**Average Person Spends $5.54 a Day While in Hospital, While Weekly Salary Is Less Than 90c—Extra Costs Bring Ex-James Higginson**

New York Aug. 21.—(AP) — A recent survey conducted by the United States Bureau of Labor Statistics shows that the average cost of hospitalization for a stay of one week includes about $5.54 a day for the patient while in the hospital. The study is the first comprehensive one made on this subject, and the findings indicate that this is a cost that cannot be met by many people. The survey was conducted in 1934.

The Bureau of Labor Statistics also found that the average cost of hospitalization for a stay of one week includes about $5.54 a day for the patient while in the hospital.
