A Word About "La Grecque" Undermuslins

To those who are acquainted with this brand of underwear, there is no word of praise required. But possibly there are some who are not familiar with "La Grecque." The familiar phrase connected with it is, "Tailored to fit," which means that "La Grecque" garments fit better than any other, where there is the desire to eliminate fullness and superfluous material.

The woman of large size will find in "La Grecque" a perfect fit and grace of line, which will add greatly to her appearance. Garments are cut with ample fullness and seams are stitched flat.

"La Grecque" undermuslins are not plain, as there is an erroneous fancy, but they are just as elegant, just as attractive, with lace and embroidery, as can be imagined.

CHARITABLE BUREAU ASKS FOR GO CARTS

Has anyone got a baby carriage or a go-cart for which she has no further use? If so just call the Catholic Charitable Bureau at Barnum 1892 and have the secretary to send for it. Probably the donor will not realize the value of those few words but to some people where there is a new baby, they will mean more words than mere words can express. If there is no baby carriage probably you have an idle crib in your home. One that is just filling up space in the attic and which looks just a bit worn or rusty. Never mind the shabbiness just so long as it is capable of making a bed for some poor little baby, tell the people at the Charitable Bureau about it and they will find a way to put it to good advantage. If you have no telephone just step into the office in the Melis building and say the word and you will become the good Samaritan.

A similar appeal for carriages and cribs was sent out a little over a year ago and in response came a dozen of the former and half the number of the latter. These articles have lasted until a week ago and so now it is found necessary to repeat the call. A carriage is necessary to the baby's welfare for plenty of fresh air is one of the primary needs of an infant; a crib is essential to baby's welfare because he should necessarily sleep alone.

During the first six months of this year the Catholic Charitable Bureau helped three hundred families and a great many more orphan and deserted children. At present the bureau has about fifteen children in supervised homes. Youngsters are placed in these homes where fee is paid for their keeping and in this manner they are saved from being sent to an orphan asylum.

An instance to illustrate a situation of this sort is the case of an infant whose mother was deserted by the father about three months before the birth of the child. When the baby was about ten years old the mother died and the Catholic Charitable Bureau immediately placed the child in a boarding house where it has remained ever since. The baby is now fifteen months old but is strong and healthy.

Women's Swimming Association To Meet Thursday

A large and important meeting of the Bridgeport Women's Swimming Association will take place at the Seaside Bathing Pavilion on Thursday, July 29th, at 8:30 o'clock. The members are urgently requested to attend as much business will be discussed. It is probable that Captain Max Baum, one of the honorary officials of the Association will give definite information as to the securing of a swimming pool for the members for use during the fall and winter. If this matter is settled it is likely that a committee will be formed to secure a design for the regular suit to be worn by the women. Contestants from the Women's Swimming Association will be selected for the large swimming meet to be held at the park on August 23rd.

Will Stage Uncensored Bathing Review

Warnings were sent out by the Chamber of Commerce to its members and guests who are to attend the outing under the auspices of the Chamber and allied organizations at Pleasure Beach, tomorrow, to bring their bathing suits. It is understood that an uncensored bathing review in charge of William Chew will be an added feature of the outing, and the committee desires everyone present from Governor Lake down, to participate.

Returns received at noon today indicated that the limited number of invitations to the outing printed had all been gobbled up, and that the only chance late comers would have would be to secure tickets turned in by others at headquarters.

Chairman Troxell is today resting on his oars, having been assured by the chairman of the various sub-committees that every possible arrangement had been completed for the comfort and entertainment of the guests and members of the Chamber.

The Chamber of Commerce is planning to break one record at least at this outing, that every event on the program will be run off on schedule time. The first boat will leave Stratford avenue for Pleasure Beach at 3:30 and there will be half-hourly sailings thereafter.

Casey-Probert Nuptials Today Pretty Affair

Rev. Edward Shaughnessy, assistant pastor of Blessed Sacrament church, officiated at a pretty wedding which took place at the church this morning at 7:45 when Miss Mina Probert, daughter of Mr. and Mrs. William T. Probert of 482 Wilnot avenue, became the wife of Walter P. Casey, son of Mrs. Catherine E. Casey of 473 Atlantic street. Professor M. J. Gratton, organist at the church, played the conventional wedding music.

Miss Probert was attired in a handsome frock of white crepe de chine with a wide sash of brocaded ribbon. Her hat was trimmed with baby ribbon of the same design and she carried a shower bouquet of bride's roses and lilacs of the valley. The bridesmaid, her sister, Miss Angela E. Probert, was gowned in pearl grey crepe de chine with a sash of Chinese blue satin ribbon. She wore a grey hat to match and carried an arm bouquet of pink rosebuds. Edward Casey acted as groomsmen for his brother.

Immediately after the ceremony the couple left on a honeymoon to New York city and Asbury Park. After August 15th they will be at home to their friends at 3 Alfred Square, Seaside Village.

Mrs. Casey is very popular in this city and for some time has been cashing in the office of the Aetna Life Insurance company. Mr. Casey holds a responsible position in the production department of the Warner Bros. Company.

SONS OF SAME MOTHER. Mexico City, July 25—Mexico and Japan are sons of the same mother, Prince Hirohito, heir apparent to the throne of Japan, told the Paris correspondent of El Universal recently. He added: "Destiny has willed that the two countries be separated and distant from each other but the designs of destiny are now clear, and Mexico fill a distinct mission in each continent. They are the guardians of the sentinels of two races against the forces of barbarism. Mexico and Japan ought to draw near each other in order to fulfill the aims of destiny that are marked out for them. I wish for Mexico that she may gain the power of will that has transformed Japan into the power she is."
