

July Clearance Sale of Men's Suits Opens With A Rush

The men who bought the first day got some very fine bargains in high quality suits and went home well satisfied with their purchase. It was remarkable, the number of men who responded to the announcement of the sale and we expect as many more today. There are plenty of the same values for them. There is a good supply of all the wanted models at prices far less than you'll expect to pay.

AMBROSE SEEKS TO FIND MOTHER

The Milwaukee Journal has taken up the search which Edward Ambrose of that city has been making for a long time for his mother. Ambrose, who lives at 617 First street, Milwaukee, Wis., was left in a New York orphanage, 175 East 68th street, New York. When still a boy he was adopted and taken out to Wisconsin. As soon as he was financially able to do so he began the search for his mother, who he feels convinced is still alive. She was last known to be in Connecticut. Any one who believes that he can help locate the mother, whose name was Mary Ambrose, is asked to communicate with J. G. Fletcher of the Milwaukee Journal.

ELLIOTT IS OPTIMISTIC

New York, July 29.—Howard Elliott, chairman of the Northern Pacific railway, was optimistic today on his return from a 6,000 mile tour of Pacific northwest and Canada. "Everywhere I went," he said, "there was feeling of hope and belief that conditions would be better, and in few places did I find any feeling of pessimism. The economic upheaval in North Dakota seems to have done its worst."

"The outlook for agricultural production is good. Minnesota crops will be above the average and North Dakota's will be considerable, although the excessive heat and drought of the last three weeks have reduced the prospects. Montana, Idaho, Oregon and Washington will have a production in grain, grasses and fruits above the average. Crops in the northern Pacific states will be good, taken as a whole."

DEFECTIVES FROM BIRTH.

Cleveland, July 29.—Thousands of children become mental defectives from injury to the neck at birth. Dr. Raymond W. Bailey of Philadelphia, declared in an address at the convention of the American Osteopathic Association. All of these cases can be cured by osteopathic adjustment of the neck, he said, adding that nothing else can cure them.

BOYS AND GIRLS CLUB WEEK.

Storrs, Conn., July 29.—Boys will receive instruction in poultry raising and in garden crops while the girls will study dressmaking, cooking and canning, at the Junior Short Course at the agricultural college, it was announced today in the program for the boys and girls club week, August 6 to 13. Each county club agent will have charge of his own delegation.

Two Sustain Serious Burns

Martin Van Orden and Joseph Carrieno, of 30 Oak street, Myrtle Beach, are in a serious condition at the Milford hospital today as the result of burns sustained yesterday afternoon when a blow-torch which they were using to burn the paint from an automobile, set fire to fumes from the gasoline tank. As the fumes exploded, the young men were struck by a sheet of flame which spread over their head and shoulders, and arms. Their cries brought neighbors to the rescue, and the men were rolled in blankets. They were then rushed to the Milford hospital for treatment. At the hospital it was said today that the condition of VanOrden and Carrieno is serious but not critical. Both are suffering from second degree burns.

DEPRESSIONS CAUSES FLOOD OF BANKRUPTS

That the present period of depression has caused a flood of bankrupt actions in the United States District court, is evident from a perusal of the records of the local office, in charge of Judge John Keight of Norwalk. In years gone by the local office has considered 67 an average number of failures for a year. Last year the mark was not quite reached, but from present indications the year 1921 will go down in the records of the local office as the busiest year since the office was established in Bridgeport.

In the first six months over 60 petitions in bankruptcy had been filed, more are coming in nearly every day, and before the present month is closed the yearly average will have been reached and passed. To show the volume of business transacted at the local office this year it is announced that besides the postal card notices and acknowledgements sent out that over 10,000 notices have gone to the various creditors involved in the petitions filed to date.

PRODUCERS WANT MORE MONEY.

Wyndham, July 29.—The price of milk received by producers in eastern Connecticut and forwarded to the Boston and Providence markets, has again become a matter of dispute, it was stated. The producers in this immediate district are asking for an increase of two cents per quart beginning August 1. The claim made is that high freight rates prevent a fall in the price of grain, and the poor pasturage this summer has brought about a shrinkage in the hay crop.

Miss Norton To Become Bride Tomorrow At 4

A pretty home wedding will take place tomorrow afternoon at four o'clock when Miss Thora Elisabeth Norton, niece of Mr. and Mrs. Christopher Standine, of 330 Poplar street, becomes the bride of Martin Harold Mard, of Nash lane, son of Mr. and Mrs. J. Mard of Sweden. Rev. Andrew J. Okerblom, pastor of the Swedish Lutheran Salem church, will perform the ceremony which will take place beneath a lovely bower of rosebuds. The living room and dining room of the house will be decorated with wild flowers and ferns. The bride will be charmingly attired in a gown of white tulle and georgette. Her veil of illusion will be arranged in fan effect with a band of orange blossoms over the forehead. She will carry a shower bouquet of bride's roses. Mrs. Henry Kraekemier, sister of the bride, will be the attendant and will wear her georgette. Her veil of illusion will be arranged in fan effect with a band of orange blossoms over the forehead. Following the ceremony there will be a reception and supper for about fifty guests after which the bridal couple will leave on their honeymoon the destination of which is unknown. Miss Norton's traveling costume will consist of a dress of black canton crepe trimmed with white satin and a sport hat of sand colored felt. Upon their return they will reside at 62 Hansen avenue, Black Rock. For some time both the young people have been employed in the Bryant Electric company. Miss Norton as stenographer and Mr. Mard in the model department. Yesterday they received a cablegram from Sweden bearing the felicitations of the groom's parents.

DIVORCE ACTION.

A divorce action has been filed by Kitty Weinberg, New York city, against Orving Weinberg, this city, alleging desertion since March 27, 1917, the day after their wedding. She also asks for change of name to Raines.

WELL BALANCED MEALS.

Storrs, Conn., July 29.—The plea that mother used to make have been enshrined in poetry and proverb but too often they paved the way for dyspepsia later on the home economist's specialist. The Connecticut Agricultural College uses this assertion as its introductory to an announcement of a free one-week short course in well balanced meals. August 16-20, to be repeated August 23-27. Picnic and school lunches and menus for the week will be included and those women who wish to take on a broader program will be instructed in dressmaking and home use of dress fabrics.

MUCH DAMAGE TO SPANISH PRESTIGE

Melilla, Morocco, July 29.—Personal narratives of participants in the disaster of Mount Abarran and Tensaman indicate that the lack of precaution of the officers in charge of the operation was responsible for much of the damage done to Spanish prestige. On June 2, according to eye-witnesses, Mount Abarran was occupied by Spanish troops without the slightest resistance. It is a position covered with the thickest kind of vegetation, among which large numbers of men could find cover. No attempt was made to reconnoiter the ground after the camping place had been chosen but detachments of men were told to lay barbed wire around the camp while all the officers sat down to a meal. A short time afterward the surrounding bush appeared absolutely thick with Moors, who opened fire on the group of officers, then penetrated the encampment, where they were joined by the mutinous 15th company of native police. Numerous acts of bravery were done by both Spanish and faithful troops but the surprise was so sudden that it was impossible for the garrison to save the guns, which were carried off by the Moors. Then both Spanish and native troops fled precipitately, abandoning rifles, bayonets and baggage. The casualties—comprising killed, wounded and prisoners—numbered over 300 and, if the landing detachment of a warship and forces from Cerinola and Melilla had not intervened to support the fleeing garrison, it is possible the Spanish would have lost both Sidi Doris and Tensaman. The Moors apparently were act-

TOURISTS VISIT OTHER COUNTRIES

Geneva, Switzerland, July 29.—Switzerland has reached the acute stage of economic stringency resulting from a too-favorable rate of exchange. The tourist season, upon which she depends to such a great extent, opened with little prospect of an improvement in the situation. Tourists who usually visit Switzerland during the summer, are going to France and Italian resorts. The Swiss, themselves, to a considerable extent, are abandoning their own country to spend their outings in France where Swiss money counts for twice its value at home, or in Italy, where it counts five times the normal value. The crisis shows not only in the absence of tourist trade but in industrial stagnation, a good many workers being already out of employment. A few weeks ago it looked as if the delegations to the second Assembly of the League of Nations, Sept. 5, would find difficulty in getting lodgings here, hotel keepers hesitating to reserve apartments for them because it would require them to refuse tourists at the height of the season. It now appears that the hotels will welcome the League delegations unless there is an unexpectedly radical change in the travel situation. The time in which National Guard companies may be reorganized under the National Defence Act to a minimum enlisted strength of 50 has been extended until July 1, 1922, by Secretary Weeks.

COURT FUTURE NOW ASSURED

Topeka, Kan., July 29.—After a year and a half of operation, the future of the Kansas court of industrial relations seems assured, Governor Henry J. Allen declared in a statement today. "Each of the 23 orders and judgments of the court rendered thus far has been accepted by both sides of the controversy, excepting the last which is now pending on appeal before the State Supreme court," Governor Allen said. "Employers and employees alike are coming to regard the court as an up-to-date method for settling industrial disputes. "The result in the coal mining district has been most striking. Under conditions created by the Industrial court last year, the miners were enabled to work 30 per cent. more than the year before, with the resultant increases in production of fuel for the public and wages to the miners. "Interest in the Kansas remedy for industrial war is becoming worldwide. The pressing need for similar legislation in other states has become apparent, and many are preparing to follow the lead of Kansas in providing for justice in labor troubles."

RARE BIRDS VISIT SEASIDE.

Springfield, Mass., July 29.—Fifteen pining birds, inmates of the famous bird hospital here, have left with their nurse for Chatham to get the benefit of the ozone there. Miss Rebecca Harding, a teacher, will be the hostess to the birds as well as their nurse. The songsters represent twelve different breeds and are "charity patients" at the hospital. So begins the message as "copied" by Mrs. Jane Florence Burke.

STREET MAY LOSE ITS NAME

Berlin, July 29.—The Street of Many Fakirs—the section of the Friedrichstrasse between Unter den Linden and Koch streets—may soon lose the right to its exotic title, won by virtue of the varied and questionable commerce which thrives upon its sidewalks and crossings, for an agitation has been started to "clean it up." Every article from jumping-jacks to fine Oriental rugs may be purchased from the vendors who infest the street, eternally crying their wares. The chief complaint against the character of the street, however, is that thieves use it continually as a clearing place to market their hauls. Not infrequently a ragged, unkempt man will offer most expensive imported fabrics for suiting, in odd lots, at ridiculous figures. Much of this stuff, the police feel, certain, has been stolen, but it is difficult to fix the crime on the street vendor. Victims of the various drug habits and their chief source of supply are this street.

HIS AFTERTHOUGHT.

Milton, Mass., July 29.—A hundred page "spirit" message has just been received here. "I—William James—late professor of psychology at Harvard University, Cambridge, Mass., U. S. A., am sending this message. While I was on earth—alive, as you call it—I thought I knew a lot. Now I know that I know nothing." So begins the message as "copied" by Mrs. Jane Florence Burke.

August Sale of

50% BUY NOW 50% SAVE HALF 50% OFF -- ON ALL -- OFF --

COATS, WRAPS, SCARFS, MUFFS

This sale presents an unusual opportunity for early purchasers to secure the new Fall Models at great Concessions.

By advance buying for cash, we have secured these furs at prices notably below height-of-season values, and these price concessions we pass on to you in the remarkable values below. The drop in fur prices coupled with Hudson cash buying gives you this chance to command the best in furs in the market and the best values in Connecticut.

The fur industry has accepted severe losses, far in advance of many other lines, to restore the business to a sound basis—which indicates that fur deflation has reached the bottom.

We are offering marked reductions from our present price levels; therefore, these facts indicate that our August Sale Prices will be lower than will prevail during the coming season.
