Well Bought is Half Sold! This proverb, like all others, is condensed wisdom. The dealer who handles Brown's Quickfire Charcoal has no difficulty in selling it. He has not to apologize or make excuses to his customers, because it pleases them. We give the biggest and best bag of charcoal in New England for the money. The public should not be deceived by those who would foist poor charcoal on them. See that the Black Disc is on the bag.

Evening Democrat WATERBURY, CONN. Issued by THE DEMOCRAT PUBLISHING COMPANY, 77-79 GRAND ST., WATERBURY, CONN. C. Maloney, Editor and Proprietor. MEMBER OF ASSOCIATED PRESS.

Subscription Rates: ONE YEAR, \$10; SIX MONTHS, \$6.25; THREE MONTHS, \$3.75. Delivered by Carrier to any part of City. By Mail to any place in United States. Entered at the Post Office at Waterbury, Conn. as second class matter. FRIDAY, JAN 25, 1907.

The Australian government will shortly raise the standard of kerosene from 73 to 100 degrees, flash point Abel. The kerosene in general use in Australia for many years past has a flash point of about 105 degrees, the fire test being 150 degrees, and the minister of customs contemplates requiring that instead of the cases being marked 150 degrees test, they should be marked 150 degrees fire test, a change which, it is expected, will necessitate the special preparation of cases for the Australian market.

America is going to the extreme in music, so far as financial extravagance is concerned. According to conservative estimates, the people of this country will spend ten million dollars on this form of amusement between November, 1906, and April, 1907. Included in this estimate is only the better class of music, the comic operas, musical comedies and so-called "attractions" of this type not being considered at all, says a writer in Success. America has become music-mad—mad in its desire to hear music that it does not always understand, and musicians whom it does not always value rightly. A musical obsession has taken hold of the people, and, having the necessary money to pay the demands of those wise enough to realize the extent of this new born craze, we are now hearing the best there is in music at Europe's artistic expense. As a matter of fact, there were not twenty really first-class singers and instrumentalists left in Europe on December 1, for the "almighty dollar" is a patent attraction to even so impractical a being as the average musician.

Commissioner Warner estimates that on June 30 next—the new fiscal year begins July 1—there will be 782,700 survivors of the civil war who would be entitled to pensions under the bill which is now being considered. Approximately 675,000 already are on the pension rolls, so that there would be about 107,000 entitled to pensions who do not now receive them. The measure was passed by the senate and provides that every soldier of the civil war who served three months or more and was discharged honorably shall receive, at the age of 62, a pension of \$12 a month; at the age of 70, \$15 a month; and at the age of 75 or over, \$20 a month. Soldiers now on the rolls shall receive the increase without having to consult pension attorneys. The bill also provides a pension of \$20 a month for survivors of the Mexican war. The United States has dealt more generously with the men who fought its battles than any other nation in the world. Since America became a sovereign power it has paid out in pensions to its soldiers the enormous sum of \$3,320,860,022, the civil war soldiers having received about \$144,600,000, more than three billion dollars of the aggregate sum.

HEARD IN PASSING. New Haven road is engaged in a vast consolidation of its many interests and hopes to save money enough to be able to run cars enough on its lines next summer to accommodate at least half its patrons. The more consolidation the better.—Bridgeport Post. The legislative plums on the committees have been handed out by Speaker Tilson. Every legislator didn't get a juicy plum in his basket, but this is not the speaker's fault. He did the best he could. Taken on the whole, the committees are well made up and there should be no cause for kicking.—Rockville Leader. Wealth accumulates slowly and dissipates rapidly. That has been the history of money from the foundation. So don't get alarmed about a few families controlling the gold of the universe. The Shaw incident is an illustration. There will be a rapid decrease when the present murder trial gets fairly underway.—Middletown Press. The anti-vaccination enthusiasts may watch with considerable interest the effect of the inoculation with virus of the inmates of several wards of Bellevue hospital, New York, who were exposed to smallpox, and also the employees. If there is no spread of the disease the anti-vaccinationists will have an opportunity for explanation.—New London Day. The honest, clean-minded reporter does not intentionally misrepresent anybody in what he writes for his newspaper. All newspaper correspondents are charged to tell the truth and nothing but the truth, but they

and human nature very tricky. They see almost every condition and possible situation of which the public should also be acquainted. It is the rarest thing that a newspaper reporter misrepresents any matter of public concern with which he is required to deal. The sins of the reporters are printed; the service they render to the public in writing fairly good English for those who will insist upon public speaking, and of suppressing, as far as possible, the seamy side of life, is never known.—Charleston News and Courier.

Ice Gorge Stretches Forty Miles. GRAND RAPIDS, Mich., Jan. 25.—The ice gorge which has formed here in Grand river now practically extends from a half mile north of this city nearly to Grand Haven, forty miles away. While the water is slowly falling below this city, it is rising hourly above. An ice gorge is now forming above which threatens to flood nearly all the west side, the river streets being under water. Weather Observer Schneider anticipates serious flood conditions for about a week. The river is a solid mass of ice nearly all the way from Grand Rapids to Lake Michigan.

Favor Late Mrs. Tanner's Wish. WASHINGTON, Jan. 25.—The house committee on military affairs has decided to make a favorable report on a bill permitting the wives of enlisted men to be buried in the same grave with their husbands in national cemeteries. This measure was strongly urged for several years by Mrs. Tanner, wife of "Corporal" Tanner, who was killed in an automobile accident last summer. Since her death "Corporal" Tanner has worked earnestly for the measure.

Borax King Weds at Oakland. OAKLAND, Cal., Jan. 25.—Miss Evelyn Ellis, who was for years private secretary to the late Mrs. Mary Smith, became the bride of the departed philanthropist's husband, F. M. Smith, multimillionaire borax king and master of Arbor Villa, a superb home in East Oakland, the scene of the former wife's splendid charities. Mr. and Mrs. Smith later left in a private car for New York.

Ten Skaters Plunge Into Canal. TRENTON, N. J., Jan. 25.—While hundreds of persons were skating on the Delaware canal here last night the ice suddenly gave way in one spot, carrying ten boys into the river. Two were drowned and one is dying from the shock and exposure. The remainder owe their lives to the daring rescuers, who formed a human life line and dragged them out from the icy stream.

Cowboy Kills Half Dozen Mexicans. CHICAGO, Jan. 25.—A dispatch to the Tribune from Douglass, Ariz., says: "In a single handed combat at a Southern Pacific camp eight miles from Montezuma, Sonora, Mexico, Bert Seeley, an Arizona cowboy, shot and killed six Mexicans. He killed three each in two separate fights and escaped."

Train Goes Over Bank at Longdale. PARKERSBURG, W. Va., Jan. 25.—Three men were killed and one so seriously injured that he will die as the result of a freight train running over an embankment at Longdale, near Leart, about sixty miles south of this city, on the Ohio river division of the Baltimore and Ohio railroad.

Battleship Connecticut Slightly Hurt. WASHINGTON, Jan. 25.—The navy department was advised that the battleship Connecticut, which struck bottom while entering Culebra harbor on Jan. 13, suffered only slight damage and that the vessel is now afloat. Balloon Up, Mercury Down. PITTSFIELD, Mass., Jan. 25.—Undeterred by the fact that this was the coldest day of the winter here and, in fact, the coldest in several years, Leo Stevens and Captain T. P. Lovelace made a balloon ascension, as they had previously planned. Thermometers in several parts of the city registered 24 below zero. The air was clear, and there was a fresh west wind.

Trolley Riding Her Hobby. LEXINGTON, Ky., Jan. 25.—Mrs. William Allen, aged sixty years, died suddenly on a street car here. She was a member of a widely known family and had a hobby of riding on street cars. Every morning immediately after rising she boarded a car and rode all day, leaving only for meals.

A FREE X-RAY EXAMINATION!

All Who Apply at the Offices of the Radio-Chemic Physicians on Monday, Wednesday or Saturday will be Given a Thorough Examination with the X-Ray Light, and Consultation and ADVICE FREE.

THREE DAYS FREE. Owing to the large number of patients under the care of the Radio-Chemic Physicians, who take up a large proportion of their time, it has become necessary to limit the days for free X-Ray examination to three a week. Hereafter, those desiring the free service will call on Monday, Wednesday or Saturday only. Remember the days thereby avoiding disappointment.

FOR STOMACH TROUBLE. William C. Odgers is a popular young man living at Union City, Naugatuck, Conn. He says: "My stomach troubled me ever since springtime, and all summer it was bad. My food got sour, forming considerable gas. I lost flesh, for my food did me little good. "Finally I had to give up work, so I went down to the X-Ray Doctors for help. "Now I have no sourness in my stomach, for my food digests and does me good. I gained five pounds the first month I took treatments. (Signed) "WILLIAM C. ODGERS"

MISS BESSIE NOBLE. The portrait is of a winsome young girl living at 150 Grand street, Waterbury. She says: I had catarrh of the head for over two years. I went to the Radio-Chemic Physicians, took their catarrh treatments and remedies, and now the catarrh troubles me but little.

SPECIAL NOTICE THE RADIO-CHEMIC PHYSICIANS ANNOUNCE THAT THEIR CHIEF EXAMINING PHYSICIAN, Dr. Babbitt WILL BE IN WATERBURY ON MONDAY, WEDNESDAY AND SATURDAY OF THIS WEEK, AND WILL GIVE FREE X-RAY EXAMINATIONS TO ALL.

Clean & Bright. THE HOME STEAM LAUNDRY 277 BANK ST A. J. COONEY, Prop. Mr. Lambert of Waterbury. All Remedies had Failed to Cure Him Until he Took the Dr. Richard's Dyspepsia Tablets. If your blood has been impoverished by weakness and headaches from dyspepsia, do not neglect to treat yourself at once with a good tonic and digestant. You will find both in the Dr. Richard's Dyspepsia Tablets. Mr. George E. Lambert of No. 70 South Main street, Waterbury, Conn., says: "I have used Dr. Richard's Dyspepsia Tablets for six weeks and have found them all they are represented to be. I can say with all sincerity and truthfulness that they cured me of a serious stomach trouble, something all other remedies have failed to do. A friend recommended these tablets. I had no faith but went to Apothecaries Hall and got a bottle. I noticed a marked improvement after taking the first bottle. After the second bottle I was entirely cured of all my old complaints and the beauty of it is that the cure has been a permanent one, thanks to Dr. Richard's Dyspepsia Tablets. For sale by all druggists. Better to say "Richard's" twice. Price fifty cents per bottle. Made by Dr. Richard's Dyspepsia Tablet Association, 53 Worth street, New York.
