

A CARD.

The Bowker Fertilizer Company

Is a Massachusetts corporation, organized for the purpose of manufacturing and dealing in fertilizers and fertilizer materials. It is not interested in any other company, nor is any other company interested in it. It buys its own goods, manufactures on its own formulas under the personal supervision of its own officers, conducts its own business without any interference or control by any other company or officers of any other company, all statements to the contrary notwithstanding. All its brands bear the Bowker name as manufacturer. The

STOCKBRIDGE MANURES,

originated by Prof. Levi Stockbridge, of Amherst, Mass., are its leading brands. They are made double the strength of ordinary fertilizers, and farmers will find them the most economical to buy because they go twice as far in the field. The Company, however, manufactures fertilizers of all grades, and farmers who think a lower-priced fertilizer will answer their needs should consult our agents before buying. We use only the best material in either case.

The home office of the Company is located at 43 Chatham Street, Boston, where the responsible officers and managers can be found at any time; and its two factories are located, one at Brighton, Mass., and one at Elizabethport, N.J., which can be visited at any time by interested patrons to see what the Company is doing and what it is using in the way of fertilizer stock. It has a large and growing business among the best farmers, which it has built up and hopes to maintain without pursuing any unusual or unbusiness-like course.

Our specialties are fully described in our catalogue, which will be sent free to any address.

DEATH OF MISS MARY JANE DALY.

After a lingering illness of several weeks Miss Mary Jane Daly, daughter of Denis Daly, died last Saturday morning at 10 o'clock at the nation's age of only 31 years. Miss Daly was a young lady very popular in the home circle and among her friends, of which she had many, and her death, though not entirely unexpected, was a sad blow. The bereaved family have the sympathies of a large circle of acquaintances in their bereavement. The funeral services were held from St. Rose's church on Tuesday of this week at 1 o'clock and were very

KENT.

RUMORS OF WEDDINGS.

There are rumors of one or more spring weddings in the air. Perhaps the interest shown by the press of the country in the wedding of Miss Anna Gould to her titled but insignificant Frenchman, may encourage more of our Kent young people to venture into the state of matrimony. There may not be as much money at the disposal of the Kent young people, but we feel safe in predicting that there is quite as much happiness in the wedding of Miss Anna Gould to her titled nurse as there is in the wedding of Miss Anna Gould to her titled nurse.

A few days may lead to great and startling changes. Mrs. Bine is more comfortable and Mrs. Edward Carter and Miss Meagher.

The last snow arrested the thaw and

improved the roads. March has not manifested much stubbornness thus far, and a duplication of February is not desired. The winter has dragged its slow length along and the vernal equinox will be welcomed, when it can be said the winter of '94 and '95, is ended. The neurological roll, has been large, even among the ranks of the great men, and the communities have been few that were exempt from a visit by the king of terrors.

NEW MILFORD.

FROM THE WHOLE VALLEY.

It is no uncommon sight on a Saturday to find among the customers that throng Robertson's boot and shoe house, New Milford, representatives from nearly every town in the Housatonic valley. It is the great shoe trading center of this valley, and the reputation it enjoys for meritorious goods only and low prices is well deserved.

The Prophet of THE BEE in this watch tower has been dumb for some weeks, but he is not so dumb as he has been lately. He is now beginning to speak and will be in the hands of the editor of THE BEE, and cast out, we are able to resume our prophesying, as followeth, to wit, namely:

The farmers hereabouts, having seen some of the "never known to fail" signs, will soon begin to tickle their land for crops. That many will not heed the lessons of the past and will endeavor to raise as much to-morrow as they can today, is the sad condition of the mind of the farmer of the past. That a word to the wise does not always go to the ears, is also the sad condition of the mind of the farmer of the past.

The above may be continued on and forward in our next; as for village news, the Prophet finds a few items to chronicle.

The social at Mrs. Evelyn Newton's was well attended, considering the condition of the roads.

CORNWALL BRIDGE.

ACCIDENT TO REV. MR. KNELL.

The accident which befell Rev. Alvin P. Knell, pastor of the Methodist Episcopal church in this place on Wednesday, February 27, in Brooklyn, N. Y., got badly "twisted" in the columns of most of the New York City dailies. The New York World was the only paper which gave the facts as they were, that we have seen. We quote from the World as follows: "While Rev. A. P. Knell of Cornwall, Conn., was alighting from car No. 3919, of the Mooker avenue line, yesterday, the trolley pole broke and fell on him, inflicting severe cuts of the face and lips. His injuries were dressed at the Eastern District Hospital." Mr. Knell is recovering and expects to preach to his own congregation, next Sabbath.
