklyn last evening at the request of the democracy of that part of the city. Their entrance was announced by the blare of a hundred tin horns and the glare of rockets and colored lights. Through volumes of smoke and amid the din of a thousand voices the several hacks containing the visiting party passed up Bank street to the point directly in front of the Bank street school where the rally was held.

Thousands had congregated at this point which was designated by a platform decorated with gay bunting and the flag of the country enveloping a large picture of William Jennings Bryan in the rear. It was a picture sufficient to stir the most indifferent heart to realize the meaning of the great thing, the clamor that was going on on all sides and spirit that evoked such a reception. The procession was led by a drum corps and when this had rattled off a few national airs Alderman Daniel J. Mahoney from the fourth ward ascended the platform and introduced Attorney Florence C. Chobessey as chairman of the occasion. In a few words Mr Chobessey remarked upon the meaning of the gathering, the speakers that were to follow him and the great questions of the hour which will be decided by the people next Tuesday for the ensuing four years. He held that all the talk about the dinner pail was nonsense so long as those who use a dinner pail are obliged to pay almost double for what goes into it than they were ever before obliged to do. He requested his audience to vote in a way to show that they had something else to vote for besides a stomach, to show that they were not animals and that the author of the phrase, "the full dinner pail" is not one whit more intelligent than they will be when they enter the polling booths next Tuesday. He then introduced as the first speaker Mayor Kilduff, who went to the front of the platform amid a storm of cheers. The mayor did not speak at any great length, but he would remind the taxpayers of the third and fourth wards that they stood by him on many an occasion and he hoped they would stand by the democratic candidates next Tuesday. Their ticket is your ticket; therefore if the ticket you should support when you cast your ballot next Tuesday and if you do this when your interests come up to be gerrymandered in the capitol in Hartford you will find that they will be there to look out for you and to protect you. They will give you a fair deal. We all believe they are honest and they must therefore

fore be honest with you. You know how the republicans have treated you. How they have worked against you and your interests. They have cut up the wards and this one especially until it is almost impossible for one to get the full vote on election day. On next Tuesday morning vote early; get your friends to vote with you. The polls open at 6 o'clock and close at 5. Give all the candidates a roasting majority, and you will not be sorry for it. Vote for Mr Kennedy for if there is an honest man in the fifth senatorial district he is Mr Kennedy. He wears no corporation coat, his hands are free. He is not tied up to any corporation, and if he is elected he will show you he is free to stand up for you and fight your battles in the legislature. Judge Lowell, the next speaker, Mr Lowell was not feeling well yet he persisted in being harangued while addressing the people. He said he had not much to say, except that Burns, the Scotch poet remarked, that when you go to heaven all the angels request was a Scotch welcome and when his own time was come all he would ask was an Irish welcome like that he was given this evening. He was glad to see so many boys in the crowd and he hoped they would enter 'er up next Tuesday evening.

"You do your duty when you enter the polling booth and there will be no fear of us when the sun sets Tuesday evening. We will all be elected and you will be sorry for sending my friends Byrne and Guilfoile and Kennedy to look after your interests in Hartford."

The next speaker was Mr Byrne, one of the candidates for representative. After thanking the people for the hearty reception they had given him and his fellow candidates and for their thoughtfulness in arranging the meeting and inviting him and the other candidates to take part in it, he said that when the people would depart for home they would feel that they had spent a profitable evening. Then he took up the subject of gathering. He said that with the residents of the third and fourth wards to a great extent lay the responsibility of the success or failure of the election. Former legislatures were composed of men who had no vital interests in the welfare of the city. Their foremost purpose seemed to be to perpetuate themselves and to saddle upon the people laws that were obnoxious to them and which they knew nothing about until they had become parts of the statute laws of the state. This state of things can be remedied by sending men to the general assembly who will look after the welfare of the people and the city. They will never be remedied by representatives of corporations, whose interests are not the peoples' interests, but by sending men to the general assembly who will look after the welfare of the people and the city.
