REDS ARE CIRCLING WARSAW

Break Through the Outer Defenses Though Gen. Wrangel on the South Has Beaten Them Back Taking 4,000 Prisoners—Soviet Reply to Great Britain.

The Bolsheviks have pierced the outer defenses of Warsaw in several places and seem feverishly anxious to take the city before there can be any negotiations for peace.

The Bolshevik reply to Great Britain says that the city will not be taken until they have guarantees that Poland cannot again attack them.

Warsaw, Aug. 5.—(By The A. P.)—The defensive line east of Warsaw has been pierced in several places, according to reports from the front.

No announcement has been made as to what place the government would move to, but it is reported that Posen or Czestochowa, 13 miles southwest of Warsaw near the Silesian frontier.

Of the developments along the eastern defense line the word from the front shows that after a halt of several days while reinforcements were brought up and supplies forwarded along the river, the Bolsheviks forced crossings of the Bug river at a number of places.

Between Drobiszyn and Brest-Litovsk, the communists continue, the Poles launched a counter-attack against the Russians who had crossed the Bug below Brest-Litovsk.

The Soviet troops have been checked in their westward push along the Prussian border, the statement announces.

The operations of the Kosciuszko Squadron will begin in its new field within two or three days.

Meanwhile bullet-battered tanks which saw service in the great war, ramble through the streets of Warsaw today on the way to engage the Russians.

The missing bicycle was identified by color this morning by the owner after Judge Bartlett had continued the case over until tomorrow morning.

The Russian Soviet government again declares that it is firm in the recognition of the freedom and independence of Poland, and its willingness to grant to the Polish state wider frontiers than were indicated by the supreme council and mentioned in the British note of July 20.

The note says the Soviets suggested that the proposed London peace conference be only with the leading entente powers because its usefulness arose from the fact that without the assistance of the leading powers war could not be waged by other states against Russia and so the peace of Europe would be guaranteed.

"We are still of the opinion that direct negotiations with Poland for peace would serve the interests both of the Russian and Polish peoples."

The conference in London between Russia and the leading powers of the entente, says the communication, "would have for its object the regularization of the international position of Russia and the settlement of all outstanding questions between her and the allies, for the benefit of general peace."

The guarantee the Soviet government desires that Poland will not use the armistice period for a renewal of hostilities, it is set forth, include her partial disarmament and the cessation of the recruiting of conscript soldiers as well as voluntary enrollments.

Swindlers Are Seeking Local Money

Old Spanish Letter Plan Being Worked Again, Post Office Officials Say.

An increasing number of Spanish swindler letters are being received at the local post office. The letters are not new to the officials as they have been coming through the mails for quite a number of years.

This particular brand of swindlers operate principally in towns in Spain. They write to persons whom they believe have a quantity of money, generally American citizens.

The letters are generally stamped with the mark of the post office at Madrid. Mail coming from that place is suspiciously watched by local mail clerks.

The situation in each letter varies. Sometimes the sender is a prisoner at a military fort in Spain. He has a fortune in United States stocks but the certificates are concealed in a valise which was seized by the Spanish court.

The following letter was sent yesterday to a local citizen of considerable means.

Being myself into prison in this city of Madrid owing to a bankruptcy, I should desire to know if you would be disposed to aid me in the recovery of \$300,000 in banknotes that I have put into a truck which is deposited in a railway station in France.

To that end it would be necessary for you coming to Spain to pay the tribunal the expense of my law suit in order that you may hold some papers of a hand valise forming part of my baggage kept under seizure.

You reward would be one-third part of the amount.

As I am in prison I cannot receive directly your reply but if you accept you can send the following cablegram to my confidence who immediately would hand same to me.

Jose Coloma—Lista Telegrams—Madrid.

I await—Nicholas.

Fearing this letter should not reach you I do not sign same full name, as suggested I would say all particulars about the matter. To the meantime I only sign, R.

The utmost reserve and discrimination are requested above all. Please wire do not send letter.

In an interview with the Hartford Times yesterday Thomas J. Spellacy, who was the Democratic candidate for governor, launched the boom of Walter B. Lashar of this city, for governor. He also said that Congressman Augustine Lonergan of Hartford, and Mayor David E. Fitzgerald of New Haven, would make splendid candidates.

"If I were consulted about my own personal preference, said Mr. Spellacy, 'I would rejoice in the opportunity to return to the private practice of law and to render active assistance in the publication of the Hartford Post.'"

"At present," said Mr. Spellacy, "I can see no reason for the injection of my name in the political arena. Many have asked me if I am again to be the Democratic nominee for governor. Naturally, the answer to that question depends upon the wishes of the Democratic party and the action of the approaching state convention."

Pointing to the great assets in the local political field, Mr. Spellacy said that Connecticut democracy had many men conspicuously fitted for the governorship.

"Here in Hartford," he said, "we have Congressman Augustine Lonergan. He has served six years in Congress and this summer is taking the first vacation he has had in all that time. His rugged honesty, devotion to the work in which he is engaged, his natural ability coupled with his long years of experience, his broad vision and high ideals preeminently qualify him for the governorship."

The citizens of Hartford county have repeatedly shown their faith in Mr. Lonergan. In a year when his party went down to defeat in the national elections he received his largest majority, carrying his own city of Hartford by the stupendous plurality of more than 4,500 votes. It is a truism that if you want to find out the real caliber and strength of a man you must consult the people of his own community.

Concerning Lonergan the people of Hartford have repeatedly answered and the answer is: (Continued on Page Six)

"The leaders think that they can put up any one this year and they will be elected but they will find when the election is over that the service men had not forgotten and if Merritt gets the nomination his record will be given to all the boys."

The case of the nineteen men who were arrested in a raid on the Golden Valley Athletic Club at No. 163 Golden Hill street on Saturday night came up this morning before Judge Bartlett. Joe Sale the alleged proprietor forfeited bonds of \$15 and 14 others who were charged with frequenting forfeited bonds of \$10 each. The other four cases were nolle.

Boston, Aug. 6.—Four steamships today hurried to the aid of the new freighter Supertico which sent a radio message last night saying she was leaking badly and was heading for Halifax, although her officers did not consider her in immediate danger.

Milford, Aug. 6.—Bonds of \$300 were forfeited this morning in the city court by John J. O'Brien, proprietor of the Island View hotel, Myrtle beach, and his three bartenders, who were arrested last week for the illegal sale of liquor.

Damages to the extent of \$2,000 are claimed by Miss Minerva W. E. Platt, of New Bedford, Mass., from the estate of Deloss Platt, the executor of which is Beatrice Platt, of Shelton. The plaintiff claims that she loaned Platt various sums of money amounting to \$1,519.94 with interest. The claim was disallowed by the defendant on May 15, 1920. The case is returnable to the September term of the Superior court.

When walking through the railroad tunnel between Water street and Stoughton street, a man identified as Denis Lane, was instantly killed at 6 o'clock this morning. Lane was employed by the railroad company as a laborer, and worked near the switch engine there. The body is at present at the morgue of Rourke & Boucher, and a hearing will be held tomorrow morning at 11 o'clock by Acting Coroner Henry C. Stevenson.

Lack of a quorum caused the meeting of the Mayor's Finance Board which was slated for 10 o'clock this morning to be adjourned until next Monday morning. The only members present were Frank Miller, Senator Clark and H. C. Stevenson, the Mayor's new appointee on the Board. There was considerable business ready for action, including consent to issue the \$245,000 notes authorized by the Board of Aldermen at their last meeting.

Hartford, Aug. 6.—Will H. Hays, chairman of the Republican national committee, has consented to meet a delegation of members of the Connecticut Woman Suffrage association at his office in New York, Saturday morning at 11:30. Miss Katharine Huntington, president of the association, will be spokesman for the delegation. The women will ask the chairman to tell them just what is being done by the national committee to secure ratification of the suffrage amendment by the necessary 36th state so that women in all the states may vote this fall.

The women will tell Mr. Hays that there is a world of difference between 35 states ratifying the federal suffrage amendment and such action by 36 states and will inform him that Republican claims for suffrage support on the grounds that that party had credit for 29 of the 35 states ratifying are of little avail so long as Governor

Wet Day Crowds Easily Handled By The Jitneys

MAYOR WILL FLY OVER TO MOMAUGUIN

Will Go to Legislative Dinner in One of Bill Seely's Planes.

Owing to the fact that Bridgeport's jitney service does not extend to the Momauguin Mayor Wilson will be transported through the clouds which hover over Long Island Sound next Wednesday when he will make the trip to the annual dinner of the Legislative club.

It was remarked in the City Hall this morning this is not the first time that Mayor Wilson has been up in the air.

Mayor Wilson seems to have lost his heirship to the Republican gubernatorial nomination by the decision of J. Henry Horaback who presides over the highest Republican state tribunal.

The airship that he will use Wednesday is one of the fleet controlled by Parker Seely and will be in charge of an experienced pilot who will try and make a better record than the pilot who was in charge of the other heirship.

TEACHER IS BOUND OVER ON BURGLARY

Matuskowitz Files a Demurrer Which is Overruled By the Court.

The case of John Matuskowitz, the teacher of pre-vocational training at the Bridgeport High school and who was arrested some time ago on charges of burglary, came up in the City court this morning and Matuskowitz was bound over to the September term of the Superior Criminal court when Attorney Coughlin, his lawyer, entered demurrer to the complaint which was overruled. The bonds in the case were fixed at \$500.

When arrested in the yards of the Union Sales Company in the West End, Matuskowitz was found in a dazed condition and could not explain how he had got in the place; \$20 in cash that he had on his person was reported missing. It is thought that the man was either drunk or had been held up and assaulted as his head was bleeding when he was taken into custody by the officer. Matuskowitz lives on Meadow Brook Road in Fairfield.

BOY WHO RIFLED VIRELLI CAR HELD

The case of the sixteen year old boy who was taken into custody by State Police Sergeant Frank Virelli last night after an exciting foot race and who was found with a silver spoon on his person that he had taken from Virelli's car came up in the juvenile court this morning and was continued over for a month.

Sergeant Virelli had left his auto parked in front of the County Court House on Golden Hill street and he returned just in time to see the boy and a companion rifling the car. He gave chase and captured one of the boys. The silver spoon was part of the collection which was recently stolen from the home of Judge Josiah T. Mearns. Virelli had photographs taken yesterday of the spoon so as to show the design of the other silverware which was stolen. The photographs of the spoon showing the design will be sent to police departments throughout the country in an attempt to recover the stolen loot of the collection which has been in the Mearns family for generations.
